Widener, Geo.
The regular monthly meeting of the Board of Trustees was held in the Board Room of the University, 122 South Michigan Avenue, on Thursday, January 9, 1909, at 2 p.m.

There were present: Mr. Scott, in the chair, Messrs. Avery, Axelson, Barden, Ball, Benedict, Farnsworth, Folsom, Gentry, Holden, Lindsay, Malair, Park, Quintrell, H. A. Ayerse, Sherrill, Smith, Stevens, Stifler; also Messrs. Maynes, Mitchell, Phipps, Steers, and Woodward.

Messrs. Dicker, Donnelly, Eaton, Hughes, Rosecrans, L. L. Ayerse, Jr., Stuart, and Swift sent word of their inability to be present.

Prayer was offered by Mr. Stifler.

The minutes of the meeting held December 12, 1908, were approved.

The Secretary of the Board presented copies of the minutes of the following meetings of standing committees, copies of the minutes having previously been sent to all members of the Board: Finance and Investment, December 20, 1908, and Buildings and Grounds, December 28, 1908.

It was moved and seconded to receive the minutes and to approve all actions recorded therein, and a vote having been taken, the motion was declared adopted.

The Secretary of the Board reported that the George Herbert Jones Laboratory and the Social Science Building were dedicated on December 16 and 17, 1908.

The Secretary of the Board reported that the Committee on Instruction and Equipment, to whom authority had been given, at its meeting held January 9, 1909, had increased the tuition in the Law School from $100 to $125 per quarter effective at the beginning of the summer quarter, 1909.

Mr. Axelson, Chairman of the Committee on Audit and Securities, reported that a recommendation with regard to revision of the by-laws relating to the Committee on Audit and Securities would be presented later in the meeting by the Business Manager.

Mr. Scott, Chairman of the special committee on Mortuary, reported progress in carrying out the task assigned to it.

The President of the University reported that the following contributions and grants had been received and recommended that they be accepted with a suitable expression of the appreciation of the Board:

From the International Education Board, an appropriation of $750,000 or so much thereof as may be needed for building and equipment and endowment for maintenance of the building for
the Oriental Institute of the University of Chicago." Since an appropriation of $750,000 was made on April 19, 1929, the total amount pledged for the purpose has now been made available.

From the General Education Board, an appropriation of $648,000 for the development of advanced teaching and research in the Physical Sciences. This is pursuant to the action of the General Education Board in 1927, authorizing its Executive Committee to appropriate not exceeding $1,000,000 for the purpose stated. In November, 1928, an appropriation of $390,000 was made, so that the total appropriations thus far amount to $1,038,000.

From Dr. Edward S. Swift, 526,000, for such purpose as shall be designated by Mr. Harold P. Swift.

From Mr. J. M. Hopkins, $10,000 "for money for the University." It is recommended that this contribution be added to the Auxiliary Fund.

From the Petrolecor Laboratories, 556 Lake Shore Drive, $6,000, to be used for the support of an investigation, under the direction of Professor Cullen, of the influence of mineral oils on digestion and nutrition.

From the E. I. du Pont de Nemours and Company, a pledge of $750 for the support of a du Pont Fellowship in Chemistry, for the year 1930-31, with the recommendation that, if feasible, the fellowship be awarded to a student under Dr. Kharasch.

From the Columbia Alumni Club, #500, for a scholarship for one year in the German Department, with the suggestion that it be awarded to Mrs. Eusteinblum-Weis, who is working under Professor Martin Schutze.

From Mr. Arthur T. Geidt, Room 1215, 69 West Washington Street, $200 toward the purchase price of a manuscript roll with minatures for the Department of New Testament.

From Dr. B. C. Brennon, 5316 Normal Avenue, $100 as a contribution to the fund for bringing Professor Walter Starkie, of the University of Dublin, to the University of Chicago as a Visiting Professor.

From Mr. John D. Rockefeller, Jr., through Mr. O. Frenstad, $17,350.70, toward the cost of transportation of materials for exhibition and study in the Oriental Institute.

From Mr. Frank Billings, one hundred $1,000 5 per cent gold bonds of the Memphis Street Railway Company, the income therefrom to be used for the maintenance of four fellowships in Rush Medical College, with the hope that it may induce the alumni of Rush Medical College and others to subscribe funds for the further endowment of medical teaching and research at Rush Medical College." The fellowships are to be designated as follows: (1) The James H. Harrick Fellowship in Medicine, (2) The Ernest L. Jones Fellowship in Medicine, (3) The Edward E. B. Post Fellowship in Medicine, (4) The Edwin A. Sleight Fellowship in Pathology. Mr. Billings desires that no public announcement of this gift be made at the present time.

From Charles H. Swift, 50,000, to be added to his contribution of October 15, 1929, the purpose of which is to be later designated by the donor.
It was moved and seconded to accept the contributions and grants as tendered, and to instruct the Secretary of the Board to extend to the several donors the hearty thanks of the Trustees, and, a vote having been taken, the motion was declared adopted.

It was moved and seconded to approve the allocation of funds received from Dr. Frank Billings to maintenance of four fellowships in Rush Medical College and the designation of these four fellowships as:
1. The James H. Merrick Fellowship in Medicine,
2. The Ernest E. Irons Fellowship in Medicine,
3. The Wilbur E. Post Fellowship in Medicine, and
4. The Edwin A. Loewy Fellowship in Pathology,
and, a vote having been taken, the motion was declared adopted.

The President of the University presented the following recommendations:

The following appointments are recommended:
Robert C. Foellner as Assistant Professor in the Department of Education, without salary, for one year, effective as of January 1, 1950. In this connection, the President wishes to report that in the exercise of the authority granted him at the last meeting, he has made effective, as of the same date, the appointment of Mr. Foellner as Executive Secretary of the Board of Vocational Guidance and Placement.

Henry B. Dewey as Principal of the High School for six months, effective as of January 1, 1950, at a salary of $5,000 for that period. This appointment is made with the understanding that Mr. Dewey's salary will be $6,500 during 1950-51.

Dr. H. Howard Davis, as Assistant Professor of Obstetrics and Gynecology in the Department of Obstetrics and Gynecology, on a four-quarter basis, for three years, beginning July 1, 1950, with an annual salary of $6,000.

Mister Gray Preston, Jr., as Assistant to the President, for one year, effective January 1, 1950, with a salary of $6,000.

The following reappointment is recommended:
Miss Florence M. Smith as Assistant Professor in the Department of Home Economics, for one year, effective January 1, 1950, with a salary of $500, chargeable to the Fourth Quarter budget of the department. Miss Smith holds a concurrent appointment as Chief Dietitian of the University Clinics.

It is recommended that Mr. A.T. Gerard, now Assistant Professor in the Department of Physiology, assigned to special research work under a grant from Mr. Pierre S. DuPont, be promoted to Associate Professor for two years, effective January 1, 1950, without change in salary.
It is recommended that the salary of Mr. Griffith Taylor, Professor in the Department of Geography, be increased from $6,500 to $7,000, effective January 1, 1950. The increase for the balance of the current year is chargeable to the budget appropriation for assistants in the department.

It is recommended that Professor Carl D. Buck of the Department of Comparative Philology, be appointed Martin A. Ayerson Distinguished Service Professor, effective October 1, 1950, and until the Board otherwise directs, with an increase of annual salary from $9,000 to $10,000.

It was moved and seconded to make the appointments, the reappointment, the promotion, the increase in salary and the appointment to the Martin A. Ayerson Distinguished Service Professorship all as recommended, and, a vote having been taken, the motion was declared adopted.

Upon recommendation of the President of the University,

It was moved and seconded to nominate Dr. Rilley P. Radinall as Assistant Attending Ophthalmologist on the staff of the Children's Memorial Hospital, for the year 1950, and, a vote having been taken, the motion was declared adopted.

The President of the University presented the following recommendations:

The following members of the faculties will retire, by operation of the statute, at the close of their present appointment year: Griffith

S. E. Barrett J. J. M. Bowerman

It is recommended that the Board's appreciation of their service to the University be suitably expressed to them by the Secretary.

It is recommended that the following members of the faculties, now eligible to retire, be continued in the service of the University during the year 1950-51:

R. E. Shercy A. S. Slaught

It is recommended that the following members of the faculty, who become eligible to retire at the close of his present appointment year, be continued in the service of the University during the year 1950-51: A. E. Park, Professor in the Department of Sociology.
It was moved and seconded to retire Messrs. S. B. Barrett, J. C. M. Hanson, and W. A. Payne, the expiration of their present appointive year and to instruct the Secretary of the Board to express suitably the appreciation of the Board for their services to the University, and, a vote having been taken, the motion was declared adopted.

It was moved and seconded to approve the continuation of the services for 1930-31 of the following persons eligible to retire: Messrs. Ernst Freund, Shaller Mathews, G. H. Mead, S. H. Moore, Paul Morrey, R. E. Slaight, A. A. Stagg, and E. E. Park, and, a vote having been taken, the motion was declared adopted.

The President of the University presented the following recommendation:

Pursuant to the authority vested in the President, the salary of Professor A. A. Michelson has been continued during the period of his illness in the autumn quarter. It is now recommended that the President be authorized to make such arrangement with Professor Michelson in regard to service and salary during the balance of his appointment year as may be deemed expedient.

It was moved and seconded to authorize the President of the University to make such arrangement with Professor A. A. Michelson in regard to service and salary during the balance of his appointment year, as may be deemed expedient, and, a vote having been taken, the motion was declared adopted.

The President of the University presented the following recommendation:

*Statute 12, Article XVII, section 25, now provides as follows:*

"In case of a large department a secretary shall ordinarily be appointed by the President from the department to aid in the work of administration. For this work he shall receive appropriate compensation." It has for some time been our policy to avoid extra compensation for services rendered by members of the faculty, so far as practicable, and it is recommended that the section of the statute above quoted be amended by deleting the second sentence.

It was moved and seconded to amend Statute 12, Article XVII, Section 25, as recommended, deleting therefrom the words, "For this work he shall receive appropriate compensation," and, a vote having been taken, the motion was declared adopted.

Upon recommendation of the President of the University,
Bo of T

J lU ry

1

1

50

It was moved and seconded to make the following appropriations from the Brownell Special Funds:
$15,000 for the purchase, during the calendar year 1923, of books and periodicals for the University Libraries in fields which urgently need extraordinary support.
$2,500 for the purchase of a collection of foreign newspapers during the World War, particularly needed by the Department of History.

And, a vote having been taken, the motion was declared adopted.

The President of the University presented the following recommendation stating that it had been approved by the Committee on Instruction and Equipment at its meeting held January 9, 1923:

The Board of Trustees of the Behavior Research Fund has proposed an affiliation with the University on terms which may be outlined as follows:

1. The funds of the Behavior Research Fund, now held and thereafter raised, to be turned over to the University as depository and to be disbursed by the University under a budget approved by the Trustees of the Behavior Research Fund.

2. The Board of the Behavior Research Fund to include a minority representation of the University.

3. The Director and Scientific Staff of the Behavior Research Fund to be appointed by the University subject to the approval of the Trustees of the Behavior Research Fund.

4. The Scientific Staff of the Behavior Research Fund to be given appropriate academic rank by the University.

It is understood that of the $250,000 subscribed three years ago, the Behavior Research Fund has on hand about $60,000, together with pledges of about $80,000. It is further understood that the Trustees of the Behavior Research Fund will at once endeavor to secure renewals of the subscriptions to the fund for another five year period, and in case the total of these new pledges falls short of $60,000 per year for that period, will endeavor within a year, to secure the balance.

It is recommended that the proposed affiliation be approved in principle and that the Committee on Instruction and Equipment be authorized in its discretion to approve such agreement in accordance therewith, as may be submitted by the President of the University.

It was moved and seconded to approve in principle the proposed affiliation between the University and the Behavior Research Fund as outlined in the foregoing recommendation, and to authorize the Committee on Instruction and Equipment, in its discretion, to approve such agreement in accordance therewith, as may be submitted by the President of the University, and, a vote having been taken, the motion was declared adopted.
The Business Manager submitted the following report:

Report is made of a bequest to the University of Chicago under the will of Preston G. Temple, whose death occurred in Chicago on December 12, 1929, of her holdings of stock in the 5460 Woodlawn Avenue Building Corporation, together with her interest in a lease of an apartment in said building: said bequest to be used for the purpose of providing a research fellowship in the Graduate School of Psychology, to be known as the "Mrs. Alibard Wood Temple Fellowship."

The report was received and ordered placed on file.

The Business Manager presented the following communication:

At the December, 1929, meeting of the Board of Trustees, the report was made of the gift of $1,500,000 from the General Education Board for the purpose of providing endowment for teaching and research in the School of Education and for building, equipment, and endowment of maintenance.

It is recommended that the Committee on Buildings and Grounds be authorized to select the site, employ architects and engineers, approve plans and let contracts for the building and its equipment within the funds to be made available by appropriation from the above mentioned gift.

It was moved and seconded to authorize the Committee on Buildings and Grounds to select the site, employ architects and engineers, approve plans and let contracts for the building for the School of Education and its equipment, within the funds to be made available by appropriation from the gift of the General Education Board for the purpose, and, a vote having been taken, the motion was declared adopted.

The Business Manager presented the following communication:

At the meeting of the Board of Trustees held December 12, 1929, the recommendation of the Committee on Audit and Securities, that the committee be relieved of the responsibility of making a personal count and examination of securities and that the University continue to have an annual examination of its securities made by a firm of certified public accountants, was approved and the committee was requested to submit at this meeting any revision of the By-laws which might be deemed necessary. Notice was accepted at that time of the intention to amend the By-laws in this particular.

The present provisions of the By-laws relating to the Committee on Audit and Securities are as follows:

"Article VII, Section 7. The Committee on Audit and Securities shall be composed of officers other than members of the Committee on Finance and Investment. It shall cause an annual examination and audit of all accounts of the University, by a responsible audit company, to be begun not later than ten days after the close of the fiscal year and promptly completed."
January 9, 1930

The committee is authorized to appoint the audit company and to determine the amount of its compensation.

"The committee shall also make or cause to be made an examination of all securities and moneys of the University, and shall assure itself that the securities and moneys held by the University are in accordance with the books of account of the University as audited. For the purpose of examination of the securities, access to the safety deposit vaults shall be had in the manner prescribed in Article III, Section 5, of the By-laws.

"The committee shall cause the aforesaid audit, together with a record of its own examination, to be transmitted promptly to the Board. Whenever it shall deem it necessary, the committee may make other examinations of securities and accounts and report thereon to the Board of Trustees."

With the approval of the Chairman of the Committee on Audit and Securities, it is recommended that the last paragraph of Section 7 of the By-laws quoted above be amended to read as follows:

"The committee shall cause the aforesaid audit, together with a report covering the examination of securities and moneys, to be transmitted promptly to the Board. Whenever it shall deem it necessary, the committee may make or cause to be made other examinations of securities and accounts and report thereon to the Board of Trustees."

It was moved and seconded to amend the last paragraph of Section 7 of the By-laws so that it shall read as follows:

"The committee shall cause the aforesaid audit, together with a report covering the examination of securities and moneys, to be transmitted promptly to the Board. Whenever it shall deem it necessary, the committee may make or cause to be made other examinations of securities and accounts and report thereon to the Board of Trustees."

and, a vote having been taken, the motion was declared adopted.

The Business Manager presented the following communication:

At the December, 1929, meeting of the Trustees the sum of $80,000 was appropriated from Rockefeller Final Gift to provide for the cost of remodelling the old power plant building for use as a temporary service building and for equipment of the same. The Comptroller has suggested that funds for this purpose might properly be provided from General Reserve. In view of the heavy demands for funds from Final Gift, it is recommended, therefore, that the appropriation from this fund be cancelled and that a similar sum be made available to the Committee on Buildings and Grounds from General Reserve.

It was moved and seconded to cancel the appropriation of $80,000 from Rockefeller Final Gift for the
purposes of remodelling the old Power Plant Building for use as a temporary service building and the purchase of equipment for it, and to appropriate $35,000 from General Reserve for the same purposes, and a vote having been taken, the motion was declared adopted.

The Business Manager presented the following communication:

The area now occupied by the Business Manager's Office was leased in August, 1939. At that time the manager of the building agreed at the request of the Business Manager to hold adjoining space available for a reasonable time. This arrangement was made for the purpose of avoiding an actual commitment until the need of additional space to provide for normal expansion could be more accurately determined.

During the course of the past three months four additions have been made to the staff and an office has also been provided for Mr. Haynes and an assistant. If the increased volume of business of the office is to be handled in a satisfactory manner further increases in personnel must be made in the immediate future. It appears, therefore, that the time for making a decision on the anticipated need for additional space has arrived.

The exact requirements will be controlled to a large extent by certain questions of organization, and it is, therefore, recommended that this matter be referred to the Committee on Organization of the Business Manager's Office with power to act.

It is further recommended that a sum not to exceed $5,000, be made available to the committee from General Reserve to provide for minor alterations and for additions to furniture and equipment.

It was moved and seconded to refer to the special committee on the organization of the Business Manager's Office, with power to act, the questions of leasing additional space in the Peoples Gas Building for the Business Manager's Office, and to appropriate $5,000 from General Reserve for minor alterations and for additions to furniture and equipment of the Business Manager's Office, and, a vote having been taken, the motion was declared adopted.

Now having been received of the marriage of Mr. Julius Rosenwald and Mrs. Adele Goodkind in Philadelphia on January 8,
Letters of appreciation have been received from Professor C. D. Buck on account of his appointment to the M. A. Hyerstein Distinguished Service Professorship and from Professor Griffith Taylor on account of his increase in salary.

The reports were received and ordered placed on file.

The Secretary of the Board reported that the Committee on Buildings and Grounds, at its meeting held February 13, 1930, had voted to request the Board of Trustees to make an additional appropriation of $8,000 from General Reserve for alterations and equipment of the Kent Laboratory to fit it for its new use following the opening of the George Herbert Jones Laboratory, this appropriation being approved by the President of the University.

It was moved and seconded to appropriate $8,000 from General Reserve for alterations and equipment of the Kent Laboratory, and a vote having been taken, the motion was declared adopted.

Mr. Axelsson, Chairman of the special committee on arrangements for the Trustees’ dinner to the faculty, reported that at the dinner held January 9, 1930, at the Hotel Sherman, more guests were served than in any previous year at a slightly lower total cost than the dinner last year.

The report was received and ordered placed on file.

Mr. Palfenstall reported that the portrait of Mr. Julius Rosenwald had been completed and the comments of those who had seen it were highly commendatory.

It was moved and seconded to refer to the Committee on Buildings and Grounds, with power to act, decision as to the location where Mr. Rosenwald’s portrait should be hung, and a vote having been taken, the motion was declared adopted.

Mr. Shore submitted the following report on behalf of the special committee on University Clinics:

The special committee on University Clinics met on January 23, 1930, the last previous meeting having been on November 22, 1929. During this period operation of the University Clinics has continued satisfactorily and within the budget. An additional division of twenty beds was opened during January, making at present a total bed capacity in the Albert Maitland Clinics Hospital of 188. There remain thirty beds to be opened at a future date. The demand on the part of patients for the services of the Clinics and the income from patients continue to be satisfactory.

Under authority of the special committee on University Clinics, the Director of University Clinics has sent a circular
letter to the administrative officers and members of the facul-
ties of the University for the purposes of interpreting the
Clinics to them, outlining the special consideration automati-
cally extended to them, and inviting comments and criticisms.
The response to this letter has been very gratifying, and a
number of constructive suggestions for improvement have been
received.

The sub-committee appointed by the Chairman to study the
administration of the University Clinics has undertaken its
investigation, and it is expected that a report and recommen-
dations will be submitted in the near future.

The Bobo Roberts Memorial Hospital for Children is ap-
proaching completion and according to present plans,
will be
opened by May 1, 1930. It is planned to have a formal dedication
of this hospital in connection with the June Convocation exer-
cises.

Construction of the new Lying-In Hospital is well under
way and this hospital will presumably be occupied in the spring
of 1931.

It is expected that construction of the new Orthopedic
Hospital will begin shortly and that this hospital will be
ready for operation in 1931.

The campaign conducted by the Provident Hospital and
Training School has been closed with total subscriptions of ap-
proximately $3,200,000 or $200,000 more than the objective.
The financial success of the plan for cooperation with the
Provident Hospital is thus assured, and plans for the new ar-
rangements agreed upon are going forward.

The need for a nurses' home is daily becoming more urgent.

The report was received and ordered placed on file.

The Comptroller presented the following communication:

I beg to submit herewith the results of a survey of the
budget operations under the General Budget Division for the
purpose of disclosing the relationship between the estimated
receipts and expenditures for the year. These estimates are
based upon experience for the first seven months, together
with estimates for the remainder of the year.

For the current year the original estimate
of expenditures in this division was
$5,321,575

In adopting the budget it was estimated that this
amount could be provided by

- recurring income of
- an underwriting of Contingent Reserve of
- appropriations from the following sources:
  - Accumulated Income from Development Fund
  - Rosenwald Fund

By reference to an attached statement, it will be noted
that the revised estimates of income, including the underwriti
and appropriations mentioned, is $5,205,665.

From the same statement it will also be observed that the revised estimate of expenditures is 5,207,125, the excess of expenditures for the year being estimated at $2,460.

The estimates on both sides of the budget are conservatively made and, barring the unexpected, it is confidently hoped that at the end of the year the recurring income will meet the operating expenditures with a surplus.

A study of the sources of income reveals variations in estimates as follows:

<table>

</tbody>
</table>

The expenditures were originally estimated at $5,258,901.

The revised estimate is placed at $5,207,125, a reduction of $41,776 which is accounted for as follows:

<table>
<thead>
<tr>

</tbody>
</table>

The revised estimate of expenditures as compared with the original estimate is largely reduced by reason of resignations; inability to fill positions provided in the budget; new appointments and salary increases dated later than the beginning of the fiscal year; absence of members of the faculties on extra vacation credit, either without substitutes or substitutes at lower rates of compensation; and pari passu reductions in estimated expenditures due to diminution in income for specific purposes.

Generally speaking, the other divisions of the budget can be operated within the estimates except the South Side Medical...
In each of these cases there are funds in reserve to provide for these activities, should the current income prove inadequate. Specific revised estimates of both income and expenditures will be presented at a later meeting.

It is recommended that the revised estimates of expenditures under the General Division of the Budget, as shown on the attached pages, be substituted for the original estimates, and that authority be given to the Comptroller to audit expenditures in accordance therewith.

It was moved and seconded to approve the recommendations of the Comptroller, substituting the revised estimates of expenditures under the General Division of the Budget, as shown in the Comptroller's report, for the original estimates, and authorizing the Comptroller to audit expenditures in accordance therewith, and, a vote having been taken, the motion was declared adopted.

The President of the University presented the following communication with the recommendation that the contribution reported therein be accepted and the Secretary of the Board directed suitably to express the appreciation of the Board:

University of Chicago
110 Wall Street, New York
School of Social Service Administration
January 4, 1920.

Referring to your previous application, we take pleasure in advising you that Messrs. Calvin Coolidge, Alfred E. Smith and Julius Rosenwald, the committee appointed under the provisions of Article Eighth of the Will of Conrad Hubert, to investigate and determine the institutions to receive bequests thereunder, have made their report and their findings have been approved by the Trustees.

You are advised that $250,000, has been voted to you, to be used for the School of Social Service Administration, payable in large part, however, from assets yet to be liquidated and realized upon by the Trustees. This payment is also subject to prior approval by the Court. Consequently the amounts and dates of payments of such bequest cannot be stated with certainty.

You shall communicate with us at a later date, as soon as we have more definite information but meanwhile felt that you should have this note from us.

Bankers Trust Company
(Signed) H.F. Wilson, Jr., Vice-President.
(Signed) C.S. Plante, Trustees under Will of Conrad Hubert.

It was moved and seconded to accept the appropriation of $250,000 voted to the University by the trustees of the estate of Conrad Hubert for the benefit of the School of Social Service Administration, as tendered, and to instruct the Secretary of the Board to extend to the trustees of the

Estates of Conrad Hubert
The President of the University reported the receipt of the following contributions and grants and recommended that they be accepted with a suitable expression of the appreciation of the Board:

From Mr. Charles H. Swift, $29,461 to be added to his contribution of October 18, 1929, the purpose of which was to be later designated by him.

From the Payne Fund of New York City, through its Committee on Educational Research, an appropriation of $4,000 for the continuation of Mr. Herbert Blumer's study of the influence of motion pictures upon delinquency.

From the American Association for Adult Education, $3,500, being part of an appropriation by the Carnegie Corporation for the maintenance of studies in reading interests and habits of adults, with the understanding that a like sum will be appropriated by the University of Chicago. In accordance with this understanding, $1,500, has been allocated to the purpose from the funds of the Library School.

From the Smithsonian Institution, an allotment of $1,500 for the purpose of continuing the archeological survey of Illinois under the direction of the Department of Anthropology, with the understanding that a like sum is available from the funds of the Local Community Research Committee of the University of Chicago.

From Mrs. George R. Nichols, Mr. C. K. G. Billings, and the Knapp Fund, $1,000 each, as contributions to the Medical Library Fund of the University.

From Mr. Henry J. Patten, 111 East Jackson Boulevard, $1,000, as a contribution toward the work of the Oriental Institute's Hittite Expedition in Anatolia.

From Mr. E. A. Cudahy, Sr., and Mr. Michael L. Lowe, contributions of $200 each to the fund for bringing Professor Walter Starkie of the University of Cublin to the University of Chicago as a Visiting Professor.

From Mr. Hiram J. Halle, 111 Broadway, New York City, $400, being his second annual contribution for the purchase of books for the Department of Economics.

From Mrs. Gerald B. Smith, the valuable private library of the late Professor Smith consisting of 466 volumes.

From Mrs. George Langford, of Joliet, Illinois, a valuable collection of archeological materials, together with field notes and photographs.

From Flint Eaton & Company, of Decatur, Illinois, $1,500 for research under the direction of Professor Carlson in the physiology of the coagulation of the blood.
The following pledges to the Alumni Gift Fund have been received: Clarence Y. Sills, $3,000 per year; C. T. B. Goodspeed, $1,000 per year; one pledge of $5,000 from Harold H. Swift; two pledges of $1,000 each from William Scott Bond and Frederick C. Hack; six pledges of $500 each from Dr. Ralph C. Hume, Harold L. Ickes, Bowman C. Lingle, Frank McNair, Albert W. Sherer and St. John. Four pledges of $200 each from Harrison B. Barnard, Harry E. Goddard, William C. Rahn and John F. Woomer. Pledges to the Alumni Gift Fund to February 15, 1930, total twenty-three, amounting in all to $21,900 per year. In addition a cash contribution of $250 has been received from Edwin M. Kerckhoff.

The following contributions have been received toward the purchase of three valuable New Testament manuscripts for the Department of New Testament: Mr. Ainsworth V. Clark, $50; Mr. and Mrs. Paul Trebilcock, $100; Mr. Frank G. Logan, $100; Mr. Arthur T. Galt, $250; Mr. Martin A. Ryerson, $500; and Mrs. John Williams Scott, $650.

It was moved and seconded to accept the gifts, contributions and pledges all as reported, and to instruct the Secretary of the Board to extend to the donors the hearty thanks of the Board, and a vote having been taken, the motion was declared adopted.

The President of the University reported that during the past four months, Mr. Charles H. Swift has made contributions aggregating $105,000 for a purpose to be designated by him. At his request, $50,000 has been transferred from this account to the endowment of the Charles H. Swift Distinguished Service Professorship, which endowment has thereby been increased to $500,000. In the letter requesting this transfer, Mr. Swift says that, "If the University does not need the income of $2,500 from this additional $50,000 in the Charles H. Swift Distinguished Service Professorship Fund at the present time, they may use it for general salary purposes until such time as they need the entire income from the $500,000 fund for the Charles H. Swift Distinguished Service Professorship Fund." The report was received and ordered placed on file.

The President of the University presented the following recommendations:

The following appointments are recommended:

Bishop Francis J. McConnell of the Methodist Episcopal Church as Barrows Lecturer for 1930-31, with an honorarium of $4,000.

Dr. Joseph G. Brenneman as Professor of Pediatrics in the Department of Pediatrics for three years without salary, effective as of January 1, 1930. (For the past nine years Dr. Brenneman has been Chief of Staff at the Children's Memorial Hospital, under nomination by the University, and has lived a
nominal appointment in Pediatrics by action of the Board of Trustees. He is now entering upon a new arrangement with the Children's Memorial Hospital by which he will devote practically his full time to the work of the hospital, including teaching responsibilities on behalf of the University.

W. H. Zachariasen, now of the University of Oslo, as Assistant professor in the Department of Physics, for the Summer, Autumn, and Winter Quarters of 1930-31, with a salary for that period of $6,000. (Mr. Zachariasen's special field is crystal structure; his salary will be provided from the departmental budget, supplemented by the appropriation of the General Education Board for endowment in the physical sciences).

Harry D. Baird as Placement Counselor in the Bureau of Vocational Guidance and Placement for one year with a salary of $2,800, effective as of January 1, 1930.

It is recommended that the salary of Miss Katharine M. Hall, ranking member of the Reference Department of the University Library, be increased from $175 to $185 per month, effective as of January 1, 1930.

It was moved and seconded to make the appointments and the increase in salary, all as recommended, and, a vote having been taken, the motion was declared adopted.

Upon recommendation of the President of the University, the following actions were taken:

It was moved and seconded to make the following nominations to the Children's Memorial Hospital to the medical staff of the hospital for the remainder of the calendar year 1930: Dr. Huben Nomland, Assistant Attending Dermatologist, Dr. Louis D. Schultz, Assistant Attending Oral Surgeon, and Dr. M. T. Lampert, Assistant Attending Otolaryngologist, and, a vote having been taken, the motion was declared adopted.

It was moved and seconded to transfer Professor James H. Breasted, recently appointed to the Charles H. Swift Distinguished Service Professorship, to the Ernest D. Burton Distinguished Service Professorship, and to appoint Professor Arthur H. Compton to the Charles H. Swift Professorship, both appointments effective from this date and without change in salary, and, a vote having been taken, the motion was declared adopted.

It was moved and seconded to make the following appropriations from the Rosenwald Special Fund: $12,500 for special equipment in the George Herbert James Laboratory of Chemistry, chiefly for use by members of the Chemistry Faculty (1929) toward the purchase of three valuable New Testament manuscripts
for the Department of New Testament; (the manuscripts will cost $6,000, and Professor Godspeed has obtained the balance from outside contributors) $600 for the support of special research work in photometric photometry at the Yerkes Observatory by Professor Joel Stebbins of the University of Wisconsin, during the spring quarter, 1950, and, a vote having been taken, the motion was declared adopted.

It was moved and seconded to appropriate $600 from accumulated Medical School income for special alterations in the Outpatient Department of the University Clinics, and, a vote having been taken, the motion was declared adopted.

It was moved and seconded to appropriate $4,500 from the Reserve of the School of Social Service Administration of which $2,000 is for carrying on a special study of dependent negro children and $2,500 for certain expenditures in connection with Medical Social Service, and, a vote having been taken, the motion was declared adopted.

It was moved and seconded to increase tuition fees for graduate students in University College from $25 per major to $50 per major, effective at the beginning of the academic year 1950-51, and, a vote having been taken, the motion was declared adopted.

The President of the University presented the following report and recommendation:

By operation of the Statute, James H. Tufts, Professor in the Department of Philosophy, will retire on June 30, 1950, the close of his present appointment year. He has agreed, however, to accept a special appointment for one-half time service for the year 1950-51, with a salary of $4,000. It is recommended that the appointment be made for 1950-51, and that the Secretary be directed suitably to express the Board's appreciation of Mr. Tufts' long and distinguished service in the University and its satisfaction in learning that he will continue on a part-time basis during the coming year.

It was moved and seconded to retire James H. Tufts at the close of his present appointment year, June 30, 1950, and to appoint him on a special basis to give one-half time service for one year from July 1, 1950, at a salary of $4,000; also to instruct the Secretary of the Board to express to Mr. Tufts the Board's appreciation of his long and distinguished service in the University and its satisfaction in learning that he will continue on a part-time basis during the coming year. A vote having been taken, the motion was declared adopted.
The President of the University presented the following report and recommendation:

Statute 17 provides a retiring allowance for "any person in the service of the University and sixty-five years of age who holds the position of President of the University...or University Examiner, and who has been for a period of fifteen years in the service of the University, in a rank not lower than Assistant Professor." It seems clear that the intention was to provide an allowance for the University Examiner, although he has never had an academic rank. The basis for computing his retiring allowance is also difficult to ascertain from a reading of the Statute. He has held the position of University Examiner for nineteen years, but has been an administrative officer of the University for thirty-four years. If his allowance is computed on the basis of nineteen years of service, it amounts to $2,760 annually. If computed on the basis of thirty-four years of service, it reaches the maximum of $3,000.

It is recommended that Mr. Payne be granted a retiring allowance of $3,000 per year.

It was moved and seconded to grant a retiring allowance of $3,000 per year to W. A. Payne retiring June 30, 1930, from the position of University Recorder and Examiner, and, a vote having been taken, the motion was declared adopted.

The President of the University presented the following recommendations:

Mr. E. T. Filbey and Mr. Robert C. Woellner by virtue of academic appointments have participated in the Contributory Retiring Allowance Plan of the University. Both of them have recently been appointed to administrative positions, and it is desirable that they do not lose their retiring allowance status. Paragraph 10 of Statute 18 provides that "Nothing in this Statute shall preclude the Board of Trustees from including in the provisions of this Statute other persons in its employ than those described therein." It is recommended that Mr. Filbey, now an Assistant to the President, and Mr. Woellner, now Executive Secretary of the Board of Vocational Guidance and Placement, be included in the provisions of the Statute while occupying their present posts.

It was moved and seconded to authorize the continuance of the benefits of the Contributory Retiring Allowance Plan of the University to Messrs. E. T. Filbey and R. C. Woellner while occupying their present posts of administration, and, a vote having been taken, the motion was declared adopted.

The President of the University submitted the following report:
Pursuant to authority given by the Board, the Committee on Instruction and Equipment has made the following appointment:

Dr. Frederic W. Schlutz, now of the University of Minnesota, as Professor of Pediatrics and Chairman of the Department of Pediatrics, in the Graduate School of Medicine of the Ogden Graduate School of Science, from January 15, 1930, to June 30, 1953, with salary at the rate of $7,800 per annum from January 15, 1950, until notice is received that his salary from the University of Minnesota has ceased and thereafter at the rate of $15,000 per annum on a four quarter basis. It is understood that, in case a decision is reached at any time before the expiration of this appointment that Dr. Schlutz is not to be offered an indeterminate appointment, he will be notified to that effect and then have the privilege of resigning at his discretion, with a guarantee that his salary will be continued for one year from the date on which his service actually ceases. It is furthermore understood that the date for computing his vacation allowance and contributory retiring allowance will be the date on which he reports for full time service at the University.

It is requested that no publicity be given to the fact that Dr. Schlutz's appointment is for a limited period.

The report was received and ordered placed on file.

The President of the University submitted the following report:

On May 1, 1928, the University Senate adopted the following resolutions:

1. That the University of Chicago should engage in the education of nurses in connection with the development of the University Medical Schools and hospital. The training should be of a high type, and designed to constitute an education for administrative work in hospitals, teaching in nurses' schools, and activities in public health service.

2. That the curriculum should be conducted in a School of the University, admission to which should be granted only upon satisfactory completion of two years of regular junior college work, and should consist of three years of work given in the University, the University hospital, and affiliated institutions. The work should be of a character consistent with existing standards for a bachelor's degree, and a bachelor's degree and a certificate in nursing should be granted upon completion thereof.

3. That the School should also provide instruction for graduate nurses who seek special education for administrative work in hospitals, teaching in nurses' schools, and activities in public health service.

On June 10, 1929, this Board authorized the execution of a contract with the Illinois Training School for Nurses, by the terms of which the Training School agreed to transfer all of its properties to the University on or before December 1, 1929, and the University agreed to establish a School of Nursing. This contract was duly executed, and it is expected that the School of Nursing, established
properties of the Training School will soon be turned over to the University.

Upon recommendation of the President of the University,

It was moved and seconded to establish a School of Nursing by amending the Statutes of the University as follows:

1. Statute 5.a., amended by adding to the list of Schools, "the School of Nursing."
2. Statute 10 amended by inserting the words "and the School of Nursing" after the words "Rush Post-Graduate School of Medicine."
3. Statute 15, Article I, amended by inserting the words "The Faculty of the School of Nursing" after the words "The Dean of the Graduate Library School."
4. Statute 15, Article v, section 1.c., amended by inserting the words "the Dean of the School of Nursing" after the words "the Dean of the Graduate Library School."
5. Statute 15 further amended by the addition of the following Articles:

   Article XIII. The Faculty of the School of Nursing
   
   Section 1. Constitution. The Faculty shall consist of:
   a) The President.
   b) The Vice-President and Dean of Faculties.
   c) The Dean of the School.
   d) The officers of instruction in the School of Nursing as defined under Art. II, sec. 1.a.

   Section 2. Jurisdiction and Powers. The Faculty shall have control of the work of the School of Nursing with the jurisdiction and powers defined in Art. II, secs. 2 and 3. It may recommend its students to the Graduate Faculty for admission to candidacy for the degree of A.M. and for that degree. It may also recommend its students for a Certificate in Nursing.

6. Statute 15 further amended by changing the numbers of Articles XIII, XIV, XV, XVI, XVII and XVIII to XIV, XV, XVI, XVII, XVIII and XIX respectively.

7. Statute 18 amended by inserting in paragraph (5)h) the words "School of Nursing" after the words "School of Social Service Administration."

and, a vote having been taken, the motion was declared adopted.

Upon recommendation of the President of the University, and
with the approval of the special committee on University Clinics,

It was moved and seconded to adopt the following plan for the administration of the Clinics:

1. The special committee on the University of Chicago Clinics shall be continued, as at present constituted, and shall be a committee for the consideration and formulation of policies. It shall have the power, in cooperation with the officers of affiliated hospitals, to set up a Coordinating Committee, consisting of representatives of such affiliated hospitals, as well as of representatives of Clinics operated by the University, for the purpose of coordinating the policies and activities of the entire group.

2. There shall be an Administrative Committee of the University of Chicago Clinics, consisting of the President, the Dean of Faculties, the Business Manager, the Secretary of the Board of Trustees, the Controller, and the Director of the University of Chicago Clinics, whose duty shall be to act upon such administrative matters in connection with the Clinics and the Clinical Departments of the Medical School as may be required for their successful operation.

3. The Committee on Expenditures shall function for the Clinics as for other divisions of the University with the understanding that the Director of the Clinics, as assistant to the President in medical affairs, may represent the President in relation to expenditures in the Clinics and Clinical Departments of the Medical School.

and, a vote having been taken, the motion was declared adopted.

The Vice-President and Business Manager submitted the following reports:

At the request of Mr. Axelson, Chairman of the Committee on Audit and Securities, I beg to report that an audit recently completed by Arthur Young and Company covering the securities of the University on deposit December 31, 1929, with the Northern Trust Company, as custodian, corresponds in all respects with the records of the University with reference to such securities.

It will be recalled that the Committee on Audit and Securities recently recommended that reports of certified public accountants of this character be accepted in lieu of a physical examination of the securities by members of the committee, and notice was accepted at the December, 1929, meeting of the Board of the intention to amend the by-laws to permit of
The question as to the legal responsibility of the trust company for the custody of the securities so held is under consideration with the officers of the bank and it is expected that a satisfactory form of amendment to the By-laws can be submitted for action at an early meeting of the Board.

At the request of Mr. Bond, Chairman of the special committee on the Organization of the Business Manager's Office, I beg to present the following report on actions taken by the committee at a meeting held on January 30, 1950:

At the January meeting, the Board voted, "to refer to the special committee on the Organization of the Business Manager's Office, with power to act, the questions of leasing additional space in the People's Gas Building for the Business Manager's office and to appropriate $2,000 from General Reserve for minor alterations and for additions to furniture and equipment."

It will be recalled that the additional space was required to permit necessary additions to staff to handle the increased volume of work in the office of the Business Manager and to provide office space for Mr. Haynes and an assistant. The committee has reviewed in detail the work of the Business Manager's office and, as a result of such study, voted to authorize the Business Manager:

1. To lease additional space at an annual rental not to exceed $4,140 for the period ending September 30, 1959, with the same privileges of cancellation as contained in the present lease.
2. To make the necessary alterations and purchases of furnishings and equipment, not to exceed $2,050, on the understanding that expenditures in excess of the sum appropriated from General Reserve will be provided for in the office budget or by an additional appropriation.

The reports were received and ordered placed on file.

The Business Manager presented the following communication:

On June 9, 1927, there was reported to this Board an appropriation by the General Education Board in the sum of $1,000,000 for the endowment of the University's Department of Obstetrics and Gynecology, including teaching and research in the Chicago Lying-In Hospital and Dispensary.

The pledge of the General Education Board is as follows:

Whereas, The University of Chicago, located at Chicago, in the State of Illinois (hereinafter referred to as the "University"), has entered into a contract with the Chicago Lying-In Hospital and Dispensary which provides (1) that the Trustees of the Lying-In Hospital shall construct and equip a hospital on the University campus and provide for its support; (2) that the University shall provide the funds required for clinical teaching and research in said hospital; and (3) that the professional and educational control in said...
hospitals shall be vested in the University; and

Whereas, The University has formally requested the
General Education Board (hereinafter referred to as the
"Board") for a contribution of One Million Dollars
($1,000,000) for endowment to enable it to carry out its
agreement with the Chicago Lying-In Hospital and Dispensary;

Therefore, in consideration of the compliance by the
University with the terms of this agreement, the Board hereby
pledges to the University the sum of
One Million
Dollars
($1,000,000)
or so much thereof as may be required for
endowment of its Department of Obstetrics and Gynecology,
including teaching and research in the Chicago Lying-In Hospital
and Dispensary.

It is understood that if at any time the University
shall decide that the purpose stated in this agreement does
not require all or part of the income from the endowment
contemplated herein, the University shall be free to use
such part or parts thereof as is not required, for
other purposes of the University; except that no part of the
income from the fund so contributed by the Board shall be
used for specifically theological instruction.

Within ninety days after the receipt by the Board of a
copy of this pledge duly accepted by the Trustees of the Uni-
versity, the Board will pay its pledge, as needed,
1. In cash;
or
2. In securities at their market value on or at as nearly
as possible the time of payment; or
3. Partly in cash and partly in securities at their
market value on or at as nearly as possible the time of payment;
or
4. The Board will reserve the right to defer payment of any
and all sums due for a period of ten (10) years from the
due date thereof. Interest at the rate of 5 per cent (5)
per annum shall be paid semi-annually in cash on all sums the
payment of which has been deferred. The Board shall have the
privilege at any time of anticipating the payment of any and
all such deferred sums in cash and/or securities as aforesaid,
within sixty days' notice of its intention to anticipate payment to
be given by the Board to the pledgee.

Provided that, if this pledge be not accepted by the
University by or before March 15, 1930, the pledge of the
Board herein made shall be and become
null and void.

The University, by the acceptance of this pledge, agrees
to comply with the conditions above set forth on which this
pledge is made and on which the payments under it are to be made.

This pledge is executed pursuant to resolutions adopted
by the Board February 30, and May 9, 1930, and November 21,
1930.

In Witness Whereof, the Board has caused this pledge to be
signed and sealed hereunto by its duly authorized
executive officers this 15th day of February, 1930.

Attest: H.T. Brierley
Secretary
President

It is recommended that the accompanying resolution be
adopted.
It was moved and seconded to adopt the following resolution:

Be it resolved that the foregoing conditional pledge of the General Education Board, No. M-56, dated January 8, 1930, is hereby accepted by the Board of Trustees of The University of Chicago, located at Chicago, in the State of Illinois, and said Board of Trustees covenants and agrees that if the terms of the pledge are complied with and the money paid by the General Education Board, it will faithfully perform the covenants on behalf of said institution contained in this pledge.

and, a vote having been taken, the motion was declared adopted.

The Business Manager presented the following communication:

The attached form of agreement has been presented by the General Education Board for approval by this Board in connection with the General Education Board's appropriation to the University of $500,000 for endowment of the Division of Orthopedics in the Department of Surgery which appropriation was reported to the Board of Trustees on December 10, 1928.

It is recommended that the Board authorize its officers to execute an agreement substantially in this form and that the accompanying resolution be adopted in this connection.

Agreement General Education Board and The Board of Trustees of The University of Chicago

Whereas, The Board of Trustees of the University of Chicago, located at Chicago, in the State of Illinois (hereinafter referred to as the "University"), has submitted a formal request to the General Education Board (hereinafter referred to as the "Board") for an appropriation of Five Hundred Thousand Dollars ($500,000) for endowment for the Division of Orthopedics in the Department of Surgery, and

Whereas, The University has secured Six Hundred Thousand Dollars ($600,000) for construction and equipment of a hospital for orthopedic surgery and has entered into contracts with the Home for Crippled Children and the Country Home for Convalescent Children which provide that the professional work to be carried on in these institutions will be conducted under the direction of the Division of Orthopedics of the University, as set forth in correspondence;

Therefore, in consideration of the intention of the University to comply with the terms of this agreement, the Board hereby pledges to the University a sum not to exceed Five Hundred Thousand Dollars ($500,000) for endowment for the Division of Orthopedics in the Department of Surgery at the request of
It is understood that if at any time the University shall decide that said Division of Orthopedics does not require all or any part of the income from the endowment herein pledged, the University shall be free to use the income or such part thereof as is not required, for other purposes of the University; except that no part of the income shall be used for specifically theological instruction.

Within ninety days after the receipt by the Board of a copy of this pledge, duly accepted by the University, the Board will pay its pledge:

1. in cash; or
2. in securities at their market value on or at as nearly as possible the time of payment; or
3. partly in cash and partly in securities at their market value on or at as nearly as possible the time of payment; or
4. the Board will reserve the right to defer payment of any and all sums due for a period of ten (10) years from the due date thereof. Interest at the rate of five per cent (5%) per annum shall be paid semi-annually in cash on all sums of which payment has been deferred. The Board shall have the privilege at any time of anticipating the payment of any and all such deferred sums in cash and/or securities, as aforesaid, thirty days' notice of its intention to anticipate payment to be given by the Board to the pledgee;

Provided, that if this pledge be not accepted by the University by or before July 1, 1950, the pledge of the Board herein made shall be and become null and void.

The University, by the acceptance of this pledge, agrees to comply with the conditions above set forth on which this pledge is made and on which the payments under it are to be made.

This pledge is executed pursuant to a resolution adopted by the Board on the 3rd day of November, 1928.

In Witness Whereof, the Board has caused this pledge to be signed and its seal hereunto affixed by its duly authorized executive officers this day of

General Education Board

Attest:

Secretary

It was moved and seconded to authorize the proper officers of the Board to execute an agreement with the General Education Board substantially in accordance with the foregoing form, and to adopt the following resolution:

Be It Resolved That the attached conditional pledge of the General Education Board is hereby accepted by the Board of Trustees of the University of Chicago, located at Chicago, in the State of Illinois; and said Board of Trustees covenants and agrees that if the terms of the pledge are complied with and the money paid by the General Education Board,
it will faithfully perform the covenants on behalf of said institution contained in this pledge.

and, a vote having been taken, the motion was declared adopted.

In connection with the probable appointment of Mr. Charles Evans Hughes as Chief Justice of the Supreme Court of the United States,

It was moved and seconded to instruct the Secretary of the Board to convey to Mr. Hughes the congratulations of the Board on his appointment to this distinguished office, when it has been officially confirmed, and, a vote having been taken, the motion was declared adopted.

Adjourned.

C.E. Hughes
Secretary.
MINUTES OF THE BOARD OF TRUSTEES
February 28, 1930

A special meeting of the Board of Trustees called for purposes as follows: (1) To consider and take action upon a proposal that the University participate in the purchase of tax warrants under a plan known as the "Cook County Tax-Payers' Warrant Trust"; (2) to consider and take action upon a request for an appropriation from available funds to cover commitments required in connection with the operation of D'Youville Memorial Hospital pending adoption of the budget; (3) to take appropriate action with reference to formal acceptance of a partial payment of a certain appropriation of the General Education Board; (4) to consider and take action upon proposed applications to the General Education Board and the Rockefeller Foundation for new appropriations; and (5) to consider and perhaps take action upon a proposed plan for revision of the denominational qualification for membership on the Board of Trustees, was held in the Board Room, 112 South Michigan Avenue, on Friday, February 28, 1930, at 5:30 p.m.

There were present: Mr. Bond, in the chair, Messrs. Axelson, Barnard, Fairweather, Fulmer, Kohler, Post, E. L. Ayer, Jr., Sherer, Stevens, and Stifler; also Messrs. Haynes, Hutchins, Plimpton, Steere, and Woodward.

Messrs. Avery, Bell, Dickson, Domalay, Eaton, Holden, Jennings, Lindsay, Snell, Alexander, Scott, Shull, Smith, and Swift sent word of their inability to be present.

Prayer was offered by Mr. Stifler.

The Business Manager presented the following recommendation of the Committee on Finance and Investment, and reported that counsel had approved the proposed procedure:

That, subject to approval by counsel, the Board of Trustees be requested to approve the investment of a sum not to exceed $100,000 from the Auxiliary Fund in a certificate of participation in that amount to be issued by the Cook County Tax-Payers' Warrant Trust.

It was moved and seconded to concur in the recommendation of the committee on Finance and Investment and to approve the investment of $100,000 from the Auxiliary Fund in a certificate of participation in that amount to be issued by the Cook County Tax-Payers' Warrant Trust; also to authorize the committee on Finance and Investment to invest an additional amount not to exceed $100,000 from funds of the University in a similar certificate if in the judgment of the committee it shall be deemed wise to do so, and, a vote having been taken, the motion was declared adopted.

The President of the University presented the following communication:
The construction work of the Bobs Roberts Memorial Hospital for Children will be finished on March 1 and by May 1 Dr. McLean expects to have his staff installed, ready to receive patients. The recent appointment of the pediatrician makes it desirable to proceed at this time with the organization of the staff and with preparations for opening the hospital in operation. Pending the presentation of a formal budget it is recommended that a sum of not to exceed $40,000 be appropriated from the available balance of $90,000 from special gifts received for this purpose to cover interim commitments to be approved by the President.

It was moved and seconded, pending the presentation of a formal budget, to appropriate not to exceed $40,000 from the available balance of $90,000 from special gifts received for this purpose to cover interim commitments to be approved by the President for placing the Bobs Roberts Hospital for Children in operation, and, a vote having been taken, the motion was declared adopted.

The Business Manager presented the following communication:

I desire to report the receipt of the following letter dated February 14, 1930, from the General Education Board to President Hutchins:

President Robert M. Hutchins February 14, 1930
University of Chicago

At a meeting of the Executive Committee held February 10, 1930, the officers presented your letter of February 4, requesting the allocation of the remainder of the Board's appropriation, namely, $254,000 to be used chiefly for endowment of additional research men in the fields of the x-ray and crystal structure in the Department of Physics, with the understanding that a small part may be used in the Department of Astronomy.

I desire to inform you that the committee authorized the executive officers in their discretion to commit the Board to an appropriation to the University of Chicago of a sum not to exceed $254,000 for this purpose, thus completing the appropriation of $1,200,000 voted by the General Education Board at its meeting on May 24, 1929, for endowment for advanced teaching and research in the physical sciences.

In accordance with previous allocations, the present appropriation was made with the understanding that if at any time the University shall desire that the purpose stated in this letter does not require all or any part of the income from the endowment herein contemplated, the University shall be free to use the income, or such part thereof as is not required, for other purposes of the University, except that no part of the income from the fund so contributed by the Board shall be used for specifically theological instruction. Within ninety days after the Board shall have received formal certification of the acceptance by the University of...
the appropriation herein contemplated, the Board will pay its pledge:
1. In cash; or
2. In securities at their market value on or at as nearly as possible the time of payment; or
3. Partly in cash and partly in securities at their market value on or as nearly as possible the time of payment; or
4. The Board will reserve the right to defer payment of any and all sums due for a period of ten years from the due date thereof. Interest at the rate of five per cent (5%) per annum shall be paid semi-annually in cash on all sums the payment of which has been deferred. The Board shall have the privileges at any time of anticipating the payment of any and all such deferred sums in cash and/or securities as aforesaid, thirty days' notice of its intention to anticipate payment to be given by the Board to the University.

If the pledge herein provided is not accepted by the Board of Trustees of the University of Chicago by or before June 30, 1950, the pledge of the Board shall become null and void.

When notifying me of the acceptance, will you kindly indicate when you wish a part or the whole of the sum herein allocated made available? (Signed) W. W. Brierley.

It is recommended that the Board accept this appropriation of $254,000 in accordance with its terms and authorize the Secretary to certify to such acceptance.

It is also recommended that the Business Manager be authorized to forward such certification to the General Education Board with an indication that the University would be pleased to have the whole sum thus allocated made available as soon as may be convenient.

It was moved and seconded to accept the appropriation of $254,000 to be used chiefly for endowment of additional research men in the fields of x-ray and crystal structure in the Department of Physics, in accordance with the terms of the letter of February 14, 1950, from Mr. W. W. Brierley to President Hutchins, and to authorize the Business Manager to forward to the General Education Board the certificate of the Secretary of the Board, indicating that the University would be pleased to have the whole sum thus allocated made available as soon as may be convenient, and, a vote having been taken, the motion was declared adopted.

The President of the University discussed the future plans of the University setting forth a plan for its development in three stages. He indicated that funds will be needed.
1 of this program as shown in the following statement, and requested authority to make application to the General Education Board for an appropriation of $2,500,000, and to make application to the Rockefeller Foundation for an appropriation of $4,500,000 towards the total amount required:

University's Development under Stage 1

It was moved and seconded to approve Stage 1 of the development program for the University as set forth in the foregoing recommendation, and to authorize the President of the University to make application to the General Education Board for an appropriation of $2,500,000, and to make application to the Rockefeller Foundation for an appropriation of $4,500,000 towards the total amount required, and, a vote having been taken, the motion was declared adopted.
Mr. Sherer reported that informal discussions had taken place among the Baptist members of the Board of Trustees with respect to a proposed plan for revision of the denominational qualifications for membership on the Board. Upon the recommendation of this group, as reported by Mr. Sherer,

It was moved and seconded to adopt the following resolutions:

Resolved, that the University of Chicago communicate with the Board of Education of the Northern Baptist Convention asking if it would be agreeable to that Board to appoint a committee to confer with a similar committee of the University of Chicago on the matter of the relations of the Baptist denomination to the University.

Resolved, that in case the Board of Education of the Northern Baptist Convention agrees on the advisability of appointing such a committee that the President of the Board of the University of Chicago be authorized to appoint a committee of conference from this Board; and, a vote having been taken, the motion was declared adopted.
The regular monthly meeting of the Board of Trustees was held in the Board Room of the University, 364 South Michigan Avenue, on Thursday, March 13, 1950, at 2 p.m.

There were present: Mr. Bond, in the chair, Messrs. Axelsson, Barnard, Bell, Patrowther, Palmer, Holden, Joninka, Lindsay, Melius, Pera, Quaintall, E. L. Wyerson, Jr., Sherer, and Shull; also Messrs. Haynes, Hutchins, Plimpton, Steere, and Voelwood.

Messrs. Dickerson, Donnelly, Eaton, Gear, Gray, Spoonwald, N. A. Hyerson, Scott, Smith, and Swift sent word of their inability to be present.

Prayer was offered by Mr. Shull.

The minutes of meeting held February 15, 1950, and special meeting held February 28, 1950, were approved.

The Secretary of the Board presented copies of the minutes of the following meetings of standing committees, copies of the minutes having previously been sent to all members of the Board: Committee on Buildings and Grounds, February 11, 1950, Committee on Development, February 25, 1950, Committee on Finance and Investment, February 26, and 28, 1950.

It was moved and seconded to receive the minutes and approve all actions recorded therein, and, a vote having been taken, the motion was declared adopted.

The Secretary of the Board submitted the following reports:

The President of the Board had appointed Mr. Albert W. Sherer a temporary member of the Committee on Finance and Investment during Mr. Holden's absence.

Ground was broken on February 19, 1950, for the Gertrude Dunn Hicks and Nancy Adele McElwain Memorials.

The reports were received and ordered placed on file.

The Secretary of the Board reported that the Administrative Committee of the University Clinics had approved the setting up of a combined shop for the Medical School departments in the basement of the John A. McWane Memorial Hospital, subject to the Board of Trustees that an appropriation of not to exceed $15,000 be made from Accumulated Medical School Income as an addition to the appropriation for opening up new units in the Medical School, for the purchase of equipment and for such provisions as may be necessary in the construction of the building for this purpose, to be expended by the Business Manager.
It was moved and seconded to appropriate not to exceed $13,500 from Accumulated Medical School Income as an addition to the appropriation for opening up new units in the Medical School; for the purchase of equipment for a combined shop for the Medical School Departments in the basement of the Bobst student hospital and for such provisions as may be necessary to the construction of the building for the purpose, and, a vote having been taken, the motion was declared adopted.

The Secretary of the Board reported that the Administrative Committee of the University Clinics, at its meeting held March 5, 1930, had voted to recommend to the Board of Trustees that an appropriation of $5,575 be made from Accumulated Medical School Income to cover expense involved in transferring a part of the Clinics electric load from direct current to alternating current.

It was moved and seconded to appropriate $5,575 from Accumulated Medical School Income to cover expense involved in transferring a part of the Clinics electric load from direct current to alternating current, and, a vote having been taken, the motion was declared adopted.

The Secretary of the Board presented the following list of candidates for certificates and degrees:

Board of Trustees
Murch 13, 1930

It was moved and seconded to confer the certificates and degrees upon the candidates named, provided they conform to all conditions, and, a vote having been taken, the motion was declared adopted.

Mr. E. L. Halsey, Jr., Vice-Chairman of the Committee on Development, submitted the following report on behalf of that committee:

Urgency of the Nurses Home Project:
This is the most immediately urgent financial problem of the University. Hence, the Development Committee has been devoting most of its time to attempting to secure funds for this building. With the opening up of the Rush Robert Children's Hospital about July 1, 1950, and the completion of the Lying-In and Orthopedic units, the University will have the problem of housing 500 nurses early in 1951. By the contracts with the Lying-In and Orthopedic Hospitals, the University is obligated to provide housing for their nurses, although these units are to pay their part of the operating costs of the Nurses Home.

What the Development Committee has done to date:
A request to provide the remaining $500,000 necessary to assure the building has been presented to five possible donors by President Hutchins, but for various reasons they have not been able or ready to make the gift suggested.

Twelve additional names have been carefully considered by the committee, but for some reason known to the committee, it has been decided that it was unwise to ask any of these twelve for this donation at this time.

Eighteen additional names are being considered by the committee, but on account of absence from the city, either of members of the committee or of the possible donors in this list of eighteen, it has not been possible yet to put before them the definite request.

Request for suggestions of possible donors from the Board of Trustees:
Because of the urgency of the need, the committee at its last meeting voted to ask the Board members each to suggest possible donors for this remaining $500,000 needed to build the Nurses Home. It should be remembered that the conditions of Mr. Rosenwald's gift of the first $500,000 are such that the donor of the balance has the privilege of naming the building as a memorial for some friend or member of his family.

The report was received and ordered placed on file.

Mr. McNair, Chairman of the Committee on Alumni Subscriptions submitted the following report:

An encouraging start has been made on the plan for securing continuing subscriptions from alumni. Thus far twenty-five subscriptions have been received for a total of $23,100 per annum, these pledges being given with the understanding that they do not run against the estates of the subscribers and will
Bonrd of Trustees
March 15, 1930

continue until notice is given the University to the contrary; a letter will be sent within a few days to the 9,000 alumni who have paid their Development Fund subscriptions in full, and also letters will go to the 22,000 alumni who did not subscribe during the Development Campaign. L. Brent Vaughan, of the Class of 1897, has accepted the Chairmanship of the committee to undertake the task of securing continuing subscriptions for this Fund.

The President of the University reported the receipt of the following contributions and grants and recommended their acceptance with a suitable expression of the appreciation of the Board:

From the Payne Study and Experiment Fund, Madison Avenue, New York, an appropriation of $5,250 for the use of Professor L. L. Thurstone of the Department of Psychology for the continuation of his motion picture studies. This is in addition to the amount of $1,250 reported to the Board in the December meeting.

From the Julius Rosenwald Fund, a grant of $3,000 for a fellowship for Dr. Carl Becker, formerly Minister of Education in Prussia, to enable him to visit and lecture at the University of Chicago during part of the year 1930-31, payments to be made as needed and requested by the University.

From the Eli Lilly Company of Indianapolis, a pledge of $2,400 to continue the Eli Lilly Fellowships in Chemistry for 1930-31.

From the Quaker Oats Company, $2,000 for the continuation of research on irradiated cereals in the Department of Home Economics.

From Mr. Julius Rosenwald, $6,000 for the support of a study of dependent negro children by the School of Social Service Administration.

From E. I. du Pont de Nemours & Company, Wilmington, Delaware, a pledge of $620 per month for six months for the purpose of providing a research assistant for Dr. Krasnach of the Department of Chemistry.

From Mr. A. B. Sullivan, $3,000 as a contribution to the Medical Library Fund for the year 1930.

From Mr. C. L. Birdwell, $1,000 as a contribution toward the purchase of a manuscript roll for the Department of New Testament.

From the family of Mr. Barnard Z. Sunny, a portrait of him by Carol Ayn.

From Mrs. Joseph Bond, a portrait of Professor Edgar J. Goodspeed by Paul Trebilcock.

It was moved and seconded to accept the contributions and grants as reported, and to instruct the Secretary of the Board to convey to the several donors the hearty thanks of the board, and, a vote having been taken, the motion was declared adopted.
The President of the University presented the following recommendations for appointments with the approval of the Committee on Instruction and Equipment:

Harold Shepherd, now of Stanford University, as Professor in the Law School, effective October 1, 1950, with an annual salary of $8,000 and a contribution of $500 to his moving expenses.

Donald Slesinger, now of Yale University, as Professor in the Law School for three years, effective April 1, 1950, with an annual salary of $7,000 and a contribution of $500 to his moving expenses. It is understood that Mr. Slesinger will be appointed Executive Secretary of the Local Community Research Committee and that his time will be divided between the work of that office and a program of teaching in the Law School.

Edwin H. Sutherland, now of the University of Minnesota, as Professor in the Department of Sociology, for two years, with an annual salary of $7,500, chargeable to Spelman Memorial Appropriation No. 810, effective October 1, 1950.

Walter F. Starkie of Trinity College, Dublin, as Visiting Professor in the Department of Romance Languages for the Summer Quarter, 1950, with a salary of $2,000, which has been contributed for the purpose by citizens of Chicago.

Henry D. Gideonse, now of Rutgers University, as Associate Professor in the Department of Economics, for three years, with an annual salary of $5,000, effective October 1, 1950.

William G. Casey, now of the University of Illinois, as Associate Professor in the Department of Political Science, for one year, with a salary of $5,750, effective October 1, 1950. Mr. Casey's salary will be available as the result of plans for the part time absences of certain members of the Political Science faculty.

Dr. Stephen Poljak, now of the University of California, as Assistant Professor of Neurology in the Department of Medicine for three years, on a four-quarter basis, effective July 1, 1950, at an annual salary of $5,000, of which $2,500 is to be charged to the budget of the Department of Medicine and $2,500 to the special research budget of Professor K. J. Bashford of the Department of Psychology.

It was moved and seconded to make the appointments as recommended, and, a vote having been taken, the motion was declared adopted.

Upon recommendation of the President of the University, it was moved and seconded to make the following appropriations from the Rosenwald Special Fund:

- $3,000 for new equipment for the Department of Zoology;
- $8,000 for the purchase of books for the Department of German;
- $2,000 to cover the cost of necessary repairs and additional equipment needed in the
statistical laboratory of the School of Commerce and Administration; $2,000 for alterations and additional shelving for the Biological Library in Galver Hall; $500 for additional cases for the Central Map Collection; and, a vote having been taken, the motion was declared adopted.

The Business Manager presented the following communication:

An appropriation from the Rosenwald Fund has heretofore been made for sundry equipment for the new Botany Building. This appropriation was based upon preliminary estimates which may not prove to be adequate when all the purchases have been completed. Based upon the revised estimates of the department, it appears that a sum of $4,750 additional may be necessary, as follows:

- Fifty-four temperature tanks: $8,500
- Added cost of refrigerator: $1,075
- Total: $13,575
- Sundry additional construction items are also considered very desirable in the opinion of the department, as follows:
  - X-ray rooms: $1,075
  - Wood fittings: $1,500
  - Contingencies: $1,500
- Total: $6,085

It is requested that an appropriation for this additional cost be made also from the Rosenwald Fund.

It was moved and seconded to appropriate $7,500 from the Rosenwald Special Fund to cover the additional items necessary for the equipment of the new Botany Laboratory as set forth in the foregoing communication, and, a vote having been taken, the motion was declared adopted.

The Business Manager presented the following communication:

On March 12 there was received the following properties from the Illinois Training School for Nurses in pursuance of the contract between the University and the School, dated June 10, 1926:

1. Quitclaim deed to the real estate, consisting of the School plant at the southeast corner of Congress and Huron Streets, Chicago, and sundry buildings on Polk Street between Lincoln and Winifred Streets, together with additional holdings on Lincoln and on Winchester, south of Polk Street.
2. A bill of sale covering the rugs, carpets, furniture, scientific apparatus, supplies and other personal property contained in the School buildings and dormitories.
3. Securities having a par value of $1,000 and cash of $55,349.92.
4. Securities having a par value of $25,000 and cash of $2,500 constitute a separate fund to be known as the "Scholarship Fund of the Illinois Training School for Nurses", the income thereof to be used to provide scholarships or fellowships for deserving students in the School of Nursing of the University.

It is believed that all of the outstanding bills, claims, and obligations of the Illinois Training School for Nurses have been satisfied and that the University has received all of the properties of the Training School which it contracted to deliver to the University, omitting the so-called "History Fund" of approximately $5,000 which the School is retaining for the present in order to complete the preparation of its history. The balance in this fund after the payment of bills together with the net receipts from the publication of the history is to be turned over to the University not later than January 1, 1951.

In order to protect the Illinois Training School for Nurses and the Board of Managers thereof from any outstanding and unknown claims or charges, an obligation was given to the School agreeing to meet such claims which were properly found to be due and payable, but only to the extent of the corpus of the property transferred.

The accompanying resolution ratifying and confirming the said obligation is herewith presented with a recommendation that it be adopted.

It is further recommended that an appropriate letter of appreciation over the satisfactory conclusion of this contract be sent by the Board to the Board of the Illinois Training School for Nurses.

It was moved and seconded to adopt the following resolution:

Resolved, that the following obligation of the University of Chicago to the Illinois Training School for Nurses, dated March 10, 1930, to-wit:

Know all men by these presents, that whereas, the Illinois Training School for Nurses, an Illinois corporation, has conveyed, transferred, assigned and delivered to the University of Chicago, an Illinois corporation, in accordance with the provisions of a certain agreement entered into between said corporations on June 10, 1926, all of its real estate, personal property, securities, assets and money and thereby has parted with all of its corporate property; and

whereas, the officers and directors of said Illinois Training School for Nurses have paid and discharged the debts and obligations of said Illinois Training School for Nurses, it may be that some claim, debt or obligation not now known to exist may be brought forward hereafter thereby a liability may arise against said Illinois Training School for Nurses and/or its officers and directors;
Boarfs of Trustees
March 13, 1930

No. 1, therefore, in consideration of the premises and of the conveyance, transfer, assignments and delivery by said Illinois Training School for Nurses to the University of Chicago of such real estate, personal property, securities, assets and money, the University of Chicago hereby promises and agrees to protect, indemnify and keep and save harmless said Illinois Training School for Nurses and its officers and directors, respectively, against any and all claims, debts, demands and obligations and to pay and discharge the same, provided that the University of Chicago in the payment and discharge of any such claim, debt, demand or obligation shall not be required to resort to any property or assets other than those so conveyed, transferred, assigned, and delivered to it by said Illinois Training School for Nurses, and provided further that the University of Chicago shall be notified promptly by said Illinois Training School for Nurses, the officers or directors, of the receipt by it or them, respectively, of any claim or of any suit instituted against said Illinois Training School for Nurses, or against its officers or directors and the University of Chicago shall have the right to intervene in any such suit and defend against such claim or demand.

In witness whereof, the University of Chicago has caused this instrument to be executed on its behalf by its Assistant Business Manager and its corporate seal to be hereto affixed this tenth day of March, 1930.

Attest: The University of Chicago
Lyndon H. Lesch
By George O. Fairweather,Assistant Business Manager
And the action of George O. Fairweather, as Assistant Business Manager, in executing same; and Lyndon H. Lesch, as Assistant Secretary, in attesting same, he and she are hereby ratified, approved and affirmed.

and a vote having been taken, the motion was declared adopted.

It was moved and seconded to instruct the Secretary of the Board to send to the Board of the Illinois Training School for Nurses an appropriate letter of appreciation for the satisfactory conclusion of the contract with that Board, and, a vote having been taken, the motion was declared adopted.

The Business Manager presented the following communication:

At the special meeting of the Board on August 2, 1929, action was taken authorizing the Vice-President and Business Manager to effect a cancellation of the lease of certain premises on Sixtieth Street west of Dorchester Avenue to Lombard College, and to appropriate a sum of not exceeding $16,000 therefor.
Board of Trustees
March 13, 1930

Final Gift Reserve for the purpose of acquiring certain building improvements made by Lombard College call for a somewhat different course of action as follows:

1. The termination of the lease on the ground of a default by the lessee in carrying out the terms of its agreement with the University.

2. The payment by the University to Lombard College of the sum of $38,551, being the agreed compensation for the Ryder Building. It appears that the other improvement, known as the Swan Library building, was not provided by funds of Lombard College and that no compensation is due the college on account of that property.

3. The college made a sub-lease to the First Universalists Church of a part of the demised premises, such part being the site of the Library Building. This sub-lease is contrary to the provisions of the lease between the University and Lombard College and is one of the several defaults committed by the college as lessee.

It is contemplated that future negotiations will amicably determine the adjustment between the University and the First Universalists Church with regard to the Swan Library property.

It is, therefore, recommended that the previous action above referred to be rescinded and that the Vice-President and Business Manager be authorized to effect a cancellation of the lease to Lombard College of the said premises upon a revised basis, as indicated, and that the payment of $38,551 be authorized from Final Gift Reserve.

It was moved and seconded to rescind the action taken at the special meeting of the Board of Trustees held August 2, 1929, with reference to the cancellation of the lease to Lombard College and the acquisition of certain improvements on the premises on Sixtieth Street west of Rochester Avenue, and to authorize the Business Manager to effect a cancellation of the lease to Lombard College of the said premises upon a revised basis as indicated in the foregoing communication, authorizing the payment of $38,551 to the College for the Ryder Building to be provided from Final Gift Reserve, and, a vote having been taken, the motion was declared adopted.

The Business Manager presented the following communication:

At the special meeting of the Board of Trustees on August 2, 1929, the board approved in principle a plan of leasing to the Orthogenic Institute the premises on Sixtieth Street now occupied by Lombard College with the understanding that no financial commitments of the present funds of the University was to be involved, 3857E refer to the Committee on Instruction and Equipment, with power to act, the matter of detail arrangements respecting the lease and the educational relationship.
between the University and the Institute.

Further discussions with representatives of the Institute indicate that the following arrangement may be desirable:

1. A lease of the premises in question (excluding therefrom, however, the Swan Library site) for a period of five years for use as a school and dormitory, and in accordance with the terms of an affiliation agreement as may be worked out between the University and the Institute.

2. The Institute to pay as rental 6 per cent upon the payment made by the University to Lombard College, namely $32,551 for the improvements of the latter; in addition, the Institute is to pay all general taxes, if any, insurance, water rates, etc. and to keep the premises in good condition, in good repair and conformable to municipal requirements.

3. The leased premises are also to include a strip of the vacant land, twenty-five feet in width, immediately west of and adjoining the premises leased to Lombard College.

4. The Institute is to have the right to erect fencing around said premises and to make alterations and additional structures which have first had the approval of the University.

5. The lease is to be cancellable by either party on one year's prior written notice.

The affiliation agreement referred to contemplates the University having the exclusive right to direct and supervise the educational and research activities of the Institute; to nominate the director of the Institute and its superintendent; the use, rent free, of suitable quarters for office and library purposes of the University; and the right to use the facilities of the Institute as a laboratory for the study and investigation of sub-normal children.

In the event of a termination of the agreement by lapse of time or by cancellation on one year's notice, the University agrees to reimburse the Institute for all new construction it has made which has first had the approval of the University, at the cost thereof, less depreciation at 5 per cent per annum, provided that the aggregate of the initial cost shall not exceed $16,000.

The University further is to have the right to take over the work of the Institute as one of its regular departments at any time upon six months' notice to the Institute; and in that event no compensation is to be paid to the Institute for any of its non-construction costs as aforesaid.

It is recommended that the above negotiations be approved in principle for the further guidance of the Vice-President and Business Manager and of the Committee on Instruction and Equipment, it being understood that the form of the proposed agreement and lease, when finally developed, be presented to the Board for ratification.

It was moved and seconded to approve in principle the negotiations outlined in the foregoing communication for the further guidance of the Business Manager and of the Committee on Instruction and Equipment, it being understood that the form of the
proposed agreement and lease to the Orthogenic Institute, when finally developed, will be presented to the Board for ratification, etc., a vote having been taken, the motion was declared adopted.

The Business Manager submitted the following report:

At a meeting of the Board of Trustees held on October 10, 1929, the Business Manager presented a statement showing the condition of Rockefeller Final Gift, together with anticipated demands thereon for capital purposes. In view of the presentation at this meeting of the recommendations for appropriations from this source, the following revised statement is presented for the information of your Board:

The book value (less than market) of Rockefeller Final Gift as of March 12, 1930, was $1,958,658.87. From this should be deducted the total of unexpended balances of appropriations to date, including that of $750,000 for the Field House, $1,535,000.00.

The report was received and ordered placed on file.

The Business Manager presented the following communication:

At a meeting of the Board of Trustees held on September 12, 1929, an appropriation of $225,000 from Rockefeller Final Gift was approved to be used as an underwriting for the purchase of five parcels of land adjacent to the International House site with the expectation that all or a portion of the funds required might be provided by the donor of International House, or that the property might be disposed of later as a unit subject to suitable restriction with respect to the character of future improvements thereon.

In the plan presented herewith the proposed site of International House is indicated as Parcel No. 1; Parcels No. 2 and No. 7, being 100 foot frontage on Blackstone Avenue and fifty foot frontage on Dorchester Avenue respectively, have recently been acquired by representatives of the donor; Parcels No. 3 and No. 5 have been purchased by the University at a cost of $64,103.45.

It now seems desirable to proceed with negotiations for the purchase of Parcels No. 4 and No. 6 so that the present holdings may be consolidated into a tract having 100 foot of frontage on Dorchester Avenue, adjacent to International House on the south, and opposite Jackman Field. This would not only provide an excessively desirable site for some important future development but would enable the University to control the character of any major improvement on Dorchester Avenue frontage of this block.

It is, therefore, recommended that the previous underwriting of $225,000 from Final Gift be cancelled and that
the sum of $135,000 be transferred from Rockefeller Final Gift to Final Gift Reserve as an appropriation to cover the cost of the parcels already acquired, and described above as No. 3 and No. 5, and the estimated cost of parcels shown as No. 4 and No. 6.

It was moved and seconded to cancel the previous underwriting of $200,000 from Final Gift Reserve for the purchase of parcels of land in connection with the proposed International House, and to transfer from Rockefeller Final Gift to Final Gift Reserve $135,000 as an appropriation to cover the cost of the parcels already acquired and described as No. 3 and No. 5, and the estimated cost of parcels No. 4 and No. 6, to be purchased, and, it was having been taken, the motion was duly adopted.

The Business Manager presented the following communication:

At a meeting of the Board of Trustees held on June 9, 1927, authority was given to proceed at once with the first stage of a comprehensive alternating current distribution system for University buildings and to modify the existing contract with the Commonwealth Edison Company expiring October 6, 1951, so as to provide for the maximum requirements for current consumption after complete substitution of alternating current for the direct current. The progress made on this program to date, including the transformer station at the University Power Plant, the ducts with four cables installed across the campus, and the eight transformer vaults now completed, is indicated on the diagram herewith as follows:

In red - Commonwealth Edison 12,000-volt supply.
In blue - Completed ducts, manholes vaults, and buildings now served by alternating current.
In red - Proposed 1930 program.
In gray - Buildings now served by direct current.
Gray ground with blue, cross-hatching - Alternating current power and direct current lighting.
Dotted lines - Proposed future additions.

Slightly more than one-half of the old buildings have now been controlled and are being served by the Edison Company, as well as all new buildings completed since 1927. As a result, less than 40 per cent of the University's electrical load is now produced by the old direct current generating station.

Buildings which have been completed recently and which have been carefully reviewed with Edison, Dick & Company, our consulting engineers, and by this office indicate that it would be desirable from the standpoint of operating economy to transfer the entire electrical load to Edison service and close down the old plant as early as possible. It has been planned to complete this transfer in any event by July 1, 1951, and the present proposal, therefore, merely calls for an acceleration of the program by a period of approximately one year.
The total estimates of the cost of completing this work may be summarized as follows:

(a) Extension of ducts and cables to vaults "H", "P", and "K" to serve existing buildings $45,000

(b) Extension of ducts and cables to vaults "X" and "Y" to serve residence halls south of Midway $30,000

(c) Extension of cables and ducts to west side of Drexel Avenue to serve Lying-In Hospital; University of Chicago dorms $10,000

(d) To complete lighting rewiring of existing buildings $19,500

(e) Replacing direct current with alternating current equipment such as motors, elevators, ventilating fans, pumps, departmental equipment and providing motor generator sets $104,000

(f) Secondary distribution from vaults to buildings and minor building alterations $32,245

(g) Contingencies $6,350

Estimated Total Required $220,000

It is recommended that a sum not to exceed $220,000 be made available to the Committee on Buildings and Grounds by an appropriation from Rockefeller Final Gift as an addition to previous power plant appropriations for the purpose of extending the alternating current system to serve all existing buildings, including the necessary provision for buildings new acquired.

It was moved and seconded to appropriate not to exceed $220,000 from Rockefeller Final Gift to be used under the direction of the Committee on Buildings and Grounds as an addition to previous power plant appropriations, for the purpose of extending the alternating current system to serve all existing University buildings, including the necessary provision for buildings new acquired, and, a vote having been taken, the motion was declared adopted.

Adjourned.
MINUTES OF THE BOARD OF TRUSTEES
April 10, 1950

The regular monthly meeting of the Board of Trustees was held in the Board Room of the University, 122 South Michigan Avenue, on Thursday, April 10, 1950, at 2 p.m.

There were present: Mr. Swift, in the chair, Messrs. Avery, Analone, Bernard, Bell, Bond, Dickeron, Fairweather, Feldenthal, Geer, Holm, Jantges, Post, Rosenwald, E. L. Sparrow, Jr., Scott, Sherrill, Shull, and Stifler; also Messrs. Haynes, Plimpton, Steere, and Woodward.

Messrs. Donnelly, Eaton, Lindsay, McNair, Quantrell, M. A. Ryerson, Smith, Stevens, and Stuart sent word of their inability to be present.

Prayer was offered by Mr. Stifler.

The minutes of the meeting held March 15, 1950, were approved.

The Secretary of the Board presented copies of the minutes of the following meetings of standing committees, copies of the minutes having previously been sent to all members of the Board: Committee on Instruction and Equipment, March 15, 1950; Committee on Buildings and Grounds, March 20, 1950; and Committee on Finance and Investment, March 19, 1950.

It was moved and seconded to receive the minutes and approve all actions recorded therein, and, a vote having been taken, the motion was declared adopted.

The Secretary of the Board submitted the following reports:

That a letter dated March 12, 1950, had been received from the Honorable Charles Evans Hughes expressing his appreciation for the congratulations of the Trustees sent on the occasion of his appointment as Chief Justice of the Supreme Court of the United States.

That Karl Pietsch, Professor Emeritus of Romance Philology, had died April 1, 1950. Mr. Pietsch was connected with the University from 1896 until his death.

The reports were received and ordered placed on file.

The Secretary of the Board reported that the Committee on Buildings and Grounds, at its meeting held April 9, 1950, had recommended to the Board of Trustees that an appropriation of $3,500 be made from General Reserve to cover certain expenses involved in the removal of activities from Kimbark Hall to a temporary location in an apartment building on Dorchester Avenue, in accordance with the recommendation of the Committee on Finance and Investment.

It was moved and seconded to appropriate $3,500 from General Reserve to cover the expenses involved in the removal of activities from Kimbark Hall to an apartment building located at 5823-5825 Dorchester Avenue in accordance with the recommendation of the committee, and, a vote having been taken, the motion was declared adopted.
The Secretary of the Board reported that the Committee on Buildings and Grounds, at its meeting held April 9, 1950, had recommended to the Board of Trustees (1) that the locations of the dormitories group be changed from those previously decided upon so that the men's unit will be located in the block between Sixtieth and Sixty-first Streets, Ellis and Greenwood Avenues, the women's unit will be located on the Sixtieth Street frontage of the block lying between Roosevelt and University Avenues, and the intervening block between Greenwood and University Avenues will be designated temporarily for recreational purposes and for the site for future educational buildings as may be later determined; and (2) that an appropriation of $50,000 be made from Rockefeller Final Gift Reserve to defray the cost of acquiring one piece of property adjoining the site proposed for the women's dormitory unit.

The Vice-President and Dean of Faculties explained at length the advantages to be gained by the proposed change in site for the dormitories. A full statement of the reasons for the change may be found in the minutes of the meeting of the Committee on Buildings and Grounds held April 9, 1950.

It was moved and seconded to approve the new locations for the men's and women's dormitory units, as recommended by the committee, to appropriate $30,000 from Rockefeller Final Gift Reserve for the purchase of a piece of property adjoining the site designated for the women's dormitory unit, and to authorize the Committee on Buildings and Grounds to proceed with the project, and, a vote having been taken, the motion was declared adopted.

Mr. Dickerson presented the following communication:

In December, 1928, the Board appointed Mr. Felsenthal, Mr. Donnelley and myself a committee to secure for the University a portrait of our honored colleague, Julius Rosenwald, the cost therefor to be met by gifts of the Trustees. As already reported to the Board the amount needed was quickly subscribed and promptly paid. The amount was sufficient also to pay for the frame and for incidental expenses. A small balance remains for the disposal of which the Committee will make suggestions at a later date. The committee made a thorough investigation of worthy portrait painters in England and the United States. Eventually the commission was awarded to John C. Johnson, of New York, an artist of established reputation. Mr. Rosenwald sat for the portrait in the artist's studio and before he sailed for Europe the work was completed. The portrait met with the delighted approval of Mrs. Rosenwald and of other members of the family. It is at present temporarily hanging in the Quadrangle Club where it has been highly praised by all who have been permitted to see it. The two members of the committee who have acted for the Trustees in securing a portrait which to all seems a likeness and a work of art are also much pleased with the canvas and recommend that it be hung in Hutchinson Hall in company with portraits of other
founders of the University. This recommendation is approved by Mr. Donnelley, Chairman of the Committee on Buildings and Grounds, to which committee the placing of the portrait was referred.

In this connection it may be reported that an excellent portrait of President Mason, by F. O. Salisbury, an English artist, which was accepted by the Board, December 12, 1929, by order of the President of the Board was also hung in Hutchinson Hall. In view of the policy adopted by the Board which excludes from Hutchinson Hall the portraits of living men and women, it is recommended that the Board approve the placing of the Mason portrait in Hutchinson Hall.

It was moved and seconded to approve the hanging of the portraits of Messrs. Mason and Rosenwald in Hutchinson Hall as recommended, and, a vote having been taken, the motion was declared adopted.

Mr. Dickerson presented the following communication:

As a matter of record I report that the portrait of Professor E. H. Moore painted by Ralph Clarkson and accepted by the Board, December 12, 1929, has been completed. It will be hung temporarily in the Quadrangle Club until Eckhart Hall, where it is to be placed, shall have been completed.

The portrait of Mr. Bernard E. Sunny painted by Carol Aus, was accepted by the Board, March 13, 1930. It has been received and is hanging in the Sunny Gymnasium, in the place designated by the Committee on Buildings and Grounds.

The portrait of Edgar J. Goodspeed, painted by Paul Trebilcock, and presented by Mrs. Joseph Bond, was accepted by the Board, March 13, 1930. It is now hung in the common room of Swift Hall. It is recommended that the Board approve its hanging in that room.

The bronze bust of Mr. George Herbert Jones, presented by the donor is recommended for acceptance by the Board. It was modeled by Leonard Crucell, who made the "bas-relief" of President Judson, now on the wall of Mandel Corridor. This bust together with those of Professor J. U. Nef and Professor Alexander Smith occupy advantageous places in the entrance hall of George Herbert Jones Laboratory, which places were selected by Mr. Stieglitz, Chairman of the Department of Chemistry, with approval of the committee on works of art. Approval of this disposal of the three busts is requested. The University provided excellent limestone pedestals on which the bronzes are placed. It is recommended that the bust of Mr. Jones be accepted and the thanks of the Trustees be transmitted to the donor.

It was moved and seconded to receive the reports on the portraits of Messrs. E. H. Moore and Bernard E. Sunny, to approve the hanging of the portrait of Edgar J. Goodspeed in the common room of Swift Hall, to accept the bust of Mr. George Herbert Jones with an expression of hearty thanks to be conveyed to the donor by the Secretary of the Board, and to approve
the placing of the busts of Messrs. G. H. Jones, J. H. Nef, and Alexander Smith in the entrance hall of the George Herbert Jones Laboratory, and, a vote having been taken, the motion was declared adopted.

Mr. Dithaven called attention to the fact that the Board at its meeting held November 11, 1926, had accepted the offer of Mr. Lorado Taft to provide a plaster model for a statue of President William Rainey Harper. He pointed out the desirability of taking advantage of this offer if possible while Mr. Taft is still in good health, and suggested the appointment of a committee to consider the matter.

It was moved and seconded to authorize the President of the Board to appoint a committee to consider the feasibility of providing the necessary funds for a bronze statue of former President William Rainey Harper in order to take advantage of the opportunity to have a model made by Mr. Lorado Taft, and, a vote having been taken, the motion was declared adopted.

Mr. Sherer, on behalf of the Baptist members of the Board, submitted the following report:

Following out the purpose of the Board in its resolution at its last meeting that a communication be sent to the Board of Education of the Northern Baptist Convention asking if it would be agreeable for that board to appoint a committee to confer with a similar committee from this Board, to consider the matter of contractual relations between the two organizations, we have to report:

That various members of the Baptist group of this Board have held conversations with the President and Executive Secretary of the Board of Education of the Northern Baptist Convention and other members of that body. We have reason to believe that our request to appoint such a committee will be granted at the next meeting of that Board in New York April 24 and 25.

If such a committee is appointed our chairman has by our resolution authority to appoint a committee to represent us. It appears likely that the two committees may meet in New York on April 26 and that any tentative agreement arrived at can be presented to this Board at its May meeting.

The report was received and ordered placed on file.

Mr. Scott, Chairman of the special committee on the mortuary, reported that designs for a columbarium in the north ambulatory of the University Chapel, prepared by Mayers, Murray & Phillips, had been approved by the Committee on Buildings and Grounds and the Business Manager had been authorized to proceed with the necessary changes in the structure of the north wall, also that arrangements were being made for the placing of the ashes of the three deceased presidents in the Mortuary.
The special committee on University Clinics met on February 20, 1950; and again on April 5, 1950. A new plan for the administration of the University Clinics was adopted by the Board of Trustees at its meeting held February 13, 1950. Under this plan the special committee on University Clinics becomes a committee on consideration and formulation of policies with the power of setting up a coordinating committee in cooperation with the officers of affiliated hospitals. Under this plan the special committee on University Clinics will hold regular meetings once every quarter, special meetings being called at the request of the Chairman. Actual administration of the University Clinics will be carried out under the jurisdiction of the new administrative committee composed of officers of the University. In addition to this the Committee on Expenditures will function for the Clinics as for other divisions of the University. The new administrative committee has begun its duties. By agreement between the special committee on University Clinics and the Administrative Committee of the University Clinics the Director of University Clinics will render monthly reports to the Chairman of the special committee on University Clinics for transmission to the Trustees. Since the last report made as of January 29, 1950, operation of the University Clinics has continued satisfactory and within the budget. From the standpoint of the medical operation the month of March, 1950, has been the most satisfactory month since the opening of the Clinics in October, 1927. The demand on the part of patients for the services of the Clinics continues to be satisfactory. There are now 192 beds open in the Albert Merritt Billings Hospital and as many as 184 patients have occupied beds at one time. The Bob's Roberts Memorial Hospital for Children is being furnished and staffed and will be ready to accept patients about May 1, 1950. The new Professor of Pediatrics, Dr. Frederic Y. Schlutz has reported for duty as of April 1, 1950, and is in the process of organizing the medical staff. Construction of the Nancy Adele McElwee Memorial and the Gertrude Dunn Hicks Memorial are well under way and Dr. Nathaniel Allison, Professor of Orthopedic Surgery in the Department of Surgery has reported for duty as of April 1, 1950. It is planned to lay the corner-stones of these two units in April and May. Rapid progress is being made in the construction of the new lying-in Hospital. All new units for which financial provision has been made are now under construction and under organization. On their completion all of the major divisions of medicine and surgery except psychiatry will be provided for. The approaching completion of these units, however, makes the need for a Nurses' Home daily more urgent.
The report was received and ordered placed on file.

The Vice-President and Dean of Faculties reported the receipt of the following contributions and grants and recommended their acceptance with a suitable expression of the appreciation of the Board:

From Mr. Charles H. Swift, $15,000, to be added to the fund established by Mr. Swift on October 8, 1929, and carried on the University records as the Charles H. Swift Suspense Account.

From the Extension Fund Committee of International House, a pledge of $12,250 for the support of our work with foreign students for the year 1930-31.

From Dr. Lester E. Frankenthal, 4825 Ewoodlay Avenue, $2,683.50 as a gift to the Medical Library fund for the purchase of the Ahlfeld library in Gynecology and Obstetrics.

From the Julius Rosenwald Fund, a grant of $200 for a scholarship for Mr. Herbert Jenkins in the School of Social Service Administration.

It was moved and seconded to accept the contributions and grants as reported, and to instruct the Secretary of the Board to extend to the donors the hearty thanks of the Trustees for their generosity, and, a vote having been taken, the motion was declared adopted.

The following appointments are recommended:

Dr. Bengt Hamilton, now of the Johns Hopkins Medical School, as Professor in the Department of Pediatrics, on a four-quarter basis, from May 1, 1930, to June 30, 1933, with an annual salary of $10,000. The salary for May and June, 1930, is to be charged to "Pediatrics Expense" and thereafter to the budget of instruction in the Department of Pediatrics.
Dr. V. V. Swanson, now of the University of Minnesota, as Associate Professor in the Department of Pediatrics, on a four-quarter basis, for three years, with an annual salary of $7,000, effective July 1, 1950. In connection with this appointment it is further recommended that the University of Minnesota be reimbursed from "Pediatrics Expense" in the sum of $2,100 for salary paid to Dr. Swanson while on leave of absence for the purpose of pursuing special studies at Johns Hopkins, such leave having been granted with the understanding that he would return to Minnesota for a year.

C. V. Taylor, now of Stanford University, as Visiting Professor in the Department of Zoology from October 1, 1950, to June 30, 1951, at a salary of $6,000, to fill the place of Professor C. M. Child, who will be on leave of absence.

It is recommended that the following resignation be accepted: H. O. Crisler, Assistant Professor in the Department of Physical Culture and Athletics, effective March 11, 1950.

It was moved and seconded to make the appointments and to accept the resignation all as recommended, and, a vote having been taken, the motion was declared adopted.

The Vice-President and Dean of Faculties reported that the appointment of Dr. Lothar Hofmann as Associate Professor of Otolaryngology in the Department of Surgery, made by the Board on June 13, 1929, had been cancelled.

The report was received and ordered placed on file.

Upon recommendation of the Vice-President and Dean of Faculties,

It was moved and seconded to appropriate $10,000 from General Reserve to defray the expenses of soliciting contributions to the University from the alumni, and, a vote having been taken, the motion was declared adopted.

Upon recommendation of the Vice-President and Dean of Faculties,

It was moved and seconded to make the following appropriations from the Rosenwald Special Fund:

$2,400 toward the expenses of continuing a study of Immigration, with special reference to Chicago, under the direction of Professor Jernegan of the Department of History.

$1,500 toward the expenses of continuing a study of the backgrounds of local communities in Chicago under the direction of Professor Comm of the Department of Sociology.
April 10, 1950

$700 for the purchase of two exhibition cases for the Walker Museum;

and, a vote having been taken, the motion was declared adopted.

The Business Manager presented the following communication:

At a meeting of the Board of Trustees held December 12, 1929, the recommendation submitted by the Committee on Audit and Securities that the committee be relieved of the responsibility of a personal count and examination of the securities deposited with the Northern Trust Company was approved on condition that a certified copy be obtained of at least one of the independent audits made for the Trust Company each year of the securities so held and that the University continue to have an annual examination of the University's securities made by a firm of certified public accountants. The committee was requested in this connection to submit a form of such revision of the By-laws as might be deemed necessary to accomplish the purpose.

At the meeting of the Board held February 15, 1950, it was reported that the question of the extent of the legal responsibility of the Northern Trust Company for the custody of the securities held for the University was under consideration with the officers of the Trust Company. The deposit agreement between the University and the Trust Company dated December 22, 1908, contains none of the limitations upon the liability of the depositary which are usually provided in such contracts, and we have been advised by Mr. William S. Miller, Vice-President and Counsel, and Mr. L. L. McArthur, Second Vice-President, that the Trust Company considers itself responsible to the full extent of the law as a bailee for hire for the care and safe-keeping of all of the securities in its custody under the said agreement. There are from four to six audits of the bank's affairs in whole or in part each year, not less than three of which require an examination and careful check of the securities held for the University. In addition to this a complete statement of the securities held is furnished the University monthly by the bank auditors and this is carefully checked both by the office of the Comptroller and the office of the Business Manager.

The present provisions of the By-laws relating to the Committee on Audit and Securities, as set forth in Section 7 of Article VII, are as follows:

"The Committee on Audit and Securities shall be composed of eight members of the Board of Trustees. It shall cause an annual examination and audit of all accounts of the University, by a responsible audit company, to be begun not later than ten days after the close of the fiscal year and promptly completed. The committee is authorized to appoint the audit company and to determine the amount of its compensation."

Proposed Amendment to the By-laws
and shall assure itself that the securities and moneys held by the University are in accordance with the books of account of the University as audited. For the purpose of examination of the securities, access to the safety deposit vaults shall be had in the manner prescribed in Article III, Section 3, of the By-laws.

The committee shall cause the aforesaid audit, together with a report of its own examination, to be transmitted promptly to the Board. Whenever it deems it necessary, the committee may make other examinations of securities and moneys and report thereon to the Board of Trustees.

If it be the desire of the Board to accept the recommendation of the Committee on Audit and Securities, above mentioned, it is suggested that the third paragraph of the foregoing section be amended to read as follows:

"The committee shall cause the aforesaid audit together with a report of an examination of all securities and moneys of the University to be transmitted promptly to the Board. Whenever it deems it necessary, the committee may make or cause to be made other examinations of securities, moneys and accounts and report thereon to the Board of Trustees."

It was moved and seconded to amend the third paragraph of Section 7 of Article VII of the By-laws so that it will read:

"The committee shall cause the aforesaid audit together with a report of an examination of all securities and moneys of the University to be transmitted promptly to the Board. Whenever it deems it necessary, the committee may make or cause to be made other examinations of securities, moneys and accounts and report thereon to the Board of Trustees."

and, a vote having been taken, the motion was declared adopted.

The Business Manager presented the following communication:

Under date of February 8, 1928, an agreement of affiliation was entered into between the University and the Chicago Tuberculosis Institute. Such agreement provided for termination at the election of either party upon six months' prior notice. It now appears mutually desirable to cancel this contract; to waive the requirement calling for termination upon six months' notice, and to make such termination effective as of date of June 30, 1930. The officers of the Chicago Tuberculosis Institute have executed an agreement of termination, a copy of which is hereto attached. It is, therefore, recommended that the officers of the Board of Trustees be authorized to execute such agreement on behalf of the University.

Indenture, Made this: day of A.D. 1900, by and between The University of Chicago, a corporation organized and existing under and by virtue of the laws of the State of Illinois,
The said agreement of February 8, 1928, by mutual agreement between the parties thereto, is hereby terminated and cancelled absolutely, effective the 30th day of June A.D. 1950.

In witness whereof the parties hereto have caused these presents to be executed by their respective officers thereunto duly authorized the day and year first above written.

Attest: The University of Chicago
Secretary

Attest: The Chicago Tuberculosis Institute
President of its Board of Trustees
Secretary

It was moved and seconded to authorize the officers of the Board of Trustees to execute the agreement of termination of the affiliation between the University and the Chicago Tuberculosis Institute effective as of June 30, 1950, as recommended, and, a vote having been taken, the motion was declared adopted.

The Business Manager read the following letter which had been presented at the meeting of the Committee on Buildings and Grounds held April 9, stating that the resolution incorporated in the communication had been approved by the committee but that following the meeting of the committee, he had learned that Colonel Roberts desired to have the last seven lines of the resolution beginning, 'it being understood...’ eliminated:

Representatives of the Bobs Roberts Memorial Hospital for Children, which is the corporate entity of the donors of the Bobs Roberts Hospital, have raised a question as to the propriety under the contract between the University and the said corporation of memorial tablets or plates being put upon the walls of the Roberts Hospital in recognition of gifts to the work conducted in the said hospital building and to its maintenance. It is therefore suggested that your committee recommend to the Board the adoption of the following resolution:

(hereinafter referred to as the University) party of the first part; and the Chicago Tuberculosis Institute, a corporation organized and existing under and by virtue of the laws of the State of Illinois, (hereinafter referred to as Institute), party of the second part.

Whereas, the parties hereto entered into a certain memorandum of agreement dated February 8, 1928, which agreement both the parties hereto believe it is desirable to terminate, such termination to become effective as of date, and to waive the requirement set forth in the said agreement of February 9, 1928, providing for termination upon six months' prior notice in writing, to be delivered by one party to the other party.

Now, Therefore, in consideration of the premises and of the mutual agreement and undertakings of the parties hereto, it is hereby mutually covenanted and agreed by and between the parties hereto as follows:

The said agreement of February 8, 1928, by mutual agreement between the parties hereto, being the same parties to this instrument, is hereby terminated and cancelled absolutely, effective the 30th day of June A.D. 1950.

Attest: The University of Chicago
Secretary

Attest: The Chicago Tuberculosis Institute
President of its Board of Trustees
Secretary

It was moved and seconded to authorize the officers of the Board of Trustees to execute the agreement of termination of the affiliation between the University and the Chicago Tuberculosis Institute effective as of June 30, 1950, as recommended, and, a vote having been taken, the motion was declared adopted.

The Business Manager read the following letter which had been presented at the meeting of the Committee on Buildings and Grounds held April 9, stating that the resolution incorporated in the communication had been approved by the committee but that following the meeting of the committee, he had learned that Colonel Roberts desired to have the last seven lines of the resolution beginning, 'it being understood...’ eliminated:

Representatives of the Bobs Roberts Memorial Hospital for Children, which is the corporate entity of the donors of the Bobs Roberts Hospital, have raised a question as to the propriety under the contract between the University and the said corporation of memorial tablets or plates being put upon the walls of the Roberts Hospital in recognition of gifts to the work conducted in the said hospital building and to its maintenance. It is therefore suggested that your committee recommend to the Board the adoption of the following resolution:
Board of Trustees
April 10, 1950

Evidencing agreement with the wishes of the donors as above indicated:

"Resolved, that the Board of Trustees of the University of Chicago understands and agrees that the contract between the University and the Bobs Roberts Memorial Hospital for Children, dated April 19, 1927, contemplated that no other or different memorial announcement than that expressly provided for in said contract shall be placed in or on the hospital building provided for in said contract, except as may be consented to by the said Bobs Roberts Memorial Hospital for Children. It being understood, however, that gifts to the University of Chicago for the maintenance of the work conducted in said hospital or of the said hospital building and plant may be recorded by suitable memorial or other descriptive tablets in the Billings Hospital Building or other buildings of the University."

It was moved and seconded to adopt the following resolution:

"Resolved, that the Board of Trustees of The University of Chicago understands and agrees that the contract between the University and the Bobs Roberts Memorial Hospital for Children, dated April 19, 1927, contemplated that no other or different memorial announcement than that expressly provided for in said contract shall be placed in or on the hospital building provided for in said contract, except as may be consented to by the said Bobs Roberts Memorial Hospital for Children,

and, a vote having been taken, the motion was declared adopted.

Adjourned.

Secretary."
A special meeting of the Board, called (1) to consider and take appropriate action with reference to (a) budget estimates for 1950-51, (b) request for certain extensions under General Education Board appropriation EM-37, and (c) proposed annuity agreement with a prospective donor; and (2) to receive and act upon report of committee appointed to confer with the Committee of the Board of Education of the Northern Baptist Convention, was held in the Board Room, 122 South Michigan Avenue, on Tuesday, April 29, 1930, at 2 p.m.

There were present: Mr. Swift, in the chair, Messrs. Avery, Axelson, Barnard, Bell, Bond, Dickerson, Donnelley, Fairweather, Felsenthal, Gear, Holden, McNair, Post, Roseman, E. L. Ryerson, Scott, Sherer, Stevens, and Stuart; also Messrs. Hayes, Hutchins, Plimpton, Steere, and Woodward.

Messrs. Eaton, Jennings, Lindsay, Quantrell, M. A. Ryerson, Shull, Smith, and Stifler sent word of their inability to be present.

Prayer was offered by Mr. Dickerson.

The President of the University reported that the proposed General Budget and the proposed budgets of the Graduate Library School, the Graduate School of Social Service Administration, Rush Medical College, the Medical School, the University Clinics, and the School of Nursing, for the year 1950-51 had been approved by the Committee on Budget at its meeting held April 25, and recommended to the Board of Trustees for adoption. The budgets were accompanied by the following letters of the President of the University and the Comptroller, and all of the recommendations contained in the President's letter were approved by the Committee on Budget and in all instances recommended to the Board as recommended by the President:

Herewith are submitted budget proposals for the year 1950-51 for budgetary divisions as follows:

These estimates have been prepared with the advice of the administrative officers of the several schools and colleges and with the cooperation of the general administrative officers of the University. The budget for the Oriental Institute Division will be presented later. The following matters call for special comments:

1. In the General Budget Division, the estimate of income, excluding the proposed underwritings from the Auxiliary Fund and

The University of Chicago

MINUTES OF THE BOARD OF TRUSTEES
April 29, 1930

Budgets 1950-51

Adopted
Contingent Reserve and the proposed appropriation from accumulated income from the Development Fund amounts to $5,621,072 and exceeds by $562,171 the estimate upon which the budget for the current year was based. This is due, in large part, to the increase of tuition in the graduate and professional schools. It affords a margin for an increase in expenditures slightly larger than that of last year, when the increase in income amounted to $541,684, and twice as large as the increase of two years ago. A strong effort has been made to make the members of the faculties the chief and direct beneficiaries of this increase, and especially to provide more adequate salaries to those outstanding or particularly promising men, either in teaching or in research, who not only deserve advancement but are very likely to be lost for lack of it. In order to retain or encourage such men in departments within the General Budget, two are given increases of $2,500; one of $1,750; one of $1,500; twenty-two of $1,000; of forty full Professors in Arts, Literature and Science, the Divinity School, and the Department and Colleges of Education, seventyeight are given increases in salary averaging $657; of fifty-four Associate Professors, twenty-three receive increases averaging $465; of fifty-five Assistant Professors, twenty-eight are given an average increase of $471. In all, the salaries of 122 out of 250 members of these faculties, above the rank of Instructor, are increased. The salaries of twenty-six Instructors also are advanced. This is a most encouraging showing. While we are still short of the salary levels in some of the other leading endowed institutions, the condition is materially improved and the danger of losing strong men is substantially diminished.

2. Five members of the faculty of the colleges - Brats (Geology), Coulter (Botany), Hutchinson and Joranson (History), and Kerwin (Political Science) - are given increases of $500 each, payable from the income of the fund recently created by an alumnus for the reward of excellence in the teaching of undergraduates.

3. The budgets of two of the professional schools which are included in the General Budget, the Law School and the School of Education, are notably enlarged. In the Law School the increase is $50,455; in the School of Education, $27,255. In both cases, the increase is divided between advances in salaries and provision for additions to the teaching staff. On the other hand, as the result chiefly of the transfer of items to the budget of the Department of Economics, the budget of the School of Commerce and Administration shows a decrease of about $10,000. As the plans for the development of this School mature, large increases in its budget will be necessary. The budget of the Divinity School shows an increase of approximately $27,000, a large part of which is absorbed by the remission of tuition.

4. The budget of the Graduate Library School, amounting to $58,500 will be supported in full by grants of the Carnegie Corporation.
5. The budget of the Graduate School of Social Service Administration amounts to $115,840, an increase of $6,960. It will be necessary to secure donations to the amount of $12,000 in order to obtain $25,000 under the grant of the Laura Spelman Rockefeller Memorial. It is confidently expected, in view of past experience, that the amount indicated will be raised.

6. The budget proposed for Rush Medical College amounts to $175,781, an increase of $18,156. This budget is financed out of recurring income and an appropriation of $10,000 from the Reserve for Rush Medical College to provide for expansion in the work of the college as desired by Dr. Irons.

7. The budget proposed for the Medical School (South Side) amounts to $861,009, an increase of $254,975, and is financed entirely from the estimated income from endowment, pledges, and professional fees. The new Departments of Obstetrics and Pediatrics account for a large part of the increase in this budget. Here, as in the General Budget, particular attention has been given to the salary advancement of first-rate members of the research and teaching staff. Three men are given increases of $2,000; two of $1,500; four of $1,000.

8. The budget of the University Clinics, aggregating $806,646, should be considered as representing an activity still in its formative stage, due to the opening during the current year of additional accommodations and the imminent opening of the Robert H. Roberts Memorial Hospital. It is expected that funds to meet the expenses will be provided as follows:

- From patients: $384,146
- From endowment income: $31,915
- From unused gifts for current year: $10,000
- From gifts: $273,085
- From Chapel collections: $2,500

9. The budget of the newly-established School of Nursing amounts to $25,422, which is fully provided by the estimated income from endowment turned over by the Illinois Training School for Nurses.

The following actions are requested of your committee: (1) That you approve the proposed budget estimates and recommend their adoption by the Board of Trustees; (2) that you further recommend to the Board that the sum of $27,500 be appropriated from the accumulated income from the Development Fund for the support of the General Budget Division; (3) that you further recommend to the Board that the sum of $27,000 be appropriated from the Contingent Reserve for the General Budget Division; (4) that you further recommend to the Board that the sum of $27,000 be appropriated from the Auxiliary Fund in the sum of $20,000; (5) that you further recommend to the Board the appropriation of $20,000 from the Reserve for Rush Medical College as proposed; and (6) that you further recommend to
the Board: (a) that the President be authorized to make adjustments within the limits of the budget divisions submitted herewith, and (b) that the Committee on Instruction and Equipment be authorized to make appointments, reappointments and promotions and to enact increases in salary in accordance with the budgets as herewith submitted, or as adjusted in the manner proposed. (Signed) Robert M. Hutchins.

I beg to submit the following statement with reference to the estimates of income for the year 1930-31 for the several divisions of the budget submitted herewith.

The summary under the General Budget Division (page 1 of the accompanying report) shows an estimate of income, including the proposed appropriation from the Accumulated Income from the Development Fund and underwritings, amounting to $5,661,071. The estimate of income for the current year is $5,159,901. The increase of $501,171, is accounted for as follows:

1. Increase in receipts from students $500,705
2. Income from new funds 124,072
3. Increased income from Retiring Allowance Fund to provide for increase in estimated expenditures 14,840
4. Alumni gifts (new) 19,000
5. Increased income from Auxiliary Fund 9,000
6. Not increase in income from funds previously held after sundry appropriations from Rockefeller Final Gift for capital purposes 4,059
7. Increase in income from general investment 30,000
8. Miscellaneous - sundry increases 19,500
9. Decrease in appropriation from Rosenwald Fund $15,000
10. Decrease in underwritings $4,059 $77,026 $562,171

The estimates of income from students are considerably increased by reason of enacted advances in tuition rates in the graduate and professional schools. Allowance has been made for the possibility of shrinkage in attendance due to increased rates. Other estimates of income from tuition are based on estimated receipts for the current year. The estimates of income from investments were prepared by the Business Manager and the Comptroller. The suggested underwriting of $27,500 from Contingent Reserve compares with $59,510 for the current year. The variation is accounted for largely by absorbing in the estimates of income, amounts formerly relied upon to make good the underwriting. Since the estimates of income appear to be placed at the maximum, and also in view of current industrial and economic conditions, there is a possibility that on June 30, 1931, it may be necessary to rely on...
this underwriting to provide in full for the expenditures of that year. The financing of the other budget divisions submitted is explained in the President's letter of transmission.

(Signed) N. C. Plimpton.

It was moved and seconded

1. To adopt the budgets as recommended;

2. To appropriate $27,500 from the accumulated income from the Development Fund for the support of the General Budget Division;

3. To underwrite the General Budget Division from Contingent Reserve in the sum of $27,500;

4. To underwrite the General Budget Division from the Auxiliary Fund in the sum of $20,000;

5. To appropriate $10,000 from the Reserve Fund for the support of the General Budget Division;

6. To underwrite the General Budget Division in the sum of $27,500;

7. To appropriate $20,000 from the Reserve Fund for the support of the General Budget Division;

8. To appropriate $10,000 from the Reserve Fund for the support of the General Budget Division;

9. To authorize the President of the University to make adjustments within the limits of the budget divisions as adopted that do not affect the total amounts thereof, and to authorize the Committee on Instruction and Equipment to make appointments, reappointments, and promotions, and to grant increases in salary, in accordance with the budgets as adopted, or as adjusted by the President as authorized above;

and, a vote having been taken, the motion was declared adopted.

The Business Manager presented the following communication:

The General Education Board pledge No. H-37 provided a gift of $4,750,000 for the endowment of the School of Medicine on the condition that the University secure from other sources on or before July 1, 1929, a like sum in legally valid pledges payable on or before July 1, 1931. The University has secured pledges for this purpose substantially in excess of the amount required but the payment dates of the pledges secured do not provide for collection of the full amount required within the time specified. A sum sufficient for this purpose will be in hand by December 31, 1930, or within six months after the expiration date of the General Education Board pledge. To date the University has qualified for and received $2,368,946.90. Of the balance it is expected that $97,490.80 will be available by June 30, 1930, leaving unpaid on H-37 a balance of $149,416.80. This will be further reduced to $61,105 by June 30, 1931, the final date under the General Education Board pledge.

At the time the General Education Board pledge was made there was also made an appropriation of $75,000 for the maintenance.
of the School of Medicine payable during the two years from July 1, 1926, to June 30, 1829, to be diminished to the extent of 5 per cent annually on any payments of principal made on M-57. This was, in effect, an allowance of 5 per cent income on the unpaid portion of M-57 for two years. On June 5, 1928, this appropriation was renewed for ten years more. To permit the continuous functioning of the Medical School on the basis established it is desirable to have an extension of the period for meeting the condition, of six months or to December 31, 1931, and to have interest on the unpaid portion of M-57 for the remainder of that period. It is recommended that the President be authorized to make application to the General Education Board (a) for an extension of time to December 31, 1931, for meeting the condition on M-57; and (b) for an appropriation equivalent to interest at 5 per cent on the unpaid balance on M-57 until such balance is qualified for and paid.

It is further recommended that the President be authorized to take such appropriate action as he may deem proper to accomplish the purposes mentioned.

It was moved and seconded to authorize the President of the University to make application to the General Education Board (a) for an extension of time to December 31, 1931, for meeting the condition on pledge M-57, and (b) for an appropriation equivalent to interest at 5 per cent on the unpaid balance on pledge M-57 until such balance is qualified for and paid; and further to authorize the President of the University to take such appropriate action as he may deem proper to accomplish the purposes mentioned, and, a vote having been taken, the motion was declared adopted.

The Business Manager presented the following communication:

A former graduate student in the University of Chicago, a woman, now aged sixty-seven years, has offered to present to the University the sum of $5,000 in cash, with the expectation of adding additional amounts thereto, to establish the L. J. Lamson Scholarship Fund. The condition of the gift is that the University shall pay an annuity on the amount from time to time in the fund at the rate of 6 per cent per annum, payable quarterly and that in the event the donor should need any portion of the principal or accumulated interest for her own support, she may draw on the fund for that purpose. Following her death the net income is to be used for scholarships or fellowships to men or women students, on condition that the recipients shall undertake to contribute to others toward their educational expenses an equal sum, or more, on like condition.

The attached agreement has been prepared, which represents the substance of the donor's intentions. The donor has expressed the desire that no publicity be given in connection with this
Memorandum of agreement made this day of April, A.D. 1930, by and between Nellie E. Goldthwaite of South Hadley, Massachusetts (hereinafter referred to as the Donor) and The University of Chicago, a corporation of the State of Illinois, Chicago, Illinois (hereinafter referred to as the University).

Witnesseth

1) The Donor on her part agrees to pay on or before the first day of May, 1930, to the University of Chicago the sum of eleven thousand dollars in cash, which sum together with any additional amounts which she may from time to time add thereto on the quarterly dates hereinafter mentioned, and in accordance with the terms hereof, shall constitute a fund to be known as the L. J. Lamson Scholarship Fund. This Fund is founded in grateful recognition of the financial aid, the friendly sympathy, and the hearty encouragement given during his mature years, to ambitious students by Lorenzo J. Lamson (1841-1915), of Chicago, Illinois. The University on its part agrees that it will invest and reinvest the said fund as in the discretion of its Board of Trustees may be deemed wise, it being understood that in the making of such investments said Trustees shall not be restricted to the classes thereof which may from time to time be permitted to Trustees by the laws of the State of Illinois, and that it will pay to the donor an annuity at the rate of 6 per cent per annum, payable quarterly beginning on the first day of July, 1930, and continuing thereafter during the life of the said donor: each such quarterly payment to be computed at the rate of 6 per cent per annum on the amount at book value of principal and accumulated income, if any, held in said fund on the first day of the preceding quarter.

2) The University further agrees that in the event at any time or from time to time the Donor shall need for her own care and support all or any portion of the amounts paid by her to said fund, the University will, upon reasonable notice and the request of the said Donor, refund to her for such purpose such amount or amounts from said fund as she may request.

3) From and after the death of the Donor, the University agrees to use the net income arising out of the investment of the then principal in the fund for the purposes of the L. J. Lamson Scholarship Fund. Such purposes shall be the awarding of one or more scholarships or fellowships, or portions thereof, in the University of Chicago as the President of the said University may from time to time determine. The persons appointed to such awards shall be students in the University, and in the making of such awards no sex shall be permitted to share at least equally with men. In general, it is desirable that a number of students shall receive some aid from this fund annually, rather than it be awarded to but one, although at times it may seem best to give the income as a
Fellowship (or Fellowship) for some particularly important research. Such student at the time of receiving such award shall be requested to sign a receipt or acknowledgment in substantially the following form:

"I, , hereby wish to acknowledge the award to me from the L. J. Lamson Scholarship Fund, a Scholarship (or Fellowship) of the value of Dollars for the period ending . In accepting this money towards my education, I understand it is to be regarded as having been received in trust, upon condition that, in the course of my subsequent life, I am to pass an equal sum, or more, on like condition to someone else, who in turn shall likewise agree to pass it on, such passing on of funds to continue ad infinitum, and such obligation in every case to be considered a sacred personal trust. I make this promise in accordance with the spirit in which the L. J. Lamson Scholarship Fund was founded. Signature

In witness whereof the parties hereto have caused these presents to be executed in duplicate on the day and year above stated. The University of Chicago
Attest: By Secretary.

It was moved and seconded to approve the agreement set forth above in principle; to refer to the Business Manager various suggestions made for slight modification of the agreement, and incorporation in it if the Business Manager deems it expedient; and to authorize the corporate officers of the University to execute the agreement, and, a vote having been taken, the motion was declared adopted.

The Secretary of the Board reported that the President of the Board, in accordance with authority granted to him by the Board, had appointed the following as members of the committee on conference with the Board of Education of the Northern Baptist Convention: A. W. Sherer, Chairman, R. L. Scott, J. M. Stifler, C. S. Eaton, H. H. Swift, and W. E. Post as alternate.

Mr. Sherer presented the following statement which had been prepared by the Baptist members of the Board and presented at the meeting of the Board of Education of the Northern Baptist Convention held April 24, 1950:

When Dr. Ernest D. Burton assumed the presidency of the University of Chicago in 1923, he initiated a comprehensive program of expansion. In forecasting this development, he proposed as one of its objectives that the University should double its assets by 1940. Dr. Burton's judgment and confidence in the University's future have been more than justified. The University's assets have been doubled already in 1939.
In the past seven years there has been added and pledged to the University's assets $53,000,000, making its total resources now in excess of $100,000,000. It is significant that during this period the non- Rockefeller Gifts have increased approximately 100 per cent, indicating the increasing hold that the University has upon its alumni and local constituency. In this same seven-year period, there have been added to its equipment, buildings (completed or in process of construction) which have doubled the floor space used for educational purposes.

Inspired by the vision of his predecessors for the University's progress, President Hutchins is now proposing a program for further development, calling for another doubling of the institution's assets. This undertaking is projected in three stages, the first of which involves $60,000,000, and has been officially adopted by the Board. The effort to accomplish this stage is now well under way.

This rapid expansion lays increasing demands upon the Board of Trustees and promises to increase still further their responsibilities. Not a little of the University's progress can be attributed to the close personal attention which its Trustees have given its affairs. In a fashion not duplicated elsewhere American universities, the Board of Trustees of the University of Chicago directly administers the affairs of the University. The full Board meets regularly once a month and several special meetings are necessary every year. The eight standing committees which are charged with special divisions of the work, together with special committees which are found constantly necessary, involve the holding of several meetings every week. Many members of the Board occasionally, and some constantly, devote as much as half of their time to University interests.

To discharge adequately the duties of such a trusteeship calls for men who have not only large background of educational interest and administrative experience, but also for those who are free to give the very considerable share of their time that is demanded. The increasing diversity of the University's operations makes it necessary to seek for men of still wider background. In the past seven years there have been added to the responsibilities of the Board of Trustees a development in medicine that is of vast proportions, and in art on a large scale. Similar enlargements of the School of Education and the Oriental Institute are now in process.

Active participation in these interests falls almost exclusively on the Trustees who are resident in the Chicago area. Non-resident Trustees, no matter how valuable their names and their services, cannot carry their share of these various duties, with the result that the Chicago members are increasingly overburdened.
April 29, 1950

The demands on the Trustees will be further accentuated by the program of expansion immediately before the University. This program depends for its success to a peculiar degree on the Board of Trustees. The University must look to them for the necessary personal and financial contacts in the Chicago area. It is necessary too that they be men of such commanding position in the metropolis that their names are a guarantee of their capacity for administering an enterprise of this magnitude.

In this connection, it is noteworthy that the University of Chicago is destined to depend on its relations with the city in which it is located, to an extent unique among American universities. It is inevitable that the Board of Trustees should be the personal bond in this connection. The University was originated by a movement among the Baptists of Chicago to establish a college. Due to the amazing genius of its first president and the unexampled generosity of Mr. Rockefeller, instead of a college it has in forty years become one of the great universities of America. The maintenance of this prominence in the educational world hangs upon the relation of the University to the life of the city through its Board of Trustees.

The composition of this Board grew out of the historic relation of the University to the American Baptist Education Society and its successor, the Board of Education of the Northern Baptist Convention. By the terms of the original charter of the University, as explained in the accompanying pamphlet by Dr. T. W. Goodspeed, two-thirds of its Trustees were required to be members of Baptist churches. This requirement was altered by action of the Board of Education and the Northern Baptist Convention in 1925, to provide that three-fifths of the Trustees be Baptists. The size of the Board, originally twenty-one, and after 1923, twenty-five, has since been increased by the action of the Board itself to thirty.

This arrangement has now been in force for seven years, and certain facts have become increasingly plain from its actual operation:

1. The Board has had steadily increasing difficulty in filling its Baptist quota from men in and around Chicago, who have the requisite type of experience and ability, and who are able to give the necessary amount of time. The increase in the size of the Board, which has given more active members, has tended to accentuate this difficulty. More than once the Board has found it necessary to elect Baptist employes of the University to serve on the Board until its Nominating Committee was prepared to fill these Baptist positions.

2. In maintaining this three-fifths proportion of Baptist members, recourse has been had to electing non-resident Baptists, of whom there are now six on the Board. The names of these members are a credit to the University, but such members
can attend meetings of the Board only with difficulty, and are unable to share the burdens of the committees.

3. Contrasted with this difficulty in filling the Baptist quota is the fact that there is a considerable number of eminent citizens of Chicago, and also of prominent alumni of the institution, who would be very useful to the University but for whom no place on the Board can be provided. There are several men in Chicago who are at present devoting their time, energy and influence to other institutions and interests, who might readily be drafted into the service of the University of Chicago to its very great advantage. There have been periods of as many as eight years when there has been no non-Baptist vacancy on the Board. Thus, the University has found itself at one and the same time unable to fill the Baptist vacancies on its Board, and unable to invite other men conspicuously qualified as Trustees because they did not happen to be Baptists and no non-Baptist vacancy was either open or in prospect.

4. It should be said at once that this situation does not arise because the Baptists of Chicago number among their members less competent men than other churches. It is a simple fact that there is no single denomination in Chicago that could provide any such proportion of the Board as is required.

As these facts have become progressively more evident and pressing, the Baptist members of the Board have given them long and searching thought. For the past two years, they have held repeated meetings, and have at last recommended to the Board of Trustees the action unanimously taken at its meeting of February 28. That action is as follows: (a) "That the Board of Trustees of the University of Chicago ask the Board of Education of the Northern Baptist Convention if it would be agreeable to them to appoint a committee to confer with a similar committee of the Trustees of the University of Chicago to consider the relations between the University and the Board of Education of the Northern Baptist Convention; (b) in case such committee is appointed by the Board of Education of the Northern Baptist Convention, the President of the Board of Trustees is authorized to appoint such a committee from this Board."

In raising this question, neither the Baptist Trustees nor the Board of Trustees of the University of Chicago indicate a desire to change the historic continuity of the Baptist relationship to the University. As Mr. Harold Swift, President of the Board, has expressed it, "The University is proud of its Baptist connection and owes an inexpressible debt to it."

Still less does the Baptist group, or the Board as a whole, desire to alter the spiritual conception of life and education, and the emphasis on the central place of character and religion in both, which the University has maintained from its foundation. As President Hutchins said in an interview quoted...
Whatever changes in outward forms may come, the University of Chicago will never forget that it was founded by religious people whose work was carried on here in a religious spirit. That spirit will dominate this University to the end.

Within the last few years, the University has strengthened this spiritual emphasis by the acceptance and erection of a great University Chapel which symbolizes it, and by the appointment of a Dean of the Chapel to devote his full time to the moral and religious life of the University. Instead of secularizing its educational process, the University has of late years been moving definitely in the other direction.

It should be made plain too that any alteration of the composition of the University Board contemplates no change in the composition of the Baptist Theological Seminary, which is a separate Board having charge of the affairs of the Divinity School. In this regard, President Hutchins hopes to expand and develop further this relationship. An evidence of this desire is the fact that the University is now contributing the major part of the expenses of the Divinity School.

In view of all these facts, the Baptist members of the Board of Trustees of the University have felt constrained to re-examine the composition of the Board to discover whether it might not be so constituted as to preserve the historic continuity of Baptist relationship, maintain the spiritual ideals of education, and at the same time free the Board from certain limitations that seem likely to check the developing service of the University.

They are convinced that this result cannot be accomplished by the obvious means of increasing the size of the Board. The officers of the Board believe that such enlargement results in a weakening of the sense of responsibility of the individual trustee, and can result in little more than an increase in the number of the non-resident Baptist representatives. To follow this expedient provides for very few additional local members, leads the Board with an increased number of absentee members, and does not adequately relieve the burden on the local trustees.

Having all the foregoing in mind, the Baptist group of the Board of Trustees of the University of Chicago suggests as subjects for conference between the two committees, if and when appointed:

1. The substitution for the present requirement that three-fifths of the members of the Board shall be members of Baptist Churches, the requirement that three-fifths of the members of the Board shall be members of such churches as the Baptist group on the Board shall approve.
