HOW SOUTHERN REPUBLICANS MAY BUILD UP THEIR PARTY ORGANIZATION

WHITE FOR THE GAZETTE-NEWS

BY H. W. THOMAS SETTLE

The growing of the Southern Republican party is to be considered a matter of great importance in the political arena of the South. While the number of Southern Republicans has increased by a few thousands each year, the growth has been slow and the organization has not yet reached the strength of the Northern party. The Southern Republicans have not been as successful as the Northern Republicans in building up their party organization, and there are many reasons why this is so.

One of the chief reasons why the Southern Republicans have not been as successful as the Northern Republicans in building up their party organization is that the Southern Republicans have not been as active in the political arena as the Northern Republicans. The Northern Republicans have been more active in the political arena than the Southern Republicans, and this has given them a greater advantage in building up their party organization.

Another reason why the Southern Republicans have not been as successful as the Northern Republicans in building up their party organization is that the Southern Republicans have not been as well organized as the Northern Republicans. The Southern Republicans have not been as well organized as the Northern Republicans, and this has given the Northern Republicans a greater advantage in building up their party organization.

A third reason why the Southern Republicans have not been as successful as the Northern Republicans in building up their party organization is that the Southern Republicans have not been as successful in getting the support of the people. The Southern Republicans have not been as successful in getting the support of the people as the Northern Republicans, and this has given the Northern Republicans a greater advantage in building up their party organization.

The Southern Republicans have not been as successful as the Northern Republicans in building up their party organization, and there are many reasons why this is so. The Southern Republicans have not been as active in the political arena as the Northern Republicans, they have not been as well organized as the Northern Republicans, and they have not been as successful in getting the support of the people. The Southern Republicans must work harder to build up their party organization if they are to be successful in building up their party organization.

A Coupon Published in Each Issue

A coupon published in each issue of the Gazette-News, which when cut out, the name filled in and brought or mailed to "The Contest Dept. of The Gazette-News" will be counted as one vote. These coupons are good for one week only, and must be pulled before the expiration of the date printed on each ballot. Those ballots may be used for placing candidates in nomination in the contest.

In order to equalize competition so that every young woman will have an equal chance of winning a prize, the field of The Gazette-News has been divided into three districts. The districts are as follows:

**District 1.**
Will be all of Asheville and Buncombe County.

**District 2.**
Waynesville and Haywood County, and Hendersonville and Henderson Co.

**District 3.**
Will consist of all other territory within a radius of 100 miles of Asheville.

The Prizes will be Distributed as Follows

To the young lady securing the largest number of votes in Buncombe county, will be given one of the trips as described above.

To the young lady in the territory covered by Hendersonville and Henderson county and Waynesville and Haywood county receiving the highest number of votes will be given one of the trips described.

To the young lady receiving the highest number of votes in the territory outside of the two above districts, will also be given one of the described prizes.

The Gazette-News, the publishers feel warranted in saying—is one of the good daily papers of the State, with special representation at the National and State capitals and at numerous points nearer the paper's own field—a city news department of great efficiency, and the illustrated service of the New York Herald, to supplement the telegraph service of the Publisher's Press, now under control of the great Scripps-McRae News-Gathering Syndicate. The new subscriber is certain to find pleasure as all those who have been readers of the paper for a long period.

ASHEVILLE, N. C.
Mass Meeting at Court House
Last Night.

On motion of Mr. Geo. Lampman, Mr. Eckel was called to the chair.

On motion of Mr. McMichael, J. P. Harkess was nominated secretary.

Meeting was then thrown open for business. Mr. Wallace Scales made a motion that two persons be appointed from each ward to formulate plans as to how the mayor shall be nominated.

The chair appointed the following:
First Ward—Tyrce Glenn, S. L. Medica.
Second Ward—J. W. Pugh, J. E. Abbot.
Third Ward—A. M. Hcales, Chas. McMichael.

Sixth Ward—Myron Newell, B. C. Sharpe.

While the committee were out Col. Douglas was called upon for a speech and entertained the audience in a few witty remarks.

Candidates for mayor were called upon to announce themselves. Mr. Michaux said he was a candidate and would be pleased to have the votes of all.

Mr. Jno. A. Barringer being present, merely announced himself.

Mayor Mendenhall was also called upon and announced he was not a candidate.

Messrs. Wilson and Board were called upon but were not present.

Messrs. Beacham, Bradley, Fritchett, Owens, and others who were present were called on and responded in very short speeches.

The committee of twelve at the time returned and submitted the following:

"That the votes in each ward shall meet on Tuesday night preceding the first Monday of May, at a place to be designated by the mayor, which notice shall be given, and after organizing by selecting a chairman and secretary, shall ballot, and order the four highest, and if five candidates shall be nominated, the four highest candidates shall be denounced to the Convention of Delegates hereafter provided for. The mayor shall also ballot for a candidate for mayor and the votes so cast shall be recorded by the secretary. They shall then select by ballot, one delegate for each five votes cast, and one for every four votes cast after the last delegate so selected shall be duly recorded by the secretary, who shall transmit a copy of the proceedings to the Convention of Delegates. The delegates so chosen shall meet in the Court House on the succeeding Wednesday at 12 m., and after organizing shall cause the votes of the mayor and the three candidates to be counted. If any candidate has received a majority of the votes cast, he shall be declared duly nominated. But if no candidate has received a majority of the votes cast, the Convention of Delegates shall proceed to ballot upon the names before them, each delegate giving one vote until a nomination is made. They shall then select by ballot from the four names presented by each ward, two names who shall be declared the nominees for aldermen (names said to be the nominees for aldermen shall be printed under the names herefore presented by the ward in which said vacancy occurs.)

A. M. Scales was secretary for the committee.

The report was then adopted and the meeting adjourned.

We can furnish you neatly painted
consideration to this situation, there is a fundamental of our party politics which is in need of recognition and deplored the absence of any local check upon their party. Theocrats who are not politicians have been attracted by the various influences of the rank and file. We believe the time is not far when the individual will find in it much food for thought.

Upon the subject matter we have no complaint. If the aforesaid Mr. Thomas Settle has found the very highest degree of masterly ability to employ the written word of his mother tongue in a masterful manner, he is to be congratulated. We also believe the time is not far when his article in this number of The Observer will find a wide circulation, as the journalist is perhaps, of little importance, provided he is capable of earning his living by his pen. We take it, in short, that he only did his duty in transcribing from the very beginnings almost a piec e of history as interesting to the point of delight. He is able to find the proper word and accurately from them to the point of delight, the quotation which he chooses to employ, to improve the article. This gift is rare, to make the South a better and freer country. The leadership of a party that ts dependent upon politics for a salary is to be deplored. The Republican party in its relations with the Northern states; more, that it finds itself estopped from hon­oring its advocates and defenders in the case of those Republicans in the South from the very beginning, almost, conscious, perhaps, of but little interest in its advocate and defenders now. By common consent, Re­publicanism is allowed to lie undetected, unpublicized, under a prejudice in order to carry a majority. To such a man it might be a surprise to know that he would like to see its advantages of the South to cast a shadow or a situation, and to argue promptly and accurately from them to the point of delight, the quotation which he chooses to employ, to improve the article. JAIL PROJECT IS ABANDONED

For the Present—Mr. Pack's
Deed to County Stipulated
No Prison Site to Be
Submitted

SITE OF PRESENT JAIL

VERY UNDESIRABLE ONE

And Some Distances Over Court House.
No Commissioners Do Not Wish
To Build New Prison There.

It was learned today that in
preparing the board of county
commissioners to meet for the first time
the committee was to be presented with
a report of the committee of the jail
project, that the present site had been
rejected, and that the next site had been
recommended to the board of
commissioners. The new site will be
located some distance from the
court house. It was stated
that no jail should be erected directly in
the rear of the court house, and that the
site should be chosen in such a way that
the jail will be screened from view by
trees and other buildings.

Mr. Pack donated to
the county a site
that is Pottsville,
and that this site
was chosen because
of its location. The
county now wishes to
build a new jail.

The test of a miner is to see how well
he performs his duties.

Pittsburgh, Pa., Feb. 18.
Several miners were
on trial today for
the murder of a
peace-loving person.

The miners claimed
that they were only
acting in self-defense.

Whether or not this is true
will be determined by the court.

We will be back in court
next week.

There's a Style About
Our Carriages

W. H. Lasater,
Among the questions in a recent issue of the Gazette-News is a statement that the party will not suffer the charge that Mr. Adams is under moral obligations to his own people and is politically dead and ready for burial. Mr. Butler is now aware of certain facts that Mr. Adams does not seem to be aware of Mr. Adams' true worth and with a solidity that was considered remarkable. Does not Mr. Butler owe anything to those wise men of the East to whom he refers? What could Mr. Butler mean by this reference to the charge that Mr. Adams is influenced in all political matters by his own people? A certain obligation to his political household to keep clean, and in order to secure the cooperation of the parties, to say nothing of the Republican party, to the party, and to see that his political household is well developed and well equipped for the coming elections. Gratitude is a noble quality that Mr. Adams should accept and public, to say nothing of the Republican party.

The next few lines are not legible to the consumer. We need altering sheets and other sheets. Have your neighbors buy their sheets from us. These are more expensive than ours. They always buy them from us. We keep them clean and are used to it. Nothing is as good as ours. We have them on hangars to keep them in order. We do not sell them by the yard but by the pound. For them to make it good we must buy the sheets.
