Mr. Amos W. Butler,
President, The Amer. Prison Assn.,
Indianapolis, Ind.

My dear Friend:

I am quite ready to leave to your judgment the
number of delegates appointed from Indiana. Of course each
one who is appointed should have a copy of the regulations of
the International Prison Congress that he may be aware of his
obligations and rights. The impression should not be given
to a delegate that he has the right of entry and discussion
simply because he is appointed. He must pay his $5.00 and become
a member as an individual, although his appointment by public
authority is also necessary to his recognition upon payment.
On this condition it would be very desirable to have all your
reformatories and correctional institutions and the city of In-
dianapolis represented.

Without intending to dictate in any way, permit me to
suggest the names of two good preachers in Washington—Dr. Wallace
Radcliffe, Presbyterian, and Dr. S. H. Green, Baptist. Either one
of them would be acceptable and both are at the head of very large
and influential organizations and are representative men in their
denominations. But perhaps you know some better person.

Yours cordially,
Indianapolis, Ind., Apr. 26, 1910.

Dear Sir:—

I am sending you herewith for your suggestions two pages from the proposed English edition of the Pocket Guide.

In the outline I have inserted a clause to the effect that the American Prison Association adopted as its own the program of the International Prison Congress. Do you not think it proper to mention this fact and also to have the date of the American Prison Association extend over the dates of the International meeting?

The second is a preface. You will note the two forms. No. 1 mentions rather prominently the fact that the American Prison Association took the initiative in securing the International meeting.

Please let me know which of these you prefer.

Very truly yours,

Amos W. Butler.
In Washington, I am awaiting your permission for your attendance
and pleasure from the proposed Winter edition of the P A V E.

Gentleman,

In the meantime I have prepared a chance to the
attent of the American Psychiatric Association as the
American Psychiatric Association meeting and you will find inserted in the
volume of the American Psychiatric Association at
the expense of the American Psychiatric Association.

Please let me know what and when you intend

At the instance of the American Prison Association, the President of the United States was authorized by a resolution of Congress to invite the International Prison Congress to hold its session of 1910 in the City of Washington. The invitation was presented at the Budapest meeting in 1905 and was unanimously accepted. For the first time in its history, therefore, the International Prison Congress will be held in the United States. October 2–8, 1910, is the date chosen. The Congress meets every five years.

The American Prison Association will hold its annual session at Washington from September 29 to October 8, 1910.
On invitation of the President of the United States, and by authority of the Congress of the United States, the International Prison Congress has been invited to hold its 1910 meeting at Washington, D.C.

Dear Friend:

I have your esteemed favor of April 26.
It seems to me highly desirable to mention the fact that the invitation of Congress to the International Prison Congress was started in the American Prison Association. This is a historical fact, and the A.P.A. should have the credit. You will not wish to make it too prominent, but it should be stated.

In the programme for Monday afternoon please omit mention of my reception to the foreign delegates. It is simply a private matter, and I put it on the provisional programme only for the eye of a few persons. Please be careful to omit it in sending anything to the printer. The rest of your scheme seems to me all right.

Yours cordially,

Dear Sir:

I have your recommendation favor of April 28. It seems to me highly desirable to mention the fact that the invitation of Congress to the Intertribal Round Table on the training of Congress was received by the American Indian Association with the satisfaction that the A.I.A. Scope has the power to make the program for Monday afternoon. I am aware of my responsibility to the Iroquois delegation. It is simply a business matter, and I past on the program only for the sake of a few persons. Please do not omit to omit all remarks to the printer. The rest of your scheme seems to me all right.

Dear Sir:—

I have your letter of May 4th and note what you say. I congratulate you upon being able to secure the National Museum building for the sessions of the International Prison Congress. That will make us all feel better. I have all along hoped that this would come about this way, especially since I saw that some other meetings were to be held there.

I very much hope you will be able to secure the most distinguished person possible who speaks English for the other speaker on Sunday night, and can let us know at an early date. Can Mr. Mills be of any help in that matter while he is in France? If so, would it not be a good plan for you to write to him, if you have not already done so. His address is c/o Hotel Regina, Paris, France.

May I inquire whether you have received lists of delegates to the International Prison Congress from the Governors of States? Have you received in any of those lists, lists of delegates to the American Prison Associa-

My dear Friend:

I have your favor of May 7. I have received some names of delegates from governors, but nearly all have said that they would send their lists later. Of course, I am keeping them for a complete list.

We are sending out over one thousand copies of the regulations and of the summaries of the International Prison Congress papers.

I think it might be well for you to send invitations to the mayors, as has been done to all the governors, although I presume the latter would be sufficient.

I do not think that Mr. Mills can help while he is in France, as the correspondence is in good shape, although Mr. Schrameck delays for reasons which I do not understand, but it is a delicate and ticklish piece of business, and Mr. Mills does not understand French nor Mr. Schrameck English, so nothing could be done in that way. I am getting help from Berne and from Holland so that nothing is neglected, but I cannot compel answer to a letter from a French official. "Red tape" is the same in all countries, as I find in my dealings with governments here.

Yours cordially,

My dear Mr. Britter:

I have your favor of May 1. I have received
some names of delegates from Connecticut, but I am not
yet prepared to say that they are being sent. The date is not
yet fixed, but I shall be in a position to give you a more complete
list of the names of the delegates when I return.

We are sending out over one thousand copies of
the report of the committee on the Intercollegiate
Congress, together with the minutes of the
Congress.

I think it might be well for you to send
information to the members of the Congress, so as not to
cause confusion in the matter. I have seen the letter
which he says I sent to you, and it seems to me that it
contains nothing that I did not ask for in the first
place.

I go to France as the correspondence at home is far
more important, but I shall do my best to make
reunion with Mr. Sutton and Mr. Scudder, and to receive
from them a report of the Intercollegiate Congress, as I
should be glad to have any information that they may
have.

Dear Sir:

In reply to your favor of May 11th:

The National Committee on Prison Labor is composed of excellent persons, most of whom you probably know as well as I. I accepted a position on the Committee on the understanding that it was a committee for investigating carefully the conditions of the sale of prison products. I soon found, however, that it was going at once into propaganda and seeking to influence legislation before there was time to study, and that my name was used as a member of the Committee in that connection. I have asked them to either excuse me from membership on the Committee, or in some way to relieve of responsibility for actions they may take without consulting me. I have not yet heard from them on this proposition. Their action may be wise, but I must decline to be responsible for measures in regard to which I cannot be consulted. Probably I shall retire from the Committee altogether on this ground, but that is no criticism of the other members.

Yours cordially,
May 9th, 1910

Mr. A. W. Butter, President, American Indian Association.

Dear Sir:

I herewith return to your favor of May 1st the national committee on urged Indian affairs. The committee is composed of excellent persons and know your property as we all.

I accepted a position on the committee for investigating certain national matters of the state of the Indian problems. I am not at the Committee of the self of Indian problems. I am not time to study the influence legislation before the committee. I am not in the Indian as the member of the committee to that connection. I have never been them to other exchange in your member.

I have never been there to exchange in the committee of the members. I have never been with the committee. I have never been there to exchange in the proposition. Their action may not be wise, but I must agree to be responsible for measures to begin to which I cannot be connected. Propriety I shall receive from the committee to exchange on this ground, but that to on another committee of the other member.

Dear Sir:-

I am just in receipt of a letter from Dr. Charles R. Henderson enclosing yours of July 16th, and in reply have to state that I have no plans to suggest for such an exhibit.

You will observe that on page 25 of the English Handbook the last question marked for investigation is "How shall local prisons, jails and lockups be constructed and organized".

My inquiry of Dr. Henderson was that whether in connection with that there would be an exhibit of jail plans. It seemed to me that such an exhibit should be made even if it brought together only a dozen plans of jails. It would be something for those interested to look at. I have no doubt that in a number of the states the Board of State Charities could supply copies of such plans. I refer particularly to Michigan, Ohio, Pennsylvania, Massachusetts (where I suppose it would be the board of prison commissioners), Minnesota (the board of control), and Illinois (the Board of Commissioners of Public Charities). I had not thought further.
In reference to the difference, I am prompt to receive a letter from Mr. Haines in reference to the matter. I am aware that there must be some difficulty in obtaining a proper arrangement, and I hope it may be possible to arrive at a satisfactory understanding. In connection with this matter, it may be mentioned that a new arrangement has been negotiated with the Board of Trade, and I am therefore hopeful that a satisfactory solution may be reached. In this connection, I will take the liberty of suggesting that the Board of Trade be given authority to make any changes necessary. I am therefore willing to take any steps necessary to facilitate the adjustment of this matter.
than this. Simply the matter of wall space would be all that was needed and that would depend upon the extent of the exhibit. If it was desired to go into prisons, custodial schools, etc., of course the exhibit could be extended indefinitely, but I do not know whether that is worth giving the time to. The whole matter is simply suggested.

Very truly yours,

President.
Dear Sir,

I am writing this letter to convey my concern about the current state of affairs in the town. Over the past few months, there have been noticeable changes in the community. The local schools, which have always been well-regarded for their quality education, have started facing financial difficulties. Parents and students are feeling the strain, and it seems like the quality of education is beginning to suffer.

I believe it is important to address these issues promptly. It is my hope that the administration will consider taking steps to ensure the continued excellence of our educational institutions. If we do not act now, we risk losing the reputation that our community has built over the years.

I would like to suggest forming a committee to look into these matters. It would be helpful to have representatives from various sectors, including parents, teachers, and local businesses.

Thank you for your time and consideration.

Yours sincerely,

Alvin Padgett, Washington, Y.
Guy H. Humphreys, Bloomfield, Y.
Mrs. Nettie A. Wilson, Lafayette, Y.
Mrs. L. G. Ellingham, Decatur, Y.

There may be a few additions to each of these lists and if so, I will send them to you later. I am sending these that you may utilize their names in sending out literature.

I wonder if you have not received, in the lists of the delegates sent you, those who were chosen for the American Prison Association. The reason I think that is that in two instances the lists sent me were marked for the International Prison Congress. One of these, Kentucky, was afterward changed because it was said there had been a mistake, and the other I think I sent you.

I have received only a few of the abstracts of the papers for the International Prison Congress, in English. Some persons have told me they have had several packages; I wonder if I have been missed in the distribution.

Very truly yours,

Dear Sir:–

I have your two letters of August 8th. I enclose a list of delegates from Connecticut to the American Prison Ass'n. I presume from this that you will like to have a list of the Indiana delegates of the American Prison Ass'n. I am sending them herewith. I also send you a supplementary list of the delegates of the International Prison Congress. I think you can count on at least fifteen delegates to the International being present from this state. I hoped that the Governor would find it possible to go but he says he cannot see his way to do so.

I enclose you some papers from Dr. Sharp, the one in the brown paper contains the law on the subject you requested. These are the latest expression on the subject.

Regarding the two French speakers, I assume that both speak English. You will know you were to furnish some additional speaker of distinction for a meeting Sunday night. We had hoped to have a man who will measure up with Major McClaughry, Mr. Brockway or Sir Evelyn Ruggles-Brise. Now I wrote you yesterday to know who if any one had been selected for this place. Would one of these two persons fit in there? The only thing is I am afraid their papers are long, for we have asked

However, I have written Mr. Byers that we must take care of one of these for you and shall depend upon him to work it into the program of the American Ass'n. My dear Sir:

I thank you for the document from Dr. Sharp. They, no doubt, contain the argument for the action, but I presume Dr. Thulie desires to have the number of cases in which the commission contemplated in the law has taken positive action. Could you give me these facts also?

In regard to the additional European speaker for Sunday night, my impression is that the best man on the list is Dr. Baernreither. You have his long list of titles in your list of foreign delegates. He has written a very important book on English Life, and another on our systems of caring for juvenile delinquents. He is thoroughly familiar with this aspect of American life and law and is a very prominent man and influential in the Austrian Government. I am morally sure that he can speak English, but this does not help me with my superfluos Frenchman, M. Spach. I do hope you can make a place for him on Friday or Saturday, somewhere. I cannot, of course, be certain that he speaks English, but it would be very interesting to let him speak French and have one of the interpreters give us the substance of his address in English, which can easily

I thank you for the statement from H. Mr. Sharp. They, no doubt, contain the statement for the section, but I presume D. Mr. Sharp's statement to have the number of cases in which the commission cooperated in the law has taken positive action. Could you give me these facts, exactly?

In regard to the attendance of Mr. Kinkaid and Senator Keeler, I am sorry to find your part in the Senate in the roll call at the time of your absence. He has written a very important part in your part of the Senate. He has written a very important part in your party, and not only on our system of financing for the poor, on English life, and perhaps on any system of education for the poor, on American life, and perhaps on any system of financing for the poor. As an Englishman, he has written a very important part in the American Government. I am morally sure that he can speak English, but I hope you can make a place for "Mr. Sharp's" to let him speak English, and perhaps even to speak English, and perhaps even to speak English, and perhaps even to speak English. I am sure that he can speak English, but I hope you can make a place for "Mr. Sharp's" to let him speak English, and perhaps even to speak English.
be done. This will, anyway, be a novelty in our American Association. As to the length of the papers, I think we can handle that by personal suggestion at New York. These gentlemen will be with us for only two weeks, and many such adjustments can be made after we know how much English they can command. In sending me notices they do not tell me about their linguistic range, and anyway, we must take care of that through our interpreters. It is a feature of an international congress.

Yours cordially,

I'll send you a monetary donation to the American Association of the Deaf, New York, as I think we can handle a lot of problems. "No, men will not be with us for only two weeks, and many more will come. We want you to make sure that you know whom to help first."

I'm writing you to inform you that we need a little more time to prepare.

Dear Sir:

I thank you for sending me the list of delegates. We are sending out the second package of abstracts in English of the International Prison Congress papers. You should have, in the two packages already sent you, about 42 papers. If you have not received both sets please let me know. I am receiving acknowledgments from recipients all over the United States. The third set ought to come to me for distribution very soon.

You ask me about the foreign delegate to speak on Sunday night, October 2. I thought you had fixed upon the names. Perhaps my letter sent you yesterday about the French speaker might be taken into consideration.

I certainly have had the Sunday night meeting on all the programmes for which I am personally responsible, and unless it has dropped out somewhere through clerical mistake, or by action of your Committee, I cannot understand how your copy should fail to show it. To what "Preliminary Programme" do you refer? I surely want to emphasize that Sunday night meeting in all our publications.

Yours cordially.

Dear Sir:

I thank you for mentioning the fact of getting acceptable papers. We are working out the details of the organization of the American Prison Congress. You are probably aware that the two previous attempts to hold Congresses failed. I know I am receiving several communications from representees all over the United States. The thing next spring to come to me for gratification very soon.

You seem to have sent the letter correctly to speak.

You may be pleased to know that you peg the series now the Sunday night October 5. I suppose you pay fixed now the

I am glad to hear that you have received my letter. I have never seen or heard anything from any committee. I cannot imagine how you take the action of your committee. I cannot understand how you take "interimary" to mean "interim" to show that. I really want to incorporate that simply.

Dear Sir:—

I am in receipt of yours of August 10 and 11, and note what you say. When the next package of abstracts in English comes, I will check them up and see in what condition I am as regards them.

Regarding another foreign delegate to speak Sunday night, you will probably recall that on April 21 you wrote to me upon receipt of letters from Professor Borel, Dr. Guillaume, and Professor van der Aa, that they all insisted that Dr. Borel should not speak on Sunday evening. I enclose herewith a copy of your letter. On April 25, you wrote me: "I appreciate the importance of giving you a substitute for Dr. Borel on Sunday night. I am doing all in my power to get a prompt response from France. It is important to have France represented for reasons already explained." On May 11 you offered to write to Mr. Schrameck and have him name a man in place of Dr. Borel. I wired you as follows: "Write at once to Mr. Schrameck and arrange for speaker for Sunday night who can speak English." I have been waiting since to hear from you as to who was selected to take Dr. Borel's place. You know the men, and I am desirous of having the man you want. You doubtless have that all in mind, and this will serve to recall it to you so that this can be filled out without delay.

The preliminary program to which I referred, which omitted the Sunday night meeting, is the one gotten out by Mr. Eyers, which you have doubtless seen, and a copy of which, in case you have not, I send you herewith.
DEAR SIR:

I am in receipt of your letter of August 12th. I am very glad to hear from you, and note with interest your expression of opinion. I will consider your suggestions in forming an opinion of my own. I have sent you a copy of the report of the Research Committee on the American Association for Psychical Research. I hope you will find it of interest.

from America (Pictorial Photographers)
seemed to me that the outline as I had it provided for it to be in the White House; perhaps it has seemed best to you to change it. It would be a fine thing if we could have one or more sessions of the Congress in the White House — the East Room, in which you know the Conservation Congress and the Children's Congress were held, would do well for the meeting.

Mr. Byers writes me that he has received lists of delegates from but 19 states. I wonder if you have had better success. Do you suppose he has received any lists that should have come to you and you have received any that should have gone to him? Has the President appointed the delegates from the United States? If so, I should like to have the names and addresses of those appointed.

Have you enough copies of the English handbook to supply your needs? If not, I should be very glad to supply you with more.

Regarding the matter of toast-master for the banquet of the American Prison Association to the members of the International Prison Congress. As you know, the suggestion has been made that the president of our Association preside. How would it do for me to preside at the banquet and have Mr. Mills to act as toast-master. You know the proprieties of the occasion, and we do not want to make a mistake. I shall be very glad to make that arrangement, if it meets with your approval.

I just have word from Dr. Freundenthal, of Frankfort-on-Main, regarding his inability to come to America and attend the meeting.

Very truly yours,

Amos W. Butler.

My dear Sir:

In reply to your favor of August 12:

I thank you for reminding me of the situation about Sunday night and my letter of April 21, a copy of which you kindly sent me. My impression now is that Dr. Baernreither of Austria will be the best man to put in on Sunday night, then if you can give the chief representative of the French Prison Association a place on Friday or Saturday, wherever most convenient to you, I believe we shall meet all the requirements of the situation. Mr. Schrameck, who is the official delegate, is already placed as one of the lecturers during the week of the International Congress, and the other French gentlemen I can dispose of at one of the evening banquets. I am grateful to you for helping me make this delicate adjustment.

I am checking up my lists of delegates from the states, both to the international and the national meetings, and will give you the results when completed.

We have at present a sufficient number of the English handbooks. I think that about the time of our excursion even during the Congress the remaining copies will be in demand.

My dear Sir: 

In reply to your letter of August 8, I thank you for reminding me of the attention to your subject. 

You kindly said in your letter of April 25th a copy of which you kindly sent me, 'My impression now is that Dr. Heberden's account of Pneumonia will be the best man to put in any syllabus.' 

If you can give the other representative of the Pneumonia Association a place on a syllabus or schedule, whether most convenient of appointment to you, I believe we will still meet all the requirements of the situation. Dr. Bingham, who is the official delegate from the American Laryngological, Rhinological and Otological Congress and the other Pneumonia Committee, I am sure, will be glad to have one of the committee members. I am expected to you.

I am appropriately in my letter of August 8th.

We have at present a sufficient number of the problems. I think that about the time of my return to

for newspaper men, magazine writers, and even for foreign delegates.

I think that it would be perfectly proper for you, as President of the Association, to preside, and if you think best to name someone as toastmaster. This is frequently done and would be entirely proper, if you wish to do so. Brevity and variety are the chief points in such a programme. The Europeans do not expect us to copy their social forms, and they really wish to see us act naturally, just as we ordinarily do.

I trust that if you find it possible to be present and able to assist, you will do so. I am told that the American News is desirous of publishing a story about the Meeting of Representatives. This is understood to have been arranged by Mr. M. E. Brown. If you find it possible to be present, it would be of great value to have you there to take part in such a programme. Dear friend:—

I have been thinking some about making the tour for our international friends as plain, easy, and helpful as we could, and also providing in that connection a few matters for information and introduction that we all would naturally acquire thereby before the meeting at Washington. With your permission, I should like to suggest what I have been thinking about.

It has seemed to me that a little booklet of pocket size should be supplied in sufficient numbers, not only to accommodate everybody, but also to distribute to the members of the press and the local committee at every place where we go, for their information, giving among other things the following: the list of the members of the party, stating who they are and where they are from; possibly there should also be a list of all the delegates, both from foreign countries and from the United States, giving the same information. There could be given the United States General Committee, The American Prison Association Committee, and several co-operating committees; and I may say that I have just received these from the Society of Superintendents of Institutions for the Insane, for the Feeble-Minded, and from the American Medical Association, and we learn that one has been appointed by the American Association of Social and Political Science. There could also be included the exact itinerary, giving time-tables of rail-
Dear Mr. Randleman,

I have been working on a report which will be presented to the Board of Directors. As you can imagine, the process of collecting and organizing the information has been quite extensive. The report will include a comprehensive analysis of the association's financial status, as well as an overview of our activities over the past year.

In addition, I have prepared a draft of the association's new bylaws, which will be discussed at the upcoming meeting. I believe that these changes will help to streamline our operations and improve our overall effectiveness.

Thank you for your continued support and for allowing me to serve as the association's secretary. If you have any questions or concerns, please do not hesitate to contact me.

roads and of events at each stopping place, and a statement of what will be done at each place visited, so far as it is possible to ascertain that fact. Perhaps there are other things that could be included and not make the little book too large. But it seems to me that if this information was in everyone's pocket we would then be able to get the names, and it would not only help us, but help the local committee from each place, and afford the necessary newspaper information. This could be very plain and inexpensively printed.

By this same mail I have a letter from Mr. Mills, in which he speaks of having in preparation a book containing the itinerary of the trip. I do not know how large this book will be, but it might be a good plan to include the information indicated in it, but I should think it had better be published just a few days before the time of starting on this trip, so that the very latest information we have could be included in it.

I am sending a copy of this letter to Mr. Mills, as a partial reply to his.

Very truly yours,
