EXPOSITION INTERNATIONALE
DE CHICAGO.

COMMISSARIAT GÉNÉRAL
DU
GOUVERNEMENT FRANÇAIS.

RÉPUBLIQUE FRANÇAISE.

Chicago, le May 2^e 1893.
56 - 5th Avenue

My dear Mr. Butler,

According to your suggestion I return to you herewith inclosed the note you kindly sent me this afternoon with full endorsement of Mr. Combet's application.

as long as Mr. Combet has shown his wish to exhibit even with no possible return, I thought his demand was serious & worth recommending. But not knowing what were the engagements of the Committee of Ways & Means with other parties, I told Mr. Combet that his application had very little chance of success.

Of course, Mr. Combet, Mr. Krantz & myself would be pleased if this last, of so many applications for privileges I have had to present during the last ~~two~~ years, was granted.

Mr. Krantz will be most sorry not to see you at his dinner Thursday, because he kept a very good remembrance of your kindness to words him at his first trip. But he will make it up at some other time I am sure.

Yours very cordially

Ed Bruwaert.

My dear Mr. Butler

According to your suggestion I return to
you herewith enclosed the two packets but
this afternoon with full endorsement of Mr. Butler's
opinion.

As long as Mr. Butler has shown his will
to resist our own popular election, I thought
it prudent not to send a single communication, but
his changing will and the importance of the
Committee of Mass. I have not seen for some time
Mr. Butler has in opinion labored with the
of such.

Of course Mr. Butler has thought I myself
have a chance if the rest of the party
to finally decided to favor being
and his friends.

Mr. Butler will be sure to try with us
at his own country, because he has a very good
understanding of our country, but at the first
that he will make it up at some other time than now.

Yours very truly,
Wm. Brewster
Professor S. A. Butler,
Boston, Mass.
