STATEMENT OF MR. JUSTICE CLARK

At the very time that this cornerstone is being laid the Section of Judicial Administration of the American Bar Association is inaugurating from its office across the street techniques that should have a profound effect on the administration of justice in our courts.

- (1) A state trial judge seminar in each state will be held annually at which time methods looking to the solution of the problems of the trial judge will be developed and utilized. Expense thereof will be paid by the Bar and public spirited citizens.
- (2) In the federal system an annual seminar of trial judges will be held at Washington for the same purpose. Each seminar will be limited to 25 judges and the expense thereof will be paid from the admission fees to the Supreme Court of the United States.
- (3) Law schools are being drawn into the task force working on reform in the courts. In fact, the University of Chicago Law School is this year undertaking the servicing of the Section of Judicial Administration.
