Boston 7th Feb 1793

Dear Sir

Inclosed is the paper you
asked for Mr. Wilkes says that it is too
general - that the particular names should
be expressed upon the whole I think
that the officers will consider the
transformation as a just one - They
can see my heart in the different officers
& by examining into the matter they
will be convinced that I truly
regard their improvement

I am Dear Sir with great
confidence your obedient
servant

B. Lincoln
