

HAWK MODEL AEROPLANES

Souvenir from The Air Show
A Century of Progress Exposition
Chicago, Ill., June to November, 1933

BOEING TRANSPORT

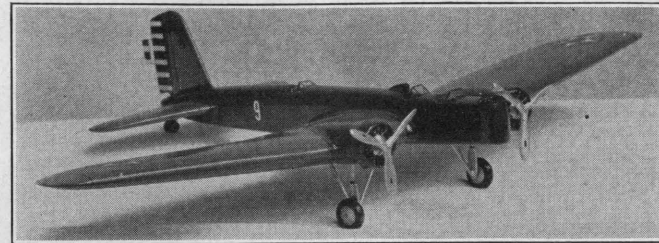

Now you can build the Boeing Transport pictured above, and have an exact $\frac{1}{4}$ inch scale model for \$1.25 Postpaid.

The kit set contains all the wood parts cut to outline shape. Two scale die cast Wasp Motors, two scale die cast three bladed propellers, all ready to mount, and cast wheels. These castings are made of Britannia metal and do not have to be finished up. A full size 18 $\frac{1}{2}$ inch wingspan print, glue, etc. comprise the kit. When you consider that the fuselage, wings, etc. are cut to outline shape and NOT blocks of wood, motors, and propellers are ready for mounting you will realize that we have produced a construction set that is in a class by its self. We guarantee this set to be as stated and know you will be satisfied.

Kits with Balsa or Patternmakers pine wood parts \$1.25 Postpaid.

BOEING BOMBER Y1B-9A

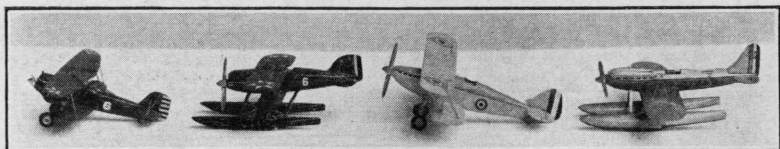

Here is a $\frac{1}{4}$ inch scale model of the U.S. Army's new bomber, that carries several tons of bombs at the speed of a pursuit plane, you can build for only \$1.25 Postpaid.

The kit set contains all the wood parts cut to outline shape from either balsa or pine. Two scale die cast Wasp Motors, two scale die cast propellers, and cast wheels, a full size 18 inch wingspan print, glue, insignia, etc. comprise the set. When you consider that the wood parts are all cut to shape, motors, propellers and wheels are ready to mount, and the size of the plane you no doubt will be astonished at the remarkably low price we offer this kit for—\$1.25 Postpaid.

Be sure and mention balsa or pine wood parts for your set.

BUILD 4 SCALE MODELS for \$1.25

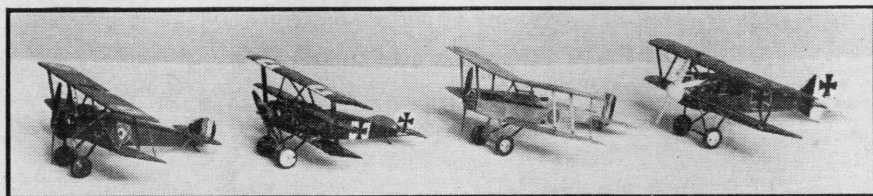

Hawk P-5 Curtiss Racer Hawker Fury Supermarine

All four of the above pictured planes sold in kit form only. The fuselage, wings, stabilizer, rudder, and pontoons are CUT TO SHAPE from balsa, leaving only the hand finishing to the builder. A scale die cast propeller, together with wheels, the necessary insignia, cement, and a full size scale print are also furnished in the kit sets. These construction sets build up into solid wood exact scale models. When completed these scale models represent four of the World's finest aeroplanes. All four of the above kits can be had for \$1.25 Postpaid. Separate kits at 50 Cents each postpaid. Four of one kind or four comprising one or more of these and the balance from the other similar sets shown on this folder can be had for \$1.25 Postpaid.

Remember parts are all cut out and NOT blocks of wood.

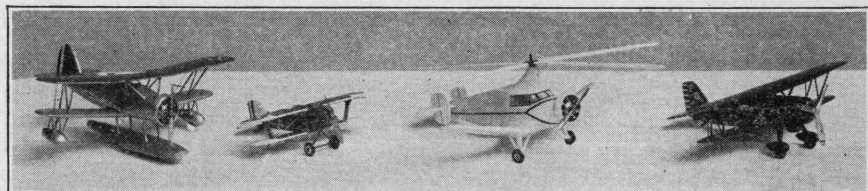

BUILD 4 SCALE MODELS for \$1.25

Camel Fokker S.E. 5A Albatross

Now you can build four of the most famous World War Planes for \$1.25. All wood parts are cut to shape leaving only the hand finishing for the model builder. Each kit set contains all wood parts shaped in balsa, 1/4 inch scale full size print, cement, insignia, and die-cast propeller. You do not have to cut out fuselage, wings, etc. from blocks as you do in other kits of this type. Everything is shaped, and an exact scale propeller is ready for mounting on the finished plane. All four of the above pictured planes can be had in kit form for \$1.25 Postpaid. Individual sets at 50 cents each postpaid. If you desire you can have one or more of these kits and the balance of the four kits from the other sets shown on this folder for \$1.25.

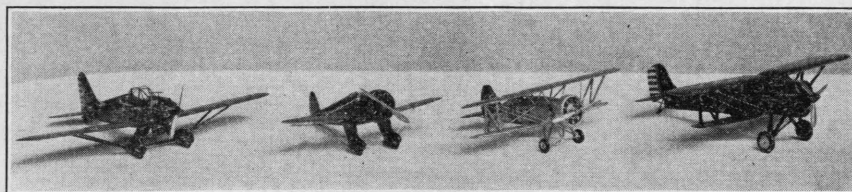

BUILD 4 SCALE MODELS for \$1.25

B/J Seaplane Navy Racer Autogiro Curtiss Hawk P.6 E.

All four of the above pictured planes sold in kit form with fuselage, wings, stabilizer, rudder, and pontoons cut to outline shape. The B/J Seaplane, and the Autogiro are supplied with die cast radial motors and the wood parts are cut from pine only. The Navy Racer and Hawk P.6.E. are supplied with balsa wood parts. A scale die cast propeller, together with wheels, the necessary insignia, cement, and a full size 1/4 inch scale print are included in each kit. These construction sets build up into solid wood scale models 1/4 inch scale. All four of these kits can be had for \$1.25 Postpaid. Separate kits at 50 cents each Postpaid. If you desire one or more of these kits and some of the other kits listed in this folder at the same price, they can be had at the rate of Four for \$1.25 Postpaid.

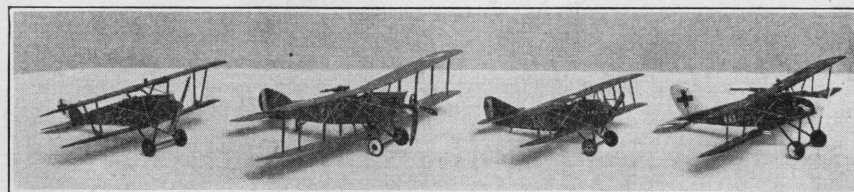

BUILD 4 SCALE MODELS for \$1.25

Curtiss Swift Boeing XP 936 Boeing P-12-F B/J Pursuit

Above are pictured four of the U. S. Army's most modern fighting planes. These can be had in kit form for \$1.25 postpaid. All wood parts are cut to shape, scale die cast propellers, wheels, 1/4 inch scale print, cement and insignia are in each kit. The kits for planes with radial engines come with a scale die cast motor ready for mounting. Wood parts for the Boeing XP-936 and Boeing P-12-F are cut from pine only. The wood parts for the B/J Pursuit and Curtiss Swift are cut from balsa. These sets are not hard to build as all the outline cutting has been done, motors, and propeller are die cast. Completion of the plane is easily accomplished with a pocket knife and sandpaper. All four of the planes can be had in kit form for \$1.25 postpaid. Separate sets at 50 cents each postpaid. If you desire one or more of these planes and some of the other kits listed at the same price they can be had at the rate of Four for \$1.25.

BUILD 4 SCALE MODELS for \$1.25

Pfalz D111 Bristol Fighter Spad 13 Halberstadt

Here are four World War planes you can build for \$1.25. Each plane when completed will be exactly to scale, 1/4 inch to the foot, of the plane it copies. All wood parts as, fuselage, wings, tail and rudder are cut to outline shape from Balsa. This leaves only the hand finishing to the builder. A scale die-cast propeller ready for mounting, cement, full size 1/4 inch scale print, wheels and struts are in each kit. Remember all parts are cut out and NOT blocks of wood as are furnished in the sets selling for less. You also get all the necessary insignia. All four can be had in kit form for \$1.25 Postpaid. Separate kits at 50 Cents each Postpaid. If you desire one or more of these and some of the other kits listed in this folder at the same price they can be had at the rate of four for \$1.25 Postpaid.

1/4 INCH SCALE PRINTS

Sopwith Camel	\$0.05	Fokker Triplane	\$0.05
British S.E.5.A.05	Albatross D11105
Curtiss Hawk P.505	Hawker Fury05
Curtiss Racer R.3.C.105	Supermarine05
Curtiss Swift05	Boeing XP 93605
Boeing P-12-F05	B./J. P-1605
B./J. Navy Seaplane05	Navy Racer R.3.C.205
Pitcairn Autogiro05	Curtiss Hawk P.6.E.05
Bristol Fighter05	Pfalz D11105
Halberstadt C.L.205	Spad 13 C.105
Boeing Transport10	Boeing Bomber Y1B-9A10

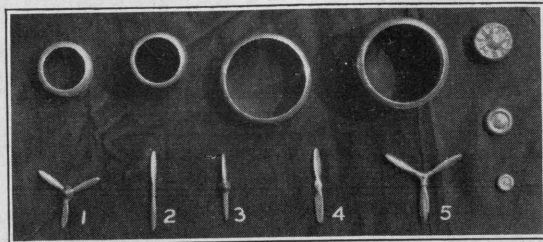

These are all scale outline drawings drawn 1/4 inch to the foot, and show cross sections of wing and fuselage where major changes occur.

A complete set of the plans listed above can be had for \$1.00 Postpaid. Orders for less than 25 cents will not be accepted on these prints.

We have purchased a quantity of official blue prints of the British S.E.5.A. (part of the surplus War materials) and offer these for sale.

There are three sheets bound 27" x 40" with one view on each sheet. These drawings we offer for \$2.00 Postpaid in the U.S.A.
