Some of us were at a house of ill-fame. I was led in and shown into
a room by a woman I didn't know. Helen asked the Keeper of the house.
Helen was greeted by the woman in the room, who introduced herself as
the woman I knew as 'Helen.' Helen, who was in the same room as
'Boz' and the other women, was unable to learn.

In the presence of the Keeper as
well as the woman in the room, the Keeper
solicited me to indulge in prostitution

These people formerly frequented a house

I obtained residence on my own account, and
traced them to the above address.

Some feeling of a disagreeable silence and a hint of ill-fortune.

While having around of Lena, Bar, it was proved to me that "Edd" and "Lena", two unscrupulous women, were part of the crew, plotted and asked me to later broth.

We then entered café named in by "the two women, one whom I found to be "Victory" and the other a name of "Edd".

After being served with a round of "Lena Bar", I took women in the parlor. I took them to the "Lola's Laboratory" where they would indulge in prostitution for a dollar. She agreed they would take me in the laboratory, where they would indulge in prostitution.

Apparently a house of ill-fame.

We were greeted in the vestibule by a woman known to me and my stuff as Vivian. The screen of the place was formerly started a house of ill-fame at 862 S. State Ave 2nd floor, which was sad off from a court order.

This woman was dressed only in a little robe exposing her nude body, who admitted me, and showed me into a middle bedroom, informing me that she would join me in a moment.

In this bed room, a girl was waiting who gave her name as Ethel, an inmate from Vivian's room, and we were then all ushered into the rear saloon, where we were again informed by Vivian that she would join us in a moment, and when she was joining by one other girl dressed in street's attire who remained but a moment informing Ethel that she was going upstairs.
Vivien the keepers then entered from the front door with a woman of a heavy set stereotype dark complexion age about forty and said "these are the dirty old now take a look at them I will show you them the next time," both then entered a rear room and in a moment called in Ethel.

Within about two minutes Vivien apprised informing me that she was now ready to let me out. We were conducted through the front way.

She then formed an opinion that there places were stuffed off. However I will maintain these conclusions.
