

# The Phonetic Shield

When you look for the end of the world  
The Crest and thereby the Christ  
Must be considered.

When you consider crest  
You consider the shield

So that if it said "Our God is a sun  
and a shield," so is "Our" God and  
further, it is mathematically proper  
to say "Our God is a sun and a  
crest which is likewise the vibration of  
Christ or phonetic Crest.
