In 1930 The Cooperative Society in Stockholm arranged a
competition, which aroused great interest. The aim was to
get good designs for inexpensive table services, household glass
and decorative pieces blown or moulded in soda and crystal glass.

This glass is produced by Målerås Glass Works, Målerås, from
the designs and under the control of the Cooperative Society.
This glass is sold by orders from Kooperativa Förbundet,
Specialavdelningarna, Stockholm.

Exhibits: Services and decorative pieces in soda and
crystal glass.
