My dear Strong

I am expecting
Scuyler here in a few days from
the Murchie with reports & map
of the property, wher I expect to
go to N. York with him & try
to sell the property in which
event I would like your stock
together with your friends to take
on with so in case of sale I can
put yours in. He did not go
goose hunting, as he caused an
insurrection amongst the Lencant
girls last spring for having to pick as
many geese, but they were here
been more plentiful than they

have been this Spring -
Gen. Sackett can give you the
salient points about Murexide

Yours sincerely
Amy Crook
