Philadelphia April 6, 1793.

Sir,

After much search and enquiry I have obtained the original letter from the Commissioners of the Federal Court at Trenton relative to the disputed lands at Wyoming. I requested Mr. Dickinson if the letter were in his possession, to transmit it to me, or to any person he thought proper, so that it might be obtained, if needed. He was pleased to send it to me, in confidence that I would deliver it to the Supreme Executive of Pennsylvania. I now incline it to you to be lodged with the public papers of the Supreme Executive. And because there is much jealousy on this subject, I pray you to file with it the letter to me from Mr. Dickinson, to show indisputably how it came into my hands.

A. J. Dallas, Esq. Secretary.

Your most obedient servant,

Timothy Pickering
