My Dear Sir

It is a
severe mortification to be compelled
to say, that I am utterly unable to pro-
ceed on my way West, for want of
means to pay for freights, and traveling
expences. Of the \$1000, the friends at
New Haven voted to raise for me; I have
received through Proffor Swining
\$25. Since then I am not informed
as any further has been done. Will not
the friends in New Haven immediately
raise something and deposit to my cred-
it in the State Bank at Hartford
so that I may avail myself of it?

Very Respectfully Your Friend
John Brown
