I wish you succeeded in your endeavors to procure a declaration of your rights as a landowner. I fear that your efforts to have the records of your land surveyed and appraised by a neutral body to determine the value of your property may have been unsuccessful.

It seems that the value of your land is now assessed at a lower figure than you had hoped. Your land is currently valued at a lower rate than the previous assessors had estimated.

I am concerned about the impact of this assessment on your financial situation. It is important to ensure that your property is valued accurately to avoid unnecessary financial strain.

You have been advised to seek legal advice to explore options for appealing the assessment. It is crucial to understand your rights and to pursue them diligently.

Please keep me informed of the progress of these efforts, and I will be available to offer any assistance you may need.
