MS. 74

The first part of this book is Shaare Dura by Isaac ben Meir, of Dueren, fl. 13th cent. This copy is missing the t.p. and the first 7 chapters. The second book bound-with the first looks to be by the same scribe. In the colophon of the second book it lists the name Kalonimus bar Gershom (presumably the scribe's name) and it is dated 5226 [1465-1466]. The second book is about family purity laws. There appears to be a third book about ritual slaughter, but I am yet unable to identify the second and third books.
