The regular monthly meeting of the Board of Trustees was held at the home of the Governor, Thursday, January 14, 1944, at 3 P.M.

Those present: Mr. W. L. Kellam, President; Hon. J. B. Gray, Attorney General; Hon. J. C. Wilson, Secretary; Hon. H. J. Hamlin, Treasurer; Hon. W. J. Jones, Auditor; Mr. W. H. Davison, Special Counsel; Mr. W. M. Wall, Director of State Institutions; Mr. W. H. Gully, Professor of Economics; Mr. W. E. McLeese, Professor of Law; Mr. W. H. Loyd, Professor of Medicine; Mr. W. H. Smith, Professor of Agriculture; Mr. W. H. Martin, Professor of Business Administration; Mr. W. H. Tatum, Professor of Engineering; Mr. W. H. Johnson, Professor of Surgery; and Mr. W. H. Smith, Professor of Chemistry.

An offer was made by Mr. W. H. Gully.

A. President of the Board, properly robed for the occasion, and a representation of membership of the Board.

The meeting was opened by Mr. W. H. Gully.

After the adjournment of the meeting at 11:00 A.M., the meeting was adjourned.
The regular monthly meeting of the Board of Trustees was held in the Board Room on Thursday, January 11, 1934, at 2 p.m.

There were present: Mr. Swift, in the chair, Messrs. Shull, Axelson, Barnard, Bond, Donnelly, Douglas, Eaton, Godspeed, Hall, Holden, Lindsay, Post, Quantrell, Russell, Scott, Stevens, Stifler, and Stuart, also, Messrs. Hutchins, Plimpton, Steere, and Woodward.

Messrs. Felsenthal, Bell, Blair, Epstein, Gear, Jennings, Ryerson, Sherer, and Smith sent word of their inability to be present.

Prayer was offered by Mr. Stilfr.

The President of the Board cordially welcomed Mr. Russell to the privileges and responsibilities of membership on the Board.

The minutes of the meeting held December 14, 1933, were approved.

The Secretary of the Board presented the minutes of the meeting of the Committee on Finance and Investment held December 11, 1933, copies of the minutes having previously been sent to all members of the Board.

It was moved and seconded to accept the minutes and to approve all actions recorded therein, and, a vote having been taken, the motion was declared adopted.

Mr. Axelson, Chairman of the special committee on the Annual Dinner to the Faculties, reminded those present that this was the date of the dinner to be given at the Hotel Shoreland, and that the reception preceding the dinner was scheduled to begin at six o'clock.

In extension of the material presented at the December meeting of the Board, the Comptroller presented a statement showing the distribution of investments of several institutions as could be prepared from the annual reports of those institutions. The statement showed the amounts invested in bonds, stocks, and other forms of investments.

The Comptroller made an informal report with regard to student fees supporting the General Division of the University's Budget, indicating that the receipts from tuition in the Laboratory Schools would be less than last year, but that there probably would be some offsetting increases in other student fees.
The President of the University discussed orally the following subjects:

1. Students.
The registration figures at the end of the first week of the Winter Quarter, although not yet sufficiently complete to be reliable, indicate that there is likely to be a decline in registration of somewhere between 1 and 2 per cent as compared with the registration of the Winter Quarter, 1933.

The records of examinations conducted thus far under the New Plan in the College indicate that students are meeting the tests satisfactorily.

The records of those students in the University who were awarded entrance scholarships show remarkably good work being done by the recipients, proving that the scholarship awards were a very good investment.

2. Public Relations.
A dinner is to be given January 25 as the first step in the program of the "Friends of the Library", of which John Steenon Miller has accepted the presidency.

The University is now participating in the administration of relief work financed by governmental funds. A committee of the faculty is in charge of a program involving fourteen projects for which the budget for the first two months was $25,000.

3. Faculty.
With much regret the resignation of Beardsley Ruml as Dean of the Division of Social Sciences is being reported. This involves a serious problem of replacement.

Another proof of the excellence of the faculty of the University is shown in statistics published in "American Men of Science", which show that of the starred men of science members of the faculty of Harvard number 58; Chicago, 42; California, 31; Columbia, 29; and Yale, 28. It is interesting also to note that 25 of the starred men of science are Bachelors of the University of Chicago (second only to Harvard); and 57 are Ph.D.s of the University of Chicago (second only to Harvard).

As a result of adjustments necessitated by the financial situation there has been a heavy decline in the number of full time members of the faculty, from 566 in 1931-32 to 512 at the present time, a reduction of 12 1/2 per cent, the heaviest loss being among Professors and Instructors, the highest and the lowest ranks. The time is rapidly nearing when some replacements will be absolutely necessary, notably in Chemistry and Anatomy.
The President of the University reported the receipt of the following contributions and grants and recommended that they be accepted with a suitable expression of the appreciation of the Board:

From the Rockefeller Foundation, (1) an appropriation of $50,000, or as much thereof as may be needed, for research in biology during the academic year 1934-35, it being understood that any balance remaining unallocated for specific projects as of June 30, 1935, shall revert to the Foundation; (2) an appropriation of $25,000 in further support of the program of humanistic research during the year beginning July 1, 1934.

From the Julius Rosenwald Fund, an appropriation of $7,500 for a study, under the direction of Dean Louis H. Wilson of the Graduate Library School, of the county library demonstrations of the Fund in the South.

From an anonymous donor $2,500 and a pledge of an additional $7,500 "to provide visiting professors" to the University.

From the National Research Council of Washington, D.C., a pledge of $2,000 for grants-in-aid as follows:
- To Doctor Otto Struve and Professor C. T. Elvey, of the Yerkes Observatory, jointly, a grant of $350 for the purchase of equipment for the construction of apparatus in connection with their measurement of accurate contours of the absorption lines in B and A type stars:
- To Professor W. B. Harkins, of the Department of Chemistry, a third grant of $200 for the purchase of materials in connection with his study of the force constant for atoms of ordinary and heavy hydrogen in compounds;
- To Doctor Simon Freed, of the Department of Chemistry, a grant of $500 for the construction of apparatus in connection with his study of magnetic optic problems of crystals;
- To Professor R. W. Gerard, of the Department of Physiology, a second grant of $500 for the purchase of apparatus and for technical assistance in the continuation of his studies of the activity of nerve tissue and the central nervous system;
- To Mr. Morris E. Opler, of the Department of Anthropology, a grant of $300 for field expenses in connection with his study of the cultural relationships of Apache tribes.

From the National Academy of Sciences, $300 to be added to the $500 grant previously made to Professor P. A. Roe of the Department of Astronomy for the purpose of assisting the Yerkes Observatory in the preparation of fifty sets of photographic prints. This additional contribution is to be used for an entirely new set of photographs of the Milky Way.
From Mr. Lester Selig, President of the General American Transportation Corporation, $100 to cover one-half the tuition of Aaron Sayretz during the Winter and Spring Quarters, 1934.

From Miss Wilma Walker and Miss Elizabeth Dixon of the School of Social Service Administration, $20 each toward the Probation Project of the School, to be used for "incidental case work expenses."

From the Cook County Physicians Association, $75 to be added to the Medical Students Loan Fund established by the Association in 1926.

From Mr. Lessing Rosenthal, 150 bound volumes of the magazine Punch.

It was moved and seconded to accept the contributions and grants tendered, and to instruct the Secretary of the Board to extend to the donors the appreciation of the Board, and, a vote having been taken, the motion was declared adopted.

The President of the University presented the following recommendation:

It is recommended that Dr. Carl M. Harberg be reappointed as a member of the staff of the Oho S. A. Sprague Memorial Institute and concurrently as Assistant Professor of Chemistry in the Department of Pathology, for one year from January 1, 1934, on a four-quarter basis, with a salary as a member of the Institute, to be determined by the Trustees of the Institute, and with salary of $2,400 from the University chargeable to the grant made by the Armour Company.

It was moved and seconded to make the reappointment, as recommended, and, a vote having been taken, the motion was declared adopted.

The President of the University presented the following communication and recommendation:

The following letter has been received from Beardsley Ruml, Dean of the Division of Social Sciences and Professor in the Department of Education:

Mr. Hutchins

January 4, 1934

R. H. Macy & Company have asked me to become its Treasurer, and after carefully considering the matter, I feel that I must accept. I therefore request that you grant me leave of absence without salary as soon as may be convenient and that you accept my resignation effective July 1, 1934. I regret disassociating myself from the University of Chicago and from participation in its present program with which I have the heartiest sympathy.

Beardsley Ruml (signed)

It is recommended that the requested leave of absence be
granted and that Dean Ruml’s resignation be accepted, effective June 30, 1934.

It was moved and seconded to accept the resignation of Boardley Ruml as Dean of the Division of Social Sciences and Professor in the Department of Education, effective June 30, 1934, and to authorize the President of the University to grant leave of absence to Mr. Ruml without salary for such portion of the Winter and Spring Quarters, 1934, as the President should later determine, and, a vote having been taken, the motion was declared adopted.

Acting under the above authority, the President of the University subsequently granted leave of absence without salary to Mr. Ruml for the period from March 1 to June 30, 1934, inclusive.

The President of the University reported the acceptance of the resignation of Dr. James B. Graesser, Research Instructor in the Department of Medicine, effective January 1, 1934.

The report was received and ordered placed on file.

Upon the recommendation of the President of the University,

It was moved and seconded to appropriate the sum of $1,500 from General Reserve to Officers’ Reserve to cover an underwriting of $1,700 for the maintenance of the French House through the Winter Quarter, 1934, and for future contingencies, and, a vote having been taken, the motion was declared adopted.

The President of the Board reminded those present that under the will of Henry C. Folger, who died June 11, 1930, the residue of Mr. Folger’s estate, estimated at $10,000,000, was to be given to the Trustees of Amherst College upon condition that within three years from the date of the testator’s death the Trustees should install and establish his Shakespeare collection as a permanent library in a building in Washington, D.C., to be known as the Folger Shakespeare Memorial. In the event the Trustees of Amherst College failed or refused to undertake the trust and comply with the conditions thereof, then the property was to be transferred to the Trustees of the University of Chicago under the same trust conditions. If the Trustees of the University of Chicago failed or refused to accept the trust, then the property was to be transferred to the Library of Congress Trust Fund Board under the same conditions and trusts. He stated that the Trustees of Amherst College, in endeavoring to undertake and carry out the trust had found it necessary to make application to the Probate Court for the right to use the principal of the fund as collateral security for loans and had requested the University of Chicago to
indicates its assent to the entry of an appropriate decree or order of court in conformity with the application. He stated that he had consulted with the President of the University and the Treasurer and Business Manager who joined with him in recommending that the request be granted.

It was moved and seconded, subject to the approval of counsel, to adopt the following resolution:

Whereas, the Trustees of Amherst College, as Trustees under the Will of Henry C. Folger, deceased, propose to apply to the Probate Court for the County of Hampshire, Massachusetts, for the validation of a certain instrument, executed November 22, 1933, by Emily C. J. Folger, and confirmation of the right conferred therein upon said Trustees to use the principal of the fund established under said instrument as collateral security for loans and to expend the principal of such funds for the purposes set forth in said instrument, being primarily the maintenance, upkeep and enlargement of the Folger Shakespeare Library in Washington, D.C., and

Whereas, the Trustees of Amherst College have requested that the University of Chicago interpose no objection to the entry of an appropriate decree or order of court in conformity with said application, and

Whereas, compliance with the request would appear to be in the best interests of said trust, estate and of the University as successor trustee under the trusts established under the Will of Henry C. Folger, deceased,

Now Therefore, Be It Resolved that the University of Chicago shall interpose no objection to the entry of the proposed decree or orders of court upon the above mentioned petition of the Trustees of Amherst College filed in the matter of the Estate of Henry C. Folger in the Probate Court of Hampshire County, Massachusetts, and that the President or any Vice-President and/or the Secretary or Assistant Secretary of the Board of Trustees be and they are hereby authorized to execute and deliver such instrument as may be required to make this action effective.

and, a vote having been taken, the motion was declared adopted.
The President of the Board reported progress in the task assigned to the committee which was appointed at the December meeting to study the possible merger of the two local universities.

The Treasurer and Business Manager reported orally on the following matters:

1. General Budget: Estimate of income from endowed funds revised to January 10, 1934, and exclusive of interest on general account, is $1,607,849 as compared with $1,587,915 estimated in the original budget, or an indicated excess over the original estimate of $19,934. Including income on general account budgeted at $39,645 and (due primarily to discontinuance of interest on bank balances) now estimated at $26,306, a net increase is indicated at this time from the above sources of $6,795.

2. Bank Balances with the Bankers Trust Company of New York, Continental Illinois National Bank and Trust Company, the First National Bank, Northern Trust Company, and Harris Trust and Savings Bank were reported as of the opening of business January 10, together with total average bank balances for the first three quarters of the calendar year 1933 (approximately $1,900,000).

3. Percentage Leases: Brief statement of experience to date with Bond Clothing Company and Straus & Schram (furniture) in the former Browning King & Company location in the Williams Building at Wabash and Monroe Streets, estimated rent from former of $20,000 for the current fiscal year compares with $15,000 guaranteed minimum formerly received from Browning King & Company; estimated income from Straus & Schram for the same period of $12,000 compares with $15,000 estimated present value of space leased; experience to date regarded as favorable in both instances.

4. Attention called to steady decline indicated in schedule presented (attached) in the occupancy of the women's halls, which now have 82 vacancies for the current quarter; that occupancy of the new men's residence halls compares favorably with the two preceding years, but that the Winter Quarter occupancy is materially lower than the occupancy in the Autumn period in both years.

5. Tuition Loans (scheduled attached).
**Attorneys' Fees in Foreclosure Cases**

Schedule presented indicating that slightly less than one-half of total mortgages liquidated to date have been handled through outside counsel at a cost of about 1.65 per cent of the face value of the loans involved, and that the remaining mortgages have been cared for without additional expense for legal fees by the legal department of the Treasurer's Office.

**Dormitory Occupancy**

Secretary.
The University of Chicago

MINUTES OF THE BOARD OF TRUSTEES

February 8, 1934

The regular monthly meeting of the Board of Trustees was held in the Board Room on Thursday, February 8, 1934, at 2 p.m.

There were present: Mr. Swift, in the chair, Messrs. Axelson, Blair, Bond, Donnelley, Douglas, Goods, Hall, Holder, Jennings, McWair, Post, Russell, Ryerson, Sherer, Smith, and Stifler, also, Messrs. Filbey, Plimpton, Steere, and Woodward.

Messrs. Felsenthal, Shull, Avery, Bell, Eaton, Epstein, Lindsay, Quantrell, Scott, Stevens, Stuart, and Wilson sent word of their inability to be present.

Prayer was offered by Mr. Stifler.

The minutes of the meeting held January 11, 1934, were approved.

The Secretary of the Board presented copies of the minutes of the following meetings of standing committees, copies of the minutes having previously been sent to all members of the Board: Committee on Development, January 22 and January 26, 1934; Committee on Finance and Investment January 29, 1934.

It was moved and seconded to accept the minutes and to approve all actions recorded therein, and, a vote having been taken, the motion was declared adopted.

The Comptroller presented the following statement:

Comptroller's Statement
February 8, 1934.

The Board of Trustees,

The University of Chicago.

Gentlemen:

At the December meeting of your Board I presented copies of the balance sheets of several educational institutions, calling attention to their accounting philosophy, as well as to their financial condition as disclosed by the reports for the year ended June 30, 1933. At the January meeting I presented a statement indicating the diversification of investments, insofar as it could be determined from these reports. This statement included also the diversification of investments of Carnegie Corporation as it stood on September 30, 1933. It has occurred to me that another presentation could be made with reference to the relationship between the book and market values of bonds and stocks as disclosed by the annual reports of these institutions.

Practice with reference to the publication of information concerning the investments of educational institutions varies as widely as the accounting practices, as shown by a comparison of the balance sheets. In its published report the University of Chicago submits a summary showing the diversification of investments at book value, without any information as to the individual items. Comment is made, however, with respect to the relationship of the total book and market values of bonds and stocks. The University of Rochester prints a list of investments, indicating only the face value. Harvard presents a statement of the face and book values. This is also true of Columbia and New York University. In the case of Cornell, Dartmouth, Princeton, Northwestern, and Yale, information is included in their reports enabling one to determine the relationship between book and market values of securities of the type mentioned. Dartmouth and Northwestern simply present totals, whereas Cornell, Princeton, and Yale submit itemized lists of bonds.
and stocks, indicating book and market values. Carnegie Corporation does the same.

In discussing investments, the Treasurer of Dartmouth College calls attention to the fact that the figures presented are at book value. He goes on to say:

"These book values with a few unimportant exceptions represent cost to the College. Present market values are considerably lower. Under normal conditions it is our policy to show market values and book values in parallel columns for each item. Under present conditions such a presentation seems to have little value. Comparisons of the total market values with the total book values on the other hand would seem to be significant. For the bond investments the total book value is $5,870,945.75, the total market value, $4,502,135. The total investment in stocks shows a book value of $6,107,668.67 and a market value of $2,878,787."

In bestowing endowment funds on an educational institution, it is evident that donors have in mind the provision of support, on a continuing basis, for general or specific purposes; therefore the maintenance of income is the primary objective. This means, of course, that income will not be maintained unless principal is properly safeguarded. In times of great depression, shrinkage in market value of bonds and stocks as compared with book value may or may not be accompanied with a reduction in income. However, income and principal are jeopardized with progressive shrinkage in market value. Conversely, the less the shrinkage in market value, the less likelihood the possibility of shrinkage in income. The dividing line between the shrinkage in market value unattended with reduction in income, and the shrinkage in market value resulting in diminished income, is difficult, if not impossible, to locate. Probably the most that can be said is that the greater the shrinkage in market value, the greater the possibility of reduction in income.

In Statement #1 attached I am submitting a comparison of book and market values of bonds and stocks of Cornell, Dartmouth, Northwestern, Princeton, Yale, and Chicago as of June 30, 1933. I am also including Carnegie Corporation, the figures being taken from their annual report of September 30, 1933. In the order of least shrinkage in market value of bonds as compared with book value, these institutions rank as follows:
In stocks, the following is the comparison of shrinkage in market value:

<table>
<thead>
<tr>
<th>Institution</th>
<th>Improvement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Carnegie Corporation</td>
<td>7.35%</td>
</tr>
<tr>
<td>Princeton</td>
<td>10.64</td>
</tr>
<tr>
<td>Chicago</td>
<td>17.42</td>
</tr>
<tr>
<td>Cornell</td>
<td>20.21</td>
</tr>
<tr>
<td>Yale</td>
<td>21.00</td>
</tr>
<tr>
<td>Dartmouth</td>
<td>23.31</td>
</tr>
<tr>
<td>Northwestern</td>
<td>26.71</td>
</tr>
</tbody>
</table>

The very favorable condition with regard to stocks at Chicago is due to the holdings of Standard Oil stocks. Separating our stocks into two groups, the following comparison results:

- **Standard Oil**
  - Chicago: 11.41%
  - Carnegie Corporation: 15.71%
  - Princeton: 26.19%
  - Cornell: 34.98%
  - Yale: 38.38%
  - Dartmouth: 52.97%
  - Northwestern: 59.77%

  * Improvement

As to totals of bonds and stocks, the following is the order of least shrinkage in market value in the institutions mentioned:

<table>

<td>22.14</td>
</tr>
<tr>
<td>Dartmouth</td>
<td>38.38</td>
</tr>
<tr>
<td>Northwestern</td>
<td>53.01</td>
</tr>
</tbody>
</table>

As pointed out at the last meeting, Carnegie Corporation possesses two advantages over most educational institutions in the matter of handling its investments: It is not under pressure to secure as large income as possible because its disbursements, generally speaking, consist of grants to other institutions, and secondly, it has not been designated as the residuary legatee under wills, which...
Condition results in bringing to educational institutions many investments of a special character that would not be selected as purchases, and it is not always advantageous to dispose of such investments as received. Since the reports of this organization have been prepared in such a way as to render possible comparisons between its bond list and that of the University, I am submitting tables on this subject.

Statement #1 presents a classification of the University’s bond investments on the dates indicated. It will be noted that on September 30, 1932, the shrinkage in market value on the group as a whole was 21.30%. A year later it was 18.69%. The average unit cost was 95.53 in 1932, and 94.74 in 1933. The average unit market was 75.18 in 1932, and 77.04 in 1933. On the average, bonds in 1933 had a book value less by $7.90 than a year ago, whereas the market value was $22.90 per bond greater than in 1932.

Statement #2 presents a classification of the University’s bond investments on the dates indicated. It will be noted that on September 30, 1932, the shrinkage in market value on the group as a whole was 21.30%. A year later it was 18.69%. The average unit cost was 95.53 in 1932, and 94.74 in 1933. The average unit market was 75.18 in 1932, and 77.04 in 1933. On the average, bonds in 1933 had a book value less by $7.90 than a year ago, whereas the market value was $22.90 per bond greater than in 1932.

Statement #3 shows a similar comparison for the bond investments of Carnegie Corporation. The shrinkage in 1932 was 10.23%, and in 1933 it was 7.79%. The average unit cost in 1932 was 95.78, and 95.73 in 1933. The average unit market was 85.76 in 1932, as compared with 88.27 a year later. On the average, bonds in 1933 had a book value less by 50¢ than in 1932, whereas the market value was $22.90 per bond greater than in 1932.

As between the two institutions as of September 30, 1933, Carnegie Corporation paid $9.90 more per bond, and their market value was $112.30 more per bond than in similar categories for Chicago.

It appears from Statement #2 that in terms of book value the University’s investment in utilities in 1932 was 46% of the total. A year later it was 45.33%.

The next largest holding was in rails. With Carnegie Corporation the largest percentage was in rails in 1932, 51.80%, and in 1933, 49.55%.

Statement #4 is a combined summary of bonds of the University, indicating those whose market price was par and over, and descending in ten-point steps. For instance, of the total market value, $7,455,486, or 35.17% was quoted at par and over on September 30. The cost of these bonds was $7,320,225, or 28.00% of the cost.
The total market value of bonds quoted at 80 and over was $14,799,793, representing 69.81% of the total market value. The cost of this group was $15,219,194, or 58.30% of the cost.

Statement #6 is a similar compilation for Carnegie Corporation. Those whose market value was par and over amounted to $48,318,174, or 37.92%. These bonds cost $47,107,568, or 34.09% of the cost.

To a certain extent the market value of a bond depends upon its interest, although there are many other determining factors, some of which are more important. Statement #6 is a comparison between the book and market values of bonds held by these institutions, in terms of coupon rates. The largest holdings of bonds in each of these lists bear rates of 4%, 4½, and 5%. A comparison of these rates in terms of shrinkage in market value for the last two years is as follows:

An inference to be drawn from the figures is that Carnegie Corporation undertook a more rapid turn-over of bonds from the point of view of maintaining high quality with reference to principal. Possibly this quality is higher than need be with reference to continued maintenance of income.

A review of the bonds in default as to interest in these two lists reveals the following as of September 30, 1933:

<p>| | | |</p>
<table>
<thead>
<tr>

The lists of securities of these two institutions are too long to duplicate; therefore I have undertaken, on Statements #7 and #8, to supply lists, by issuing corporations, of the thirty largest holdings in bonds of each of these two organi-
In terms of market value this list is about 44% of the University's holdings in bonds, and about 50% of Carnegie Corporation's. On the average, the unit cost for the group was 93.99 for Chicago, and 95.40 for Carnegie Corporation. The unit market value was 72.97 for Chicago, and 91.49 for Carnegie Corporation.

Reverting to the lack of uniformity in the reports of educational institutions, it may be said that efforts are being made to reduce them to a common basis. Probably some time will elapse before success attends these efforts. The adoption of a uniform basis of reports covering bond and stock investments, comparing book and market values, would undoubtedly result in considerable advantage to the larger institutions. Failing this, perhaps a basis of exchange of such information could be arranged. An effort along these lines would be an innovation for us, since so far as I am informed, a list of the University's investments has never been published or exchanged, although we have frequent inquiries for it. At the present time our printed report is being sent to about a dozen financial houses and organizations other than educational institutions. The only information as to investments available from this report relates to diversification. This matter of publishing a list of the University's bond and stock investments was briefly considered last spring by the Committee on Accounting and Audit. At that time it was thought undesirable to vary from our practice in this respect. If, in view of the practice of other educational institutions, the Board has another opinion on this matter, the Committee on Accounting and Audit undoubtedly would be glad to give the subject further consideration.

Respectfully submitted,

[Signature]

Controller.
It was moved and seconded to refer the question raised by the Comptroller in his statement with reference to policy concerning the publication of a list of the University's investments to the Committee on Accounting and Audit for consideration, and, a vote having been taken, the motion was declared adopted.

The Vice-President of the University reported that request had been received that the University participate in an effort to try to keep the Hyde Park area dry, or in other words, free of licensed taverns. Upon his recommendation,

It was moved and seconded to refer the matter of participation by the University in an effort to keep the Hyde Park area dry to the Committee on Instruction and Research, with power to act, and, a vote having been taken, the motion was declared adopted.

The Vice-President of the University reported that the University is entitled to participation in federal emergency relief for college students, and that the indications are that the University will be entitled to approximately 400 appointments under this form of relief for needy students who will thus be enabled to earn an average monthly rate of $15. He predicted that this would make it possible for many students to remain in the University who would otherwise be obliged to drop out.

The Vice-President of the University reported the receipt of the following contributions and grants and recommended that they be accepted with a suitable expression of the appreciation of the Board:

From an anonymous donor, $20,000 for the Persian Expedition of the Oriental Institute, $10,000 of which was received September 27, 1933, and the balance January 20, 1934.

From an anonymous donor, $5,000 for each project or various projects as may be decided upon by the President.

From the American Council of Learned Societies, an appropriation of $5,000 "towards the editorial expenses of the Dictionary of American English," and for the specific purpose of making possible the early completion and publication of the first fascicles of that work.

From Eli Lilly & Company of Indianapolis, Indiana, a pledge of $1,200 to continue for another year their fellowship in support of investigations being carried on by Dr. Samuel Becker of the Department of Medicine.
From the Illinois Training School for Nurses through its first vice-president, Mrs. Bruce MacLeish, $1,161.25 as an addition to the Nursing Education Endowment Fund.

From the Cream of Wheat Corporation of Minneapolis, Minnesota, a grant of $800, being an addition to their previous grant of $3,500, for the purpose of furthering the study of the effect of various physical and chemical factors upon carbohydrate digestion, being made under the direction of Dr. Frederic Schlutz of the Department of Pediatrics.

From the Society of Colonial Wars, $300 for the Social Science Research Committee to be matched by funds from the committee.

From Mead Johnson & Company of Evansville, Indiana, $250 to provide a technician for six months to complete an investigation, under the direction of Professor Fred C. Koch of the Department of Physiological Chemistry, on the toxicity of irradiated ergosterol preparation.

From the National Council of Jewish Juniors, $200 to be added to the "National Council of Jewish Juniors Scholarship Fund" of the School of Social Service Administration.

From Mr. Charles B. Goodspeed, $100 to be applied to the cost of maintaining the Graduate Club House for the Department of Music.

From an anonymous donor, $50 to be used for the Special Probation Project of the School of Social Service Administration.

From the General Education Board, a release of $25,000, or as much thereof as may be needed, for the period from January 1 to June 30, 1934, for the instruction of negroes in the clinical branches of medicine in the new Provident Hospital.

From the Julius Rosenwald Fund, $8,333.25, being the first quarterly payment for the calendar year 1934 on the Fund's appropriation of $290,000 for the support of the University Clinics.

It was moved and seconded to accept the contributions and grants as tendered, and to instruct the Secretary of the Board to extend to the donors the appreciation of the Board, and, a vote having been taken, the motion was declared adopted.

The Vice-President of the University presented the following recommendations:

It is recommended that Robert Redfield, Associate Professor in the Department of Anthropology, be promoted to Professor with indefinite tenure and appointed Dean of the Division of...
the Social Sciences, effective March 1, 1934, to September 30, 1934, without change in salary, and for one year from October 1, 1934, with increase of salary from $4,500 to $8,000, of which $4,500 shall be charged to instruction and $3,500 to administration. It is understood that Mr. Redfield will render service in four quarters of the academic year, but that his appointment is not a four-quarter appointment as defined in Statute 15(b) relating to vacation credit.

It was moved and seconded to make the promotion and appointment as recommended, and, a vote having been taken, the motion was declared adopted.

The Vice-President of the University presented the following recommendations:

It is recommended that the following appointments be made:

Dr. Walter Wile Hamburger, now under appointment as Assistant Clinical Professor of Medicine in Rush Medical College, concurrently as Clinical Professor of Medicine in the Department of Medicine for one year from January 1, 1934, without salary.

Richard McKeon, of Columbia University, as Visiting Professor in the Department of History for one year, effective July 1, 1934, with a salary of $6,000, chargeable to the appropriation of the Rockefeller Foundation for the development of the Faculty of the Social Sciences.

Dr. H. Rosenberg, of Kiel, Germany, as Visiting Professor in the Department of Astronomy, from April 1, 1934, to June 30, 1935, at an annual salary of $4,000. The salary for the period named has been pledged by the Emergency Committee in Aid of Displaced German Scholars and the Rockefeller Foundation.

It is recommended that the following promotion and reappointment be made:

Clark D. Shaughnessy from Assistant Professor to Associate Professor of Physical Education for one year from April 1, 1934, with an increase in salary from $7,000 to $8,000.

Dr. Harry L. Huber as Assistant Clinical Professor in the Department of Medicine for six months from January 1, 1934, on a part-time basis, with salary of $600.

It is recommended that the following leaves of absence be granted:

By action of the Board of Trustees on December 8, 1932, Professor H.E. Hayward of the Department of Botany was granted leave of absence with salary from the date of the...
Upon the recommendation of the Vice-President of the University,

It was moved and seconded to authorize the President of the University to make the following applications to the Rockefeller Foundation for appropriations as follows:

- $3,000,000 for the development of the program for the field of Genetic Biology;
- $11,750 for the support, from March 1, 1934, to June 30, 1935, of spectroscopic studies for the determination of the nature, purity, and concentration of specific substances in the biological systems;
- $159,000 for the purpose of making up arrearages in the University's collection of public documents; and, a vote having been taken, the motion was declared adopted.

Upon the recommendation of the Vice-President of the University,

It was moved and seconded to make the following applications to the Rockefeller Foundation for appropriations as follows:

- $3,000,000 for the development of the program for the field of Genetic Biology;
- $11,750 for the support, from March 1, 1934, to June 30, 1935, of spectroscopic studies for the determination of the nature, purity, and concentration of specific substances in the biological systems;
- $159,000 for the purpose of making up arrearages in the University's collection of public documents; and, a vote having been taken, the motion was declared adopted.

action to October 1, 1933, because of illness. On April 13, 1933, Professor Haywood's leave with salary was extended to March 30, 1934. It is now recommended that Professor Haywood be granted leave with salary to the end of his appointment year, September 30, 1934.

To Charles Kerby-Miller, Instructor in the Department of English, leave with salary during the Winter and Spring quarters, of 1934, because of illness.

Dr. Roy R. Grinker, Associate Professor of Neurology in the Department of Medicine, is studying abroad under a fellowship from the Rockefeller Foundation. On December 14, 1933, this Board approved a request to provide $1,000 toward his expenses. Because of the difference in the rate of exchange it has been necessary to advance an additional sum of $428.88 to Dr. Grinker, it is recommended that this additional advance be approved and charged to Medical School General Expenses.

It was moved and seconded to make the appointments, the promotion, the reappointment, to extend the leaves of absence, and to approve the granting of an additional sum of $428.88 to Dr. Roy R. Grinker, all as recommended, and, a vote having been taken, the motion was declared adopted.

Upon the recommendation of the Vice-President of the University,

It was moved and seconded to make a further appropriation of $3,000 from General Reserve to cover expenses to be incurred by the Publication Department of the Press for promotion and distribution of educational talking pictures during the six months period ending June 30, 1934, with the understanding that income derived from sales shall be applied to the retirement of the appropriation, and, a vote having been taken, the motion was declared adopted.

Upon the recommendation of the Vice-President of the University,

It was moved and seconded to authorize the President of the University to make the following applications to the Rockefeller Foundation for appropriations as follows:

- $3,000,000 for the development of the program for the field of Genetic Biology;
- $11,750 for the support, from March 1, 1934, to June 30, 1935, of spectroscopic studies for the determination of the nature, purity, and concentration of specific substances in the biological systems;
- $159,000 for the purpose of making up arrearages in the University's collection of public documents; and, a vote having been taken, the motion was declared adopted.

Upon the recommendation of the Vice-President of the University,

It was moved and seconded to authorize the President of the University to make the following applications to the Rockefeller Foundation for appropriations as follows:

- $3,000,000 for the development of the program for the field of Genetic Biology;

Upon the recommendation of the Vice-President of the University,

It was moved and seconded to make a further appropriation of $3,000 from General Reserve to cover expenses to be incurred by the Publication Department of the Press for promotion and distribution of educational talking pictures during the six months period ending June 30, 1934, with the understanding that income derived from sales shall be applied to the retirement of the appropriation, and, a vote having been taken, the motion was declared adopted.

Upon the recommendation of the Vice-President of the University,
On behalf of the special committee appointed to study the possible merger of the two local universities, the President of the Board made a report of progress.

Upon the recommendation of the President of the Board, it was moved and seconded to authorize the payment of a fee of $6,500 to Walter F. Dodd for legal services in connection with the study of the legal problems of the proposed merger, this expense to be charged to General Reserve, and, a vote having been taken, the motion was declared adopted.

The President of the Board spoke feelingly of the urgent need for unrestricted funds and asked the members of the Board to keep these needs in mind and to be on the watch for opportunities to secure funds to meet the needs.

The President of the Board reported that the representatives of Amherst College had been advised that the University would interpose no objection to the entry of the proposed decree or orders of court upon the petition of the trustees of Amherst College filed in the matter of the Estate of Henry C. Folger in the Probate Court of Hampshire County, Massachusetts, and that an enthusiastic and grateful response had been received from the President of the Amherst Board expressing appreciation of this action.

The Treasurer and Business Manager called attention to the fact that the cancellation clause in the present lease for space for the downtown office in the Peoples Gas Building makes it possible to cancel the arrangement October 1, 1934. He reported that he had investigated the possibilities of a new lease for the same space and also for engaging similar space in other buildings in the loop and gave comparative costs. After discussion, it was moved and seconded to refer the matter of lease for office space to the Committee on Finance and Investment with power to act, and, a vote having been taken, the motion was declared adopted.

Adjourned.
A meeting of the Board of Trustees was held in the Board Room on Thursday, March 8, 1934, at 2 p.m.

There were present Mr. Swift, in the chair, Messrs. Axelson, Bernard, Bell, Blair, Bond, Demalley, Douglas, Hall, Holden, Lindsay, McAlpin, Post, Quantrell, Russell, Scott, Sherer, Stifler, and Stuart, also, Messrs. Hutchins, Plimpton, Steere, and Woodward.

Messrs. Felsenthal, Shull, Eaton, Epstein, Gear, Goodspeed, Jennings, Ryerson, Smith, Stevens, and Wilson sent word of their inability to be present.

Prayer was offered by Mr. Stifler.

The minutes of the meeting held February 8, 1934, were approved.

The Secretary of the Board presented copies of the minutes of the following meetings of standing committees, copies of the minutes having previously been sent to all members of the Board: Committee on Budget, March 1, 1934, and Committee on Finance and Investment, February 5 and February 19, 1934.

It was moved and seconded to accept the minutes of the Committee on Finance and Investment as reported and to approve all actions recorded therein, and, a vote having been taken, the motion was declared adopted.

The Secretary of the Board called attention to the action of the Committee on Budget as reported in the minutes for its meeting held March 1, 1934, in which the committee voted to authorize the officers to frame a General Division Budget for the year 1934-35 upon the basis of expenditures of approximately $4,379,311, and to report this action to the Board of Trustees at its next meeting. The President of the Board commented informally upon the budget situation and the President of the University presented a statement which he had presented to the Committee on Budget, copy of which was included in the minutes of that committee.

It was moved and seconded to accept the action of the Committee on Budget as a report of progress, and, a vote having been taken, the motion was declared adopted.
The Secretary of the Board presented the following communication:

A list of candidates for certificates and degrees to be conferred at the Convocation to be held March 20, 1934, is submitted herewith. It is recommended that the certificates and degrees be conferred upon the candidates named provided they conform to all conditions. A summary of the list is as follows:

Total Degrees: 170

Total Certificates: 59

Grand Total: 360
Candidates for Bachelor's Degrees

I. In the Division of the Biological Sciences

For the Degree of Bachelor of Philosophy:

Mary DeKoker
Shirley Beatrix Dulkin
Ruth Marie Follinger

Alice Rita Keegan
Edna Berton Krombholz
Luba Esther Noyd

Ruth Bernice Balkin
Rose Josephine Jirinec
Harry Koenigstern
Frederick Joseph Lesemann

Alicia Rita Keegan
Shirley Marshall Thomas
Florence Elizabeth Weber

For the Degree of Bachelor of Science:

Ruth Bernice Balkin
Rose Josephine Jirinec
Harry Koenigstern
Frederick Joseph Lesemann

Frank Fred Ludwig
Nathan Cape Plimpton, Jr.
Audreie Rocheleau, Jr.
Rudolph Joseph Schachtner

Charles Schupp Salzman
Phillip Joseph Stola
Jr.
Regina Schleif
Shirley J. Weikowsky
Bessie Elizabeth Zabelin

II. In the Division of the Humanities

For the Degree of Bachelor of Arts:

Georg Karl Frederick Mann

For the Degree of Bachelor of Philosophy:

Seymour Ovillo Baker
Ruth Eleanor Barry
Marian Bertram

Genevieve Constance Bigelow
Jane Scherlebe benz
Mary Elizabeth Beekley
Mary Jane Cohn

Dorothy Ethlyn Con
Cora Eckhoff

Doris Mayrice Emerson
Emile Juljen Ferrier

Nicolena Flavrin
Ethel Catherine Franzen

Catherine Rose Garlick
Evelyn Norma Goodman
Ruth Lucille Goodman
Marie Therese Hagen
Stephen Haubert

Shirley Jacobson
Kathryn Kuhl
Blanche Pearl Krilman
Belle E. Kropak

Mildred Jeanne Laster
Charlotte Ethel Lavette

Lila Lorraine Lindsay
Sarah Lissitz

Helen Margareta Losseke
Nora Marie McLoughlin
Eleanor McWhinnie
Rebecca Tobia Medway

Eleanor Lilian Pinnad
Waldo Arthur Rigal

Leo Alexander Rosenzweig
Dorothy Josephine Smith
Jane Frances Tourt

Esther Harriet Trowbridge
Flonie Alta Viner

Harry Lynne Taxtow
Robert Woodman Wadsworth
III. IN THE DIVISION OF THE PHYSICAL SCIENCES

For the Degree of Bachelor of Science:

Aaron Mayer Abels
Edward Joseph Aderman
William Higgins Armstrong
Charles Barlow
Eido Coope Franklin
Salomon Gershon
Charles Lemay Tore
Constance Veronica Kamierczak

Alva Leslie Kallick
Rex Everett Liddow
Donald Peters MacMillan
Kenneth McCullough
Raymond Jacob Medlow
Mervin Moulton
Allan Annetteant Panteion
Alphonse Pechukas

William Oren Philbrook
Carle Albert Renstrom
Marjorie Louise Saucerman
Merlin LeRoy Schults
Lewis Irvin Saller
Charles Henry Taylor
Philip Frederick Tyron
Victor Robert Wolfe

IV. IN THE DIVISION OF THE SOCIAL SCIENCES

For the Degree of Bachelor of Arts:

Velo deLaurence
Lois Roberta Fenam
Clifford James Fynoog

Rachel Katz
Betty Michael
George Joseph Nohara

For the Degree of Bachelor of Philosophy:

Eliza Charlotte Barlow
Lily Emelia Ferguson
Alice Evelyn Davis
Paul Richard Enberg
Robert David Garzmer

Charles Christian Hanch
Hattie Joes Judin
Aton August Makench
Dorothy Bruns Moll

James Kenneth Mulligan
Irene Catherine Stice
Marie Anna Strale
Howard Grant Whittenrner

For the Degree of Bachelor of Philosophy in Education:

Elsie lautsa Still
Alicia Cathrine Feck
Esther Frekilll Davis

Rachel Angella Hart
Gladys Edith McKinney
Alta Browning Moore

Herman Alfred Tavel
Esther Lillian Wesser

For the Degree of Bachelor of Science:

Elisabeth Balhouse

V. IN THE SCHOOL OF BUSINESS

For the Degree of Bachelor of Philosophy:

Herbert Myron Alexander
Warren Sells Akeow
French Strinthe Cary, Jr.
Pearl Kithioy Coscood
Eideo diLeon Hawkins

Ethyn Hyrms
Warren Raymond Kahn
Allan Marshall Marin
Lestie Stacy Mother

Cheerle Frances Sekora
James Chale Standfer
Martha Louise Vaughan
Trevor Will

VI. IN THE DIVINITY SCHOOL

For the Degree of Bachelor of Arts:

David Charles Cook
VII. IN THE LAW SCHOOL

For the Degree of Bachelor of Arts:

John Henry Wenzel

For the Degree of Bachelor of Philosophy:

Herman Leonard Aaron
Searge Word East
Robert Leon Egle
George Devastone Gregory, Jr.
Stephen Segal Johnson

Robert Eliot Levin
Meyer Lipsh Hut
Alist Aarnold Marver
Cedelle Edward Rosenthal
Bernard Sing
Harold William Schurta
Harry Milton Shmps
Gavin Thomas Walker
Hugh Vernon Waule
Robert Zolla

VIII. IN THE SCHOOL OF SOCIAL SERVICE ADMINISTRATION

For the Degree of Bachelor of Philosophy:

Esther Beckenstein
Esther Rose Goodman
Alex Jewell Halpert

Edward Scott Jackson
Frances Mary Loomis
Thurbo Amphicne McClune

Frances Oost
Estelle Scoenpat Weilhurger
Zephyr Bryon Woodson

CANDIDATES FOR HIGHER DEGREES

I. THE DEGREE OF MASTER OF ARTS

I. IN THE DIVISION OF THE HUMANITIES

MILDRED FOSTER
A.B., Indiana University, 1922
(Romance Languages)

JOSEPH ALLYN LANDRY
Ph.B., University of Chicago, 1931

It was moved and seconded to confer the certificates and degrees upon the candidates named provided they conform to all conditions, and, a vote having been taken, the motion was declared adopted.

Mr. Scott, Chairman of the Committee on Accounting and Audit, submitted the following report:

At the meeting of your Board held on February 8, 1934, the Committee on Accounting and Audit was requested to consider and report to the Board on the desirability or undesirability of publishing annually a list of the University's investments in stocks and bonds. I wish to report informally that the committee has held one meeting on this subject, in which the opinion was expressed that it was very desirable for the officers, in their discretion, to exchange with other educational institutions, a list of the University's investments. At a later date an additional report will be made on the question referred to the committee for consideration.

The report was received and ordered placed on file.

Upon the recommendation of the Committee on Memorials as presented by Mr. Stilley, Chairman,

It was moved and seconded to name the new Botany Laboratory, located at 5620-34 Ingleside Avenue, "Charles Reid Barnes Botany Laboratory" in memory of Charles Reid Barnes, deceased, formerly Professor of Botany, and to refer to the Committee on Business Affairs, with power to act, the matter of providing a suitable name plate for the building, and, a vote having been taken, the motion was declared adopted.

The President of the Board presented the following report:

The special committee of the Board, appointed to consider the possibility of the University's merging with Northwestern University, recommends:

1. That the proposal of a merger of the two universities be laid aside and the committee discharged.
2. That the Presidents of the two universities continue to consider the possibilities of such closer cooperation as will produce the best results for higher education.

It was moved and seconded to accept the report of the committee and to adopt the recommendations contained therein, and, a vote having been taken, the motion was declared adopted.
Upon the recommendation of the President of the University,

It was moved and seconded to authorize the President of the Board to appoint a special committee to consider with the President of the University a possible plan for cooperation between the Law Schools of Northwestern University and the University of Chicago, and, if a vote having been taken, the motion was declared adopted.

The President of the Board subsequently appointed as members of this committee: Mr. Sherer, Chairman, Mr. Bell, Vice-Chairman, Dr. Douglas and Mr. Wilson.

The President of the Board called attention to the fact that in connection with the merger study, some expense had been incurred by Northwestern University for a study made by a committee consisting of Messrs. Goffman, Hay, and J. C. Merriam. Upon his recommendation,

It was moved and seconded to authorize the President of the University to assure the President of Northwestern University that the University of Chicago will bear one-half the expense involved in connection with the study made by the committee mentioned, and, if a vote having been taken, the motion was declared adopted.

The Comptroller submitted the following report:

I beg to submit the following report with reference to the possible outcome under the University’s budget for the year 1933-34. As a general statement it may be said that with reference to salary appointments, the Comptroller’s Office has information as to the amount that will appear at the close of the year as the expenditure for this purpose. With reference to the condition of the appropriations for other purposes, it may be said that under the University’s present organization the responsibility of the Comptroller is limited to certifying as to the adequacy of the uncommitted portion of such appropriations to cover proposed additional expenditures. If balances are sufficient, requisitions are passed; if not, approval is withheld unless proper arrangements are made for supplementing appropriations from sources available to the President or Board. The Comptroller is responsible for seeing that appropriations are not overcommitted or over-expended. Operating officers are responsible for seeing that expenditures are distributed during the year in such manner as to provide for the continuing work of departments within approved appropriations. Under this arrangement there is no necessity for the Comptroller to be informed as to the plans of Deans and departments which may result in expenditures less than the amount of appropriations. If expenditures are less, naturally there is a reduction in expenditures as compared with estimates. So far as the Comptroller is concerned, these savings are not apparent until the close of the fiscal
The amount of the net Fund, a possible work of ion as finally contemplated; closing in the sense, is reduced and reserves, a greater sum than originally contemplated; possibly there may be some slight reduction in this requirement, depending upon the attitude of the operating officers, as previously mentioned.

As to the income side of the General Budget, it appears likely that the estimated receipts from students will not be realized by at least $40,000. The reduction in the Laboratory Schools is about $64,000, consequently the other sources of student fees are producing about $24,000 more than estimated, which is a hopeful sign for the future. Some corporations have resumed dividends and others may do likewise. It is possible that the income from real estate may be somewhat larger than estimated. Additional income from these sources may compensate for the shrinkage in income from students.

The net effect of these conditions will result, in my opinion, in closing the year without requiring from Rosembald Special Fund accumulations, and reserves, a greater sum than originally contemplated; possibly there may be some slight reduction in this requirement, depending upon the attitude of the operating officers, as previously mentioned.

#5 - Board of Trustees
March 8, 1934

year, unless, of course, in the meantime he has been notified that an appropriation is reduced and that expenditures are to be restricted accordingly.

Under the General Budget in recent years the original estimates, revised estimates, and final expenditures, reduced to a comparable basis, are as follows:

<table>
<thead>
<tr>
<th>Years</th>
<th>Original</th>
<th>Revised</th>
<th>Actual</th>
</tr>
</thead>
<tbody>
<tr>
<td>1930-31</td>
<td>5,621,072</td>
<td>5,464,177</td>
<td>5,400,807</td>
</tr>
<tr>
<td>1931-32</td>
<td>5,616,730</td>
<td>5,511,506</td>
<td>5,326,797</td>
</tr>
<tr>
<td>1932-33</td>
<td>5,198,810</td>
<td>4,961,848</td>
<td>4,790,098</td>
</tr>
<tr>
<td>1933-34</td>
<td>4,442,836</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

After the budget for 1933-34 was adopted, the Board authorized the granting of half scholarships to an additional block of 400 students, who presumably would not be able to attend the University without this assistance. The amount of such scholarships, $36,000, must, of course, be added to the appropriation of $4,442,836 indicated above, resulting in a total of $4,478,836. It is possible that savings in the budget may be effected by the close of the year. In view of the reduced budget basis it is clear that it is not likely that there will be such reduction in expenditures in 1933-34 as occurred in the three previous years. In view of the allocation of responsibility in operation, the amount of the decrease will depend on the pressure placed on operating officers to hold expenses in check. I presume there will be savings. In the absence of indications as to the plans of the officers I can do no more than to point out the possibility. If the reduction is as much as 2 per cent, the saving would be about $90,000. I do not anticipate it will be reached, however, unless there is a deliberate attempt to curtail expenses, which probably would result in hampering the research work of the institution.

As to the income side of the General Budget, it appears likely that the estimated receipts from students will not be realized by at least $40,000. The reduction in the Laboratory Schools is about $64,000, consequently the other sources of student fees are producing about $24,000 more than estimated, which is a hopeful sign for the future. Some corporations have resumed dividends and others may do likewise. It is possible that the income from real estate may be somewhat larger than estimated. Additional income from these sources may compensate for the shrinkage in income from students.

The net effect of these conditions will result, in my opinion, in closing the year without requiring from Rosembald Special Fund accumulations, and reserves, a greater sum than originally contemplated; possibly there may be some slight reduction in this requirement, depending upon the attitude of the operating officers, as previously mentioned.
The budgets of the Graduate Library School, School of Social Service Administration, Rush Medical College, and Oriental Institute present no financial problems at this time. There seems to be no reason to expect that they will not be conducted within available income therefore.

In the Medical School and Clinics the receipts from patients show an increase as compared with those for a year ago, as well as compared with the estimate for the current year. According to present indications, the expenditures will be within the estimates. As of the close of January the cash receipts of the Clinics were $359,776, or more than $26,000 in excess of the pro rata. The expenditures were $462,723, or about $16,000 less than the pro rata. The effect of the foregoing is to reduce the amount required under the grant of the General Education Board. The fees for professional and x-ray service amounted to $126,135, or $30,426 more than the pro rata.

The report was received and ordered placed on file.

The Comptroller presented a statement of gifts received to June 30, 1933, classified as to sources and purposes. A summary of this report is as follows:

<table>
<thead>

Gifts received from Rockefeller Sources classified as follows:

1. John D. Rockefeller, Sr. | $34,708,355.28 |
2. John D. Rockefeller, Jr. | $5,585,341.72 |
3. General Education Board | $7,970,401.00 |
4. Rockefeller Foundation | $4,093,422.39 |
5. International Education Board | $4,111,999.98 |
6. Laura Spelman Rockefeller Memorial | $1,999,757.41 |
7. International Student Extension | $5,000.00 |
| Total | $68,422,305.18 |
The report was received and ordered placed on file.

The President of the University reported informally on the improved standing of the entering students during the past few years, stating that under tests administered in 1927, the freshman class attained a rating of 74; in 1931, a rating of 98; and in 1933, the present freshman class attained a rating of 111. From tenth place in the list of institutions in 1927, the University advanced to fourth place in 1933 among 153 institutions administering the test. The President stated that among the institutions which had adopted various phases of the New Plan since its introduction by the University, including the college and divisional organization, use of comprehensive examinations and revised curricula, were the following: Colorado College, Dartmouth, University of Georgia, Antioch, Union College, Syracuse, Colgate, Russell Sage College, Reed College, and Wabash College. He reported that there are now five displaced German scholars included on the staff, supported largely by outside contributions. He spoke of the recent appointment of Professor Viner as special assistant to the Secretary of the Treasury to advise on fiscal affairs which will require Mr. Viner's temporary absence from the University on leave.

The President of the University reported the receipt of the following contributions and grants and recommended that they be accepted with a suitable expression of the appreciation of the Board:

From the Rockefeller Foundation, an appropriation of $11,750 for the support, from March 1, 1934, to June 30, 1935, of spectroscopic studies for the determination of the nature, purity, and concentration of specific substances in the biological systems. This appropriation has been made following the President's application of January 29, 1934, which was approved by the Board at its February meeting.

From the Rockefeller Foundation, a pledge of $3,000 to cover one-half the salary of Dr. H. Rosenberg of Kiel, Germany, during a period of eighteen months from April 1, 1934. Dr. Rosenberg has already been appointed Visiting Professor in the Department of Astronomy from April 1, 1934, to June 30, 1935, at an annual salary of $4,000. This pledge will enable the University to extend the period of his appointment to September 30, 1935.
From the Emergency Committee in Aid of Displaced German Scholars, a pledge of $1,000 to cover the second half of Dr. Rosenberg's salary for the period of eighteen months indicated above.

From Eli Lilly and Company of Indianapolis, Indiana, a pledge of $2,000 to continue their fellowship in the Department of Chemistry during the year 1934-35.

From Frances K. (Mrs. Charles L.) Hutchinson, $1,000 to be added to the endowment of the Robert Ridgway Memorial Fund.

From the Rockefeller Foundation, an appropriation of $1,000 to provide interest during the four-month period March 1, 1934, to June 30, 1934, upon the amount of $60,000 due under the Foundation's appropriation RP 31038 for the endowment of the Faculty of the Social Sciences.

From Commonwealth Edison Company, electric energy for use under the direction of Professor William D. Herrick of the Department of Chemistry in the electrolysis of water for the production of so-called "heavy water" to be used in certain research work in the Department of Chemistry.

From Robert V. and Letitia Fyffe Merrill, $600 as an initial payment on a fund to be known as the John Fyffe Merrill Memorial. The letter of gift is as follows:

Letitia Fyffe Merrill and Robert V. Merrill desire to give to the University of Chicago the sum of Six Hundred Dollars ($600) as an initial payment on a fund to be known as the John Fyffe Merrill Memorial, with the provision that Four Hundred Dollars ($400) of this initial payment and one-half of payments, unless otherwise specified, to be made in the future shall be invested and reinvested by the University free from any restrictions new or hereafter imposed by law upon the investment of trust funds. The balance of such principal payments, together with the income which may be received from the invested portions thereof, shall be expended in behalf of children who are patients of the Bobo Robert's Hospital or Clinic as gifts of loans, without interest, to their parents or guardians in intances where they themselves are unable to provide supplementary care. No charges assessed by the hospital for service or supplies available within the institution shall be met from this fund. It is our wish that the funds thus made available be expended under the direction of the School of Social Service Administration.

The original donation towards this memorial to John Fyffe Merrill (born March 28, 1928; died January 6, 1934) came from his friends and heirs with the desire that we might find an appropriate way to commemorate the boy's vocation and out-reaching spirit. It is our plan to add to the fund from time to time, and we should be glad also if in the future
Board of Trustees
March 8, 1934

... other contributions by persons not acquainted with the donors nor with John Forth, Merrill, but interested in forwarding the purposes of the Memorial.

(Signed) Letitia Fyffe Merrill
(Signed) Robert V. Merrill

From Sara H. (Mrs. Joseph) Schaffner, $100 as a memorial to her deceased friend, Mrs. Sidney Morgenthau, to be used to help some needy student.

It was moved and seconded to accept the contributions and grants as tendered, and to instruct the Secretary of the Board to extend to the donors the appreciation of the Board, and, a vote having been taken, the motion was declared adopted.

The President of the University recommended the following appointments be made:

Franz Weidenreich, recently Head of the Department of Anthropology in the University of Frankfurt, Germany, as Visiting Professor of Anthropology and Anatomy for a period of nine months, effective April 1, 1934, with a salary of $4,000. Provision for his salary has been made by the pledges of the Rockefeller Foundation and a group of anonymous donors, reported to this Board on October 12, 1933.

Samuel H. Thomson, as Assistant Professor of Modern History in the Department of History, for three quarters effective June 18, 1934, with a salary of $3,500, chargeable to the appropriation of the Rockefeller Foundation for the development of the Faculty of the Social Sciences.

It was moved and seconded to make the appointment, as recommended, with a vote having been taken, the motion was declared adopted.

It was moved and seconded to authorize the President of the University to apply to the Rockefeller Foundation for the continuance of support of the research program of the Department of Anthropology for three years as follows: $15,000 for 1934-35, $10,000 for 1935-36, and $5,000 for 1936-37; and, a vote having been taken, the motion was declared adopted.
Upon the recommendation of the President of the University,

It was moved and seconded to authorize the Committee on Instruction and Research to empower the President of the University to negotiate with the Rockefeller Foundation for the continuation of support for the School of Social Service Administration, and, a vote having been taken, the motion was declared adopted.

The President of the Board reported that he had received a communication indicating the desire of students and friends of Professor A. J. Carlson to present a bust of Professor Carlson to the University, to be made by some artist approved by the University, for placement in the Physiology Building. Since the offer was being made in accordance with the general plan approved by the Board, he indicated that he expected to accept the offer as submitted.

The President of the Board presented the following communication:

President Swift: March 4, 1934
On the eve of leaving Washington for several months, I feel obliged to submit my resignation from your Board, membership on which for the past five years I have regarded as both an honor and a privilege.

My high estimate of both honor and privilege is based upon my observation of the unique service rendered to the University of Chicago by the business and professional men who make up this Board. It has been an educational privilege to witness the fidelity as well as marked ability with which these men of affairs administer the business of the University.

I regret that my retirement from the Government service makes attendance upon your meetings impracticable, much as I have valued the association with you and the other members of the Board.

This resignation may be made effective to suit your convenience.

With keen appreciation of the many courtesies I have received. Sincerely yours,

(Signed) George Otis Smith.

It was moved and seconded to refer Mr. Smith's letter to the Committee on Nominations and to authorize that committee to accept Mr. Smith's resignation with regret when the committee is ready to propose a nominee to succeed Mr. Smith as trustee, and, a vote having been taken, the motion was declared adopted.
The Treasurer and Business Manager reported that the proposed extension of the water system at Williams Bay, Wisconsin, involving Yerkes Observatory, seemed to be abandoned by reason of the failure of the municipal officials to comply with requirements for securing a federal grant, and that consequently there appeared no prospect of expense for the University in this connection.

Upon the recommendation of the Treasurer and Business Manager,

It was moved and seconded to refer to the Committee on Business Affairs the matter of continuation on a limited basis of the services of Emery B. Jackson as Consulting Architect, and to authorize the committee to make provision for Mr. Jackson's salary on a reduced basis from the Reserve for Buildings and Grounds Improvements, and, a vote having been taken, the motion was declared adopted.

The Treasurer and Business Manager reported that the executors of the Estate of Mrs. Gertrude Dunn Hicks had approved painting of a portrait of Mrs. Hicks by Mr. Paul Trebilcock for presentation to the University.

It was moved and seconded to refer the matter of acceptance of the portrait of Mrs. Hicks to the Committee on Memorials, with power to act, and, a vote having been taken, the motion was declared adopted.

The Treasurer and Business Manager stated there was some possibility that the exemption of the University from the operation of the national codes might be modified in some degree but that complete information on this matter was not yet available.

Adjourned.

[Signature]

Secretary.
A meeting of the Board of Trustees was held in the Board Room on Thursday, April 12, 1934, at 2 p.m.

There were present: Mr. Donnelley, in the chair, Messrs. Axelrod, Bond, Holden, Jennings, McNair, Post, Russell, Scott, Sherer, Stifler, and Wilson, also, Messrs. Filbey, Plimpton, Steere, and Woodward.

Messrs. Shull, Barnard, Bell, Blair, Epstein, Hall, Lindsay, Quantrell, Ryerson, Stevens, Stuart, and Swift sent word of their inability to be present.

Prayer was offered by Mr. Stifler.

The minutes of the meeting held March 8, 1934, were approved.

The Secretary of the Board presented copies of the minutes of the following meetings of standing committees, copies of the minutes having previously been sent to all members of the Board: Committee on Accounting and Audit, March 7 and March 23, 1934; Committee on Budget and Committee on Instruction and Research, April 5, 1934; Committee on Development, March 29, 1934; Committee on Finance and Investment, March 12, 1934; and Committee on Instruction and Research, March 21 and April 5, 1934.

It was moved and seconded to accept the minutes and to approve all actions recorded in the minutes of the Committee on Accounting and Audit, the Committee on Finance and Investment, and the Committee on Instruction and Research (meeting of March 21, 1934), and, a vote having been taken, the motion was declared adopted.

The Secretary of the Board presented the following communication:

At a joint meeting of the Committee on Budget and the Committee on Instruction and Research, held April 5, 1934, it was voted to approve the recommendation of the Officers' Committee that the officers be authorized to frame a general division budget for the year 1934-35 on the basis of expenditures of approximately $4,525,469 and to recommend to the Board of Trustees the adoption of the budget prepared on that basis.

In this connection, the Vice-President of the University read a statement prepared by the President of the University which was presented at the joint meeting of the Committee on Budget and the Committee on Instruction and Research held April 5, 1934. A copy of this statement appears in the minutes of that meeting.
The Vice-President of the University presented the following recommendations from the Officers' Committee:

At the joint meeting of the Committee on Budget and the Committee on Instruction and Research held April 5, 1934, it was indicated that the Officers' Committee would give further consideration to the problem of budget support from the respective reserve and special funds. It is now recommended, the Treasurer dissenting:

1. That the Special Contingency Reserve, the Buildings and Grounds Improvement Reserve, the Auxiliary Fund, and the Endowment Reserve Fund be discontinued and that accumulations in these funds be transferred to General Reserve.

2. That $220,000 be appropriated from General Reserve, so enlarged, to support the General Budget for 1934-35.

3. That $363,730 be appropriated from Rosenwald Suspense Fund to support the General Budget for 1934-35.

It is unanimously recommended:

4. That budget estimates for the Graduate Library School, the School of Social Service Administration, Rush Medical College, the University Clinics, the Oriental Institute and Athletics be referred to the Committee on Budget with power to approve in their discretion.

5. That the President and other appropriate administrative officers be authorized to make adjustments of appropriations within the limits of the budgets submitted.

6. That the Committee on Instruction and Research be authorized to make appointments, reappointments, promotions, and salary adjustments in accordance with the budgets as submitted, or as adjusted in the manner proposed.

7. That the President of the University and other appropriate administrative officers be authorized to operate these divisions of the University's budget within the totals of the estimated expenditures.
The Treasurer and Business Manager presented the following communication:

The Officers' Committee has voted to recommend to your Board that Endowment Reserve Income, Auxiliary Fund, Special Contingent Reserve, and the Reserve for Buildings and Grounds be discontinued and that the balances remaining in such funds be transferred to General Reserve, that the sum of $220,000 be appropriated from General Reserve, so enlarged, to support the general budget for 1934-35, and that the sum of $363,730 be appropriated from Rosenwald Suspense for the same purpose. The effect of these actions if taken will be to eliminate all of the reserves for general purposes, except for a balance of Approximately $30,000 in General Reserve and the unappropriated balance in Rosenwald Suspense.

The proposal, in so far as it relates to the use of Endowment Reserve Income and Auxiliary Fund, would appear to be entirely consistent with the purposes these funds were designed to serve, and, therefore, in order. I am unable to concur, however, in the other items of the recommendation, and, in order to avoid possible misunderstanding, I beg to present herein the reasons for my dissent.

This fund was established in 1917, originally in the amount of $100,000 and subsequently increased to $200,000, "to meet a possible deficit in income" supporting the budget. For a number of years the fund was used to underwrite the apparent excess of budget expenditures over estimated income, and latterly the sum of $50,000 has been used for budget support.

Approval of a budget is, of course, tantamount to a grant of authority to make definite commitments against an indefinite amount of income. Estimates of income are made from fifteen to eighteen months in advance of realization, and there can obviously be no assurance that the total amount estimated will actually be received. In times like the present, particularly, fluctuations in the categories of variable income, such as dividends, student fees and operated real estate, are inevitable and are likely to be substantial. Reasonable provision, therefore, should be made for such contingencies by aggregation or earmarking of reserves specifically designated for the purpose. The consolidation of reserves into a single large fund neither increases assets nor reduces liabilities, of course, but it may tend to obscure somewhat the fact that, aside from budget support, imperative needs may arise, perhaps from causes entirely beyond our control, which may have to be met from this source. Before the consolidated fund may properly be
considered as being available for general purposes, therefore, it would seem essential to make specific provision so far as possible for contingent liabilities which may mature as a claim upon the fund. I should like to suggest, therefore, that not less than $1,000,000 in cash or equivalent be retained in the present Special Contingent Reserve Fund as a measure of protection against variations in estimated income, but that the balance of the fund be released for budget support as proposed.

This fund originally consisted of the so-called "Midway Properties," and the income derived from their operation supported the budget until 1922, when the fund was established as a "Street Improvements Reserve." In 1926 its scope was enlarged to include sidewalk repairs and grounds improvements. In November, 1929, the name was changed to "Reserve for Buildings and Grounds Improvements," and the fund was made available "under the general direction of the Buildings and Grounds Committee for the payment of special assessments for street paving, sidewalk replacements and for improvements in buildings as well as in grounds."

Substantial amounts have been appropriated from this source for improvements in physical plant during the past several years. Many of these improvements have resulted in substantial savings in operating costs, particularly in the steam distribution lines and the heating system. Special assessments for public improvements in the neighborhood of the University, particularly for street paving, sidewalk replacements, wrecking of old buildings, grading, fencing and general care of vacant property, construction of tennis courts, which have frequently resulted in substantial savings in taxes, have all been provided for from this fund.

Under the authority of the committee the following appropriations among others have been made during the current fiscal year:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
