I was taken to see the place where the banana grove was planted.

The banana trees are not yet fully grown, but they are healthy and strong. We walked through the grove, and the smell of the fruit filled the air.

After the tour, we visited the small village nearby, where the local people live. They welcomed us with open arms, and we were treated to a delicious meal of traditional dishes.

The village is surrounded by lush forests, and we saw many animals and plants that we had never seen before. It was a truly memorable experience.

Overall, it was a wonderful day spent exploring the banana grove and the local community. I hope to visit again soon.
Mrs. E. was here soliciting to indulge in prostitution for a price of $2. She called a negro woman Mrs. C. a long, dusky, young woman and we sat down on the floor. We talked a little and then she called Priscilla Ross a fairly well-built negro girl who had plenty of money saved up, so I sat down on the floor. The lady said, 'Come in and buy us all a drink.' I agreed and she paid. Then we went back in the bedroom and gave you a good time. Then I was called to get back to my time to go back in the bedroom.

I hope the second girl will stand out of it, and really be worth five because we would have such a good time.

"I've been a slut all night," she said. "Take

To the price of 30c
I was too seduced to indulge in prostitution
A man, a hustler, pressed me at the door
and said, "Come in, honey, that's another rub
and here, we'll give you a good time." I asked about the price, he said,
Give me two of your girls, I'll give you a good time..."
