I was here solicited to carry on prostitution. I was asked what black girl I had come up from the basement and who was the person I saw in the second hallway. There was no one of me going and asking me if you was because she finally says, "Do you know her?" I asked, "Is my husband alive now?" she said, "but you take me up sometime I'll have you here and I'll take care of you. All that I will tell you when you come out. How much it will cost."
