The HONOR BILT HOME
AT A CENTURY OF PROGRESS

SEARS, ROEBUCK and CO. - CHICAGO - NEWARK, N. J.
MATERIAL AND CONSTRUCTION SPECIFICATIONS

The Foundation and Excavation

A floor of foundations made with concrete is suggested. The floor is 8" deep in the ground. The foundation is 8" deep in the ground. This prevents frost from freezing the floor and causing damage. The foundation is made of reinforced concrete with a layer of brick on the top. The foundation is reinforced with steel to prevent cracking. The excavation is done by using a backhoe. The floor is set in place with a concrete mix. The floor is then covered with brick and the brick is grouted with cement.

The Steel Frame

The steel frame is made of steel I-beams and steel plates. The steel plates are used as reinforcing plates. The steel I-beams are used as main supports for the frame. The frame is made of steel pipes. The steel pipes are used as columns. The frame is made of steel beams. The steel beams are used as beams.

SEARS, ROEBUCK and CO. - CHICAGO - NEWARK, N. J.
NEW HOME BUILDERS SERVICE

The hundreds of thousands of visitors at Sears Century of Progress "Honor Bilt" home have been so enthusiastic about the house and its beautiful furnishings, we have been deluged by inquiries about the plans and specifications. In order that everyone may see and examine the plans, we have established a new service.

You can secure the plans and specifications for this home, or any home in our Modern Home Catalog, for a small deposit. Complete detail plans and specifications of the World Fair house will be sent you upon receipt of a deposit of $50.00, with the understanding that when you build your home, this deposit will be credited to your purchase of $1000.00 or more. You can buy the complete home, consisting of building materials and equipment, or you may make your selection from the many attractive home furnishings.

This offer applies to barns, summer cottages and log cabins.

Send for your free copy of our new beautiful catalog and study America's sixty best small house designs before you start to build.

The enclosed questionnaire will bring you complete prices on the "Honor Bilt" Home. Fill out and send in today.
