Whitehall
April 14 1845

I have received the letter which you addressed to me on the 21st Dec. last on the subject of the Island of Chusan.

I have sent that letter to the Earl of Aberdeen; but I must request that you will in future communicate any
any information of which you think Her Majesty's Government ought to be in possession, on matters of so much importance as those to which your letter refers, to Her Majesty's principal diplomatic agent in China, in order that it may reach the Government through the regular official channel.

and in order that that agent may have the means of stating his own views and impressions on the subject referred to.

Your obedient servant,

R. M. Martin, Esq.
