

April 2009

Vol. 1, Issue 2

Welcome to the D'Angelo Law Library newsletter.

Forthcoming Books

The April 2009 Forthcoming Books list is attached.

Chalk: Linking to Law Reviews

It's easy to make a permanent link to a law review article in HeinOnline for posting on a Chalk page. Go to *Law Library > Quick Links > HeinOnline*. Find article you want in HeinOnline. When you are on the first page of your article, you will see an icon on the

upper right that looks like this:  Click on it. The address line of the webpage will change slightly and the page will reload. The address line is now a *persistent URL*, meaning you can copy and paste that URL into a document or your Chalk page and it will always take you to the first page of that article.

The Library is always happy to create these links for you – this is only for those who would like the ability to create them themselves.

BNA for students

In order to acquaint our students with resources they may encounter in practice, the Library has a program of subscribing students in appropriate courses to BNA current awareness newsletters. We will always let you know by email when your class is part of this program.

Thanks!
Margaret
