After making connections by telephone

I was admitted into the home by a woman I knew as Irma Rocker, the keeper.

During my stay there, the woman solicited me to indulge in prostitution, informing me that she was sick of this trade and that the immoral set would have to take place of another

date. I was unable to loan a price, but was given to understand that she was in charity.

However, when I first met this woman about two and one-half years ago during a piloting at Clark and North Ave., she at that time solicited me to prostitution for a price, that she could not take me to the front owing to the reason that she is that there are married and living with her husband.

Over
I learned that this woman is now divorced and has been for over a year that she was staying with a young woman who were also practicing immorality.

The kreiser told me that she and another woman companion have all night parties that the nuns will acquaint with two plain clothed police officers of the Town Hall station who come to see her once a week.

Complaint # 1993.

During our preliminary investigation while on observation we obtained information from someone who visit these premises for immoral purposes that every one is required to secure a room in advance.

That after you have secured said room, that the full day or well as the clerk would send girls to your room for immoral purposes, that the girls charge from $0.25 to $1.00 for sexual intercourse per room night.

Then in question in my mind that these facts are true and that this would be the only way we would be able to secure质量.

Child delinquency.

We were admitted into a reception hall way of the Rosemont floor by a colored man who appeared to be in charge.

During our stay the colored man solicited us to indulge in prostitution with a colored woman we saw in a front room known as Mary. He named a price.

This solicitation took place in the presence of two small colored children about 10 and 15 years of age.

The colored man also informed us that Mary was engaged with a man at this moment.

Madison between Ashland, Paulina and Wood Street.

First solicitation.

From information I had received, we found the following condition existing. While on the corner of Ashland and Madison, two women solicited me whom I know as Alice and Mavis, well-known prostitutes, whose telephone number we obtained and will follow up later, also in the same vicinity. I recognized thus other prostitutes. One of them unkindly solicited a man.

Between Paulina and Wood and Madison on the South side of street, we were accosted by three women I know to be prostitutes, soliciting us for $75.00, and threatening said money before going to a room.

Two of these women, firmly solicited for more, with in about one minute the solicitation undoubtedly went within hearing distance of a police officer, who was on the corner of Wood and Madison.
