To Mr. E. D. Douglas

March 18, 1867

I feel proud that I can ask you for another favor by sending me the first one, Sam. and the first and only vote I have in.

Made it for Mr. E. D. Douglas the Chancellor of my Eighth House. Writing last fall you will please send me some of the most of the young men, reading this mail from the East last fall.

Dear Mr. Douglas,

I write to offer congratulations on your recent success and to hope it will be still more brilliant in the future.

I have to call your attention to a case I have before your honorable body, that involves the interests of one of my constituents, Mr. Bowman. The nature of the case is briefly this: Mr. Bowman purchased of a man by the name of Brown a tract of land, and paid him for it. But before the transfer could be made, Brown was seized by his creditors, leaving no male children in his family. In order to make the assignment valid, Bowman filed a bill in chancery to establish his title. It is an estate (all of which you will see by reference to the papers filed by Mr. Shaw and the East Anglers) that you will be obliged to attend to the matter as little as possible, as the estate must be passed before any thing can be done. Please write me soon on the subject, and give me the earliest news from Mr. Douglass.

And much obliged,
Your humble servant,
C. Douglass

Senator Douglas Dear Sir,

I beg leave to write you a few lines.

In the first place, I will say that I was born and reared in the town of Manchester, Ontario Co., N.Y., and I remember well when your mother moved there, and remember seeing you two or three times, when I was at Clifton Springs, and well acquainted with J. N. Granger. I wish to say to you that I want you to send me as many books and documents as you have, and not neglect your own state, we have but one man from our state in Congress, and for asking a fusionist to send to me I will not do it. I would state, since your speech in Congress on the Kansas question, almost all the fusionists in our city of Adrian are Douglas men. They say that Douglas will be the next President. They almost swear that the Kansas Nebraska bill is their dootin and always has been.

I am Yours in the Democratic faith

Dear Sir,

After congratulation upon your late victory! I would suggest that a move is again in prospect, having for its object my removal from the Post office at this place; and the substitution in my place Mr. J. D. Silver. Mr. Silver is perhaps the most prominent of the few Postmasters who resided among us previous to the last election; and who had doubtless the promise of the P.O. from Cook &c., and lived for sometime previous to the election in hourly expectation of his appointment.

If any charges are made against me or any petition should be forwarded to the Department, all such is an opportunity of retrieving the past or of forwarding or removing a complainant or Complainant to the last. Hoping that I will have the benefit of your influence in any action had upon this matter I remain Your friend &c.
