A CENTURY OF PROGRESS
EXPOSITION
CHICAGO
1934

INDUSTRY, SCIENCE AND THE ARTS CONTRIBUTED THEIR GREATEST ACHIEVEMENTS IN THE BUILDING OF THIS EXPOSITION OF THE PROGRESS OF CIVILIZATION.

Street Cars EVERYWHERE in Chicago
With its terminals serving the principal gates, the Chicago Surface Lines provides the most convenient transportation to the Exposition. Every part of the city is easily reached by street car over a system of tracks which covers the metropolis like a gridiron. A 7-cent fare with transfers good as long as the passenger travels in the same general direction, makes Surface Lines service the most economical.
