Minutes of last regular meeting and last directors meeting read and approved.

Applications for membership were read and referred to the board of directors for final action.

The committee to draw up Resolutions regarding the two Riders to the Legislative, Executive and Judicial Appropriation Bill reported that they had drawn up Resolutions as requested, a copy of which is as follows:

"RESOLUTIONS

At a meeting of the Chicago Civil Service League held May 31, 1912, the following Resolutions were unanimously adopted:

WHEREAS it has come to our attention that the National House of Representatives at Washington, D. C., on May 10th 1912 passed without Roll Call two Riders to the Legislative, Executive and Judicial Appropriation Bill (H.R.24023) the effect of which will be to remove all civil service employees of the National Government at Washington, D. C. in 1917 and place their reappointment in the hands of the Congressmen; and

WHEREAS this action practically nullifies the entire
merit system which it has taken long years to bring to its present state of perfection and places all civil service employees at the mercy of politicians, thereby demoralizing the public service and causing great damage to the general public; and

WHEREAS by the action of this measure a great number of competent public servants who have put in years if their lives acquiring efficiency in the transaction of public business thereby making it practically impossible for them to engage in any other occupation will be thrown out of their positions regardless of their previous efficiency; and

WHEREAS the short period of service provided for in this measure means that only politicians who expect something for nothing and who will make only a pretense of doing any valuable work will seek such positions; and

WHEREAS this effort to go back to the old "Spoils System" is distinctly reactionary and entirely out of touch with the progressive spirit of the times, now therefore be it

RESOLVED that we, representing as we do the thousands of civil service employees of the City of Chicago, County of Cook and State of Illinois, most vigorously protest against enactment into law of this most iniquitous attempt to debauch the public service at the Capital of our Country, and respectfully suggest and hope that the U.S.
Senate will cut out these Riders to the Appropriation Bills, and if necessary that the President will veto them, And be it

RESOLVED that copies of these Resolutions be sent to the President of the United States, the President of the Senate, the Speaker of the House, the members of the committees on Finance and Appropriation in both Senate and House and to all Senators and Representatives from Illinois."

PRESIDENT'S REPORT.
September 30, 1913.

Finished on June 27th 1913 the case of Martin Gold vs. The City Civil Service Commission. He was charged with absence from duty, without leave, inability, and engaging in other business while in the service of the City. The evidence introduced by his accusers was of such preponderance that there was not any room left for defense in his behalf; as a result of same he was dismissed from the service.

July 8th 1913, accompanied by Mr. Philip Steele, waited upon Mr. Jacobs of the City Efficiency Bureau, took up the case with him of Edward McNamara, and his answer was that under civil service the Commission was justified in taking such action as they did in this case, but as yet the case remains unsettled, awaiting a committee from the League and a like committee from the School Engineers to take joint action on the same.

July 23rd 1913 — went before the Cook County Civil Service Commission and took up the case of George P. Connelly who was ruled by the Commission as having only a legal standing of Plumbers Helper, but had same adjusted satisfactorily, giving him a legal standing according to his contention as that of Journeyman Plumber.

July 29th 1913, — took up the case of Frank Kochanski, Engineer at Oak Forest Institution, who was ruled out of the service for want of a civil service standing, and which case
has necessitated up to the present date, on the part of the attorney in the case, a great deal of work in the search of the records in the Courts of this county and the Supreme Court at Springfield, and which case is still pending – hoping that we may establish evidence enough to have him restored to his former position.

August 13th 1913 - sent a communication to the State Civil Service Commission stating that the examination held May 24th 1913 for Supervising Nurse, was illegal and that they must cancel same or show cause on the Courts why they should not be punished for violation of the law; on August 22nd received a communication from said Commission that they would willingly comply with the law and as a result of same have cancelled the above stated examination and have duly advertised a legally called examination for said position.

August 20th 1913 - took of the case of Nellie McLain of the Chicago State Hospital, with Mr. Corby of the Cook County Civil Service Commission and settled the same satisfactorily.

September 9th 1913 - took up with the Cook County Civil Service Commission the contention of some employees that patients had no legal right to qualify for examination for the County service under the law; the Commission took the same under advisement and rendered on the 11th day of September the following decision:
CERTIFICATION OF INMATES OF COUNTY INSTITUTIONS.

WHEREAS certain county employes have objected to the certification of persons who are inmates of Oak Forest or who have received poor relief from Cook County, and

WHEREAS there are now five such persons at Oak Forest Infirmary, and

WHEREAS, this Commission desires to encourage poor persons whether inmates of County Institutions or persons receiving outdoor poor relief who have made themselves self-supporting by passing a civil service examination and have attained by merit economic independence;

NOW, THEREFORE, be it resolved that the Commission declines to make any rule excluding such persons from examination or from county employment. Carried unanimously.

The meeting then adjourned.

I certify that the foregoing is a copy of all official action had at the 244th meeting of the Cook County Civil Service Commission.

(signed) Anna E. Nicholes.
Secretary of the Commission.

Approved September 16th, 1913

Robert Catherwood
President of the Commission.

W. Francis Corby
County Civil Service Commissioner.
Entered protest against promotional Carpenter-Foreman examination, Cook County service, as being too high a grade, as being an examination calling for the requirements of a Building Superintendent. The case was given a hearing September 19th 1913, expert evidence was introduced, but upon proof from the Commission that the examination came within the scope of the requirements laid down in the classification of said position, there was nothing more for your representative to do but withdraw from the case.

September 20th 1913 - took up the case of Mrs. Nellie Daley, Laundress at Oak Forest Institution, who was ruled against as not having civil service standing, and after a short conference with the Commission had her restored to her former position, with a full legal standing.

On the same date, September 20th 1913, took up the case of the City Civil Service Commission violating the law by 60 day appointments, with regard to the Matrons at the House of Correction, with our Attorney, Mr. Busch, and upon his advice, the list being past its two year and one day period, although extended by the Commission, at the moment we hailed them into Court they would cancel the said Matrons list and that would leave us with a losing fight.

September 22nd 1913 - the attention of the Cook County Civil Service Commission was called to the reported persecution by the Supervisor John Welsh of Samuel Slonovich and Matthew Nee, Attending Nurses at Oak Forest, and which the Commission
promised to look into; on second visit on the same case, 
September 23th 1913, Miss Nicholes, Secretary of the Comm-
issio...
creating a pamphlet giving the history of the League and its accomplishments and that it be referred to the Board of Directors for revision and if they deem it feasible to have the same printed in the required lots and sent out for distribution.

Recommends the united support of this organization in building up what is now started on a small scale, the Instruction Department of the League, for the purpose of helping those members who desire to take advantage of the same in preparing themselves for examinations for better positions in the public service.

Recommends sending to the Civil Service Round Table a representative from this organization.

In conclusion will state that considerable time and work has been given to the study of a feasible Pension Law for super-annuated Cook County Civil Service employes, but as yet still awaits the stage of maturity.

Respectfully submitted,
