I hear from my lady to share some news. She is arrived at the place where she intends to stay for a few days in order to observe the effects of what some fashionable doctors have prescribed. She is very well and wants to return to her home in the spring. She also mentions that she has written to her father in London and that he is expected to arrive soon. The letter is dated April 17, 1595.
Lea of Dollis Heath 17-3-1716
