Office No. Randolph street
Chicago 7th March 1858

Judge Douglas;

Dear Sir,

To day, Leit and I met in the street, and had some talk; in the course of which he made some allusion to your Springfield speech, a copy of which he had, he said. - As I have mislaid my copy, and as Leit told me I would hereafter have a chance to dis- cuss it with him, will you oblige me, if you have a spare copy, to send it to me?

This is not a time to trouble you with long letters; but the democracy of this city are with you. "The king may make a better knight."

Very truly yours,

T. Ballingall.

Dear Sir:

Will it be convenient for you to send some of your Minority Report on the Seaport Constitution? We are bound to get up one resolution of this kind.

On Friday last I got into my carriage and went to North Woodville. I am going to Coffin's. I hope you will join me. I saw most of the leading Democrats, I made arrangements for our State party.

I only wish to find out our friends. I only wish you could be present. But I must expect you until that question is disposed of. Before that
time I trust we shall hear
an unmistakable demonstration
in the Senate, I refer to the
Administration. Their
continuance,

(W. J. H.)

P.S.,
I can do a great deal
for you with your Minority
object at this time. Your
speech I sent to local
constituents did its work. It
had the desired effect.
The fact is the Democratic
minority of this place is
under the control of Genl.
Geo. B. Patterson, Collector
of this Port. Therefore, it will
do nothing for you or your
friends.
Dear Sir,

I wish to ask a favor that it is in your power to grant. My brother, now a resident of Nebraska, is desirous of assisting in organizing the Democratic party on the County bearing your name, and with the view of furthering this object, has applied to me to procure some documents from Washington. He is Mayor of Elk Horn City, situated about twenty miles inland from Omaha.
and I am led to suppose from my knowledge of his ability, to secure some influence. He has succeeded in establishing a Literary and Scientific Society, and that he could assist this organization and at the same time, effectually bring politically with documents of a public character from the depart-ments of the federal govern-ment, and with speeches and reports that may be published for the use of the Senate and House. If you have occurred to me that might find it convenient or after the November task in which you are now engaged, has been accomplished, to direct that some of your speeches be sent to the address, and any admiration of your course, has induced me to trouble you with this communicating the brevity of which will indicate my appreciation of the multifarious duties you are called upon to perform.

Samuel H. Lowe,
Eld. Herk. City,
Douglas County,
Nebraska.
this will be highly esteemed, not only by him, but by the community he represents, and I trust it is needless for me to intimate that it will be as much gratified as if a personal kindness had been extended towards myself. Trusting that Mrs. Douglas’s health has been fully restored, and that success may crown your efforts to adjust a vexed question justly. Remain Very Truly, My Dear Sir,

Your Obd. Servant,

Sir—

I am authorized to advise you of the results of a recent canvass of this district, and there are but few persons who are not ready to support the views of the proposed amendment of the Constitution. The result is that the Democratic ticket will be carried by a large majority. The people of this district are almost unanimously in favor of the amendment.

I have visited about eight weeks in this State and a straight line passing through the A 1/4, B 1/4 and C 1/4 districts, and in all that portion I did not see a single Secessionist man. I think you will see no other State and the result is the same. If you make a speech in support of your report, please send me a few copies.

Hon: Stephen A Douglas Gen

there is considerable political feeling among the democrats of this County as regard the Reenactment

Constitution, we as a Majority think the Constitution ought to be labelled from the fact that we consider it illegal; on the account of the people of the fifteen Counties not being registered and were disfranchised from voting; and also, we think the Constitution ought to be submitted to the people for their approval or rejection and also for other reasons which you know full well.

As there is considerable excitement we would consider ourselves under obligations to you if you would be so kind as to send us a few copies of your minority report and the majority report of the Committee and also the Constitution and thereby confer on us a great favor.
