# Mr. Greene's Choice Can Help You!

**M**R. HOWARD T. GREENE, of the Brook Hill Laboratories, selected Arcady-Wonder Dairy Ration for the cows you have seen at this exhibit because for more than twenty years these feeds have led the way to better milk production, better herd health and more economical feeding. Mr. Greene knows that Arcady-Wonder Feeds are made in the most modern, most fully equipped, most accurate feed mill in the country. Mr. Greene wants you to profit by his knowledge of these facts and by the results you see here.

Arcady-Wonder Feeds are manufactured under constant laboratory control and supervision. A staff of chemists are constantly guarding the uniform quality of every shipment. Arcady-Wonder Feeds are farm-proven assuring the best results for you in your barn as well as here at the Century of Progress Exhibit.
