My dear Ross -

1. Jack proposes
a Volume of select
sermons, Touching Religion
from the Side of Evolution

Will you help him
by suggesting any former
sermons - such as you
spoke to me of? -

2. If you still have
the brims that you
were at Peekskill,

I will give up the
bay team - My folks
are decidedly in favor
of the Grays -

I am off for Peekskill

A good summer to you
Hattie - If she does
not keep still - send
her to me at Peekskill
& I will make her

I have Julia Merrill Moores
there now, & if she don't
get well I will kill her -

My practice is efficient -

Yours
Almy Ward Beecher
