August 11, 1910.

To Members and Delegates:

Gentlemen;

You have already been advised as to the general arrangements for the meeting at Washington, to convene on September 29th. The program, with announcement of hotels and other local matters, was mailed to you some days ago. Inasmuch as our Association will occupy in many ways the part of host to foreign delegates, our Executive Committee has decided that it will be a pleasant and proper thing for us to tender a banquet to the foreign delegates. It is, of course, expected that our membership will defray the necessary expense. Tentative arrangements have been made for such a banquet, to be given probably on Tuesday night, October 4, at the New Willard Hotel. The price of tickets will be $10 each. Our membership and delegates to the meeting are invited to subscribe for one or more tickets. It is absolutely necessary that we know as soon as possible about how many of these tickets will be subscribed for, so that necessary arrangements can be made. You are therefore requested to advise the General Secretary of your intention to be present at the banquet, notifying him how many tickets you will require. A remittance covering the cost of the tickets will be required on or about September 1st, 1910.

Very truly yours,

[Signature]

General Secretary.
To Members and Delegates:

General:

You have already been notified as to the general theme

ments for the meeting of the association to convene on September 28th.

The program, with an emphasis on the subject of the association will occupy as much space as possible at least
each of the Committee reports. It is hoped that the committee will be as full as possible.

If you have any projects or suggestions, please forward them to the Committee.

The necessary arrangements for the meeting have been made. You will find a separate fee for the meeting will be $2.00 each.

The price of tickets will be $1.00 each. If you are unable to attend, please notify the Secretary in advance.

Yours truly,

Dear Doctor Henderson:-

Yours in regard to the mailing of abstracts received. You are doubtless right, and the absence of stamps on your franked envelopes may have lead many of them into the wastepaper baskets.

I have just received a list of delegates appointed by Governor Willson of Kentucky, three to the International and fifteen to the American Prison. In the event that Robert Bingham’s name has not been forwarded to the State Department for appointment as a Government delegate, I shall suggest his name to Governor Willson as a State appointee. I hope, however, he is on the Government list.

Very truly yours,

Dear Doctor Henderson:—

Will you please advise me whether or not you have sent (separates) out the papers thus far printed and shipped to you, to the addresses furnished by me? In several instances persons whose names are on the mailing list which I sent you, have said to me that they have not yet received the advance papers promised. I have had no indication from any source of anyone having received the papers. It may be that you are holding them; if so, please advise.

Dear Doctor Henderson:—

In regard to the abstracts of papers we are having printed. Up to now I have had 2000 of abstr abstract printed, sending you 1500 and having 500 sent to myself. Inasmuch as you are sending them out to every name on our mailing list I am in doubt as to whether or not we will need the extra copies that I have here. I have had it in mind that they would come in good for use during the Congress. If you think not, please advise me so that I can reduce the number to meet our present and prospective needs. Do you want less than 1500? or will you need some of these that I have?

I acknowledge receipt of four additional papers which I have forwarded to the printer.

My dear Friend:

Yours of the ninth of July is at hand. I have a small quantity of the fifteen hundred left after sending to all the persons on my mailing list but the second list is somewhat enlarged and we shall have none too many I think. Besides I rather believe that your first thought to keep five hundred for circulation at Washington is wise. We kept two hundred copies always of the French Bulletin for this use at this Congress and it has appeared to be desirable.

I am sending you the abstracts as fast as Mrs. Barrows has them ready in order to prevent delays and keep things running.

We have fine arrangements for the entertainment in Chicago. I am having meetings with the committee of the Chicago Association of Commerce and have secured cooperation with the mayors office and have conference meetings and think you will be satisfied.

My dear Doctor Henderson:-

I am giving you herewith names suggested by our committee for appointment by the State Department or the President, as delegates to the International Prison Congress. You may wish to eliminate some of the names and it will be better to do so if you are convinced that the number is too large.

Scott, Mills and myself reached New York Monday evening after a very satisfactory trip. At Indianapolis we had lunch with the Governor, members of the State Board of Charities and of the Commercial Club and left feeling sure that everything was in good shape at that point. At Louisville we met Col. Osborne, Sehon and others. Invitations from the Governor and Mayor were promised to reach Mills or yourself this week. We stopped long enough in Washington to run up to the State Department and drum them up on the matter of the franking privilege for Mr. Mills. All in all I think the trip was a very necessary one and that the good results accomplished will be apparent in September.

R.W. Bingham, who charmed both Mills and Scott (He did it to me long ago.), has accepted our invitation to join the special party.
Dr. H.-2-

He is a lawyer, ex-mayor of Louisville, a charming man socially, speaks both French and German, and is just the sort of person for the trip. I hope his name will appear among the U.S. delegates when they are appointed. It is on the enclosed list.

Please advise me at once what States have notified you of the appointment of State delegates. I have record here of only seven.

You will note also a number of corrections in addresses. For future issues of abstracts please use this new list.

Additional abstracts just received and forwarded to the printer.

You will receive within the next week or ten days another installment of abstracts from the printer. In reference to these I call your attention to Mrs. Barrows' suggestion in the attached letter.

It will not be possible for us to reprint these questions now. I suggest, however, that when you send them out you might enclose a printed slip, or, if you can, a letter, calling attention to the pamphlet which I suppose you have already sent to persons on our mailing list. I refer to Senate Document #462 dealing with the International Prison Congress, its origin, etc. and containing program of questions. Amos W. Butler, President,

Dear Mr. Butler:

Your several letters are before me. I spent Monday in Washington with Mr. La Dow, calling on Mr. Edison, Wilson, hotels, etc. From all that I can learn, Rev. Wallace Radcliffe, 1200 K Street, is the man for our conference sermon. I endeavored to see him with Mr. La Dow, but he was out of the City. I am writing him, however, inviting him on behalf of the President and members of the Association, to preach the conference sermon. His church is centrally located, within an easy five minutes walk of the New Willard.

After talking over with Mr. Edison and Mr. La Dow the place for our meeting, I concluded that it would be much better for us to hold our meetings in the auditorium of the New Willard. Their main auditorium will seat one thousand, which is several hundred more than can be accommodated at the New National Museum building, and it is in every way beautifully appointed and convenient. So far as entertainment for our officials is concerned, I did not take up the matter with Mr. Hight, the proprietor of the New Willard, Mills having intimated to me that he had already done so and that he would do the right thing by us. I will definitely conclude these arrangements as soon as Mills returns and I know what understanding he reached. We shall undoubtedly have to select this hotel for our headquarters,

Amos S. Fuller, President

International T.I.E.

Dear Mr. Fuller:

Your secretarial letter was forwarded to me about Monday in

connection with Mr. Leck's practice of Mr. M. Leon, Mr. T. H. Leck, also

from which I saw L. E. Fuller, Mr. W. H. Fuller, Mr. H. H. Fuller, and Mr. S. C. Fuller to

not in a position to prevent the introduction of any member of the Association.

To bless the conference session. His opinion is certainly founded

within a five minute walk of the new twilland.

After telling each with the reason and why, I saw the above

for our meeting, I concluded that business is more possible for us to

hold our meeting in the importance of the new twilland. There may

not be a meeting with our committee, which is simply landing more

important with the President of the new West Side Room Boarding and it

may be included in the new twilland Room Boarding. The basis of

the basis to our committee or any committee, I may not take up the

matter with Mr. H. H. Peabody of the new twilland, H. W. Peabody.

although I know of no hotel where the prices are so high. So far as rates for delegates are concerned, there will be no reduction.

I suggested the necessity of appointing a local committee and this will be attended to by LaDow, Wilson and Bicknell. Mr. Edson promises all the help that he can give us in an advisory way, although he cannot undertake any active work. Bicknell I did not see. LaDow will send me the names of the leading ministers. I will write each of them sending them a complimentary copy of the Seattle Proceedings and asking them to devote at least one Sunday to our affairs before the middle of September.

Everyone speaks of Judge Stafford as being one whom we should have on our program. If you approve I think he might be invited to take part in the discussion of the Committee on Criminal Law Reform.

I do not see how we are to raise any money at Washington. There is no public spirit, and no organization, so far as I can learn, through whom we can work. My judgment is that the Executive Committee at its next meeting should direct the Secretary to call the attention of the membership to the unusual conditions that obtain, and the unusual expense we are being put to, and ask for contributions. If the Committee will set the pace it should not be difficult for us to raise $500. For my own part I am willing to be one of twenty to start the thing with $25.00. However, this matter had best wait until the Executive Committee can take action.

I note what you say in regard to the English edition of the Guide. Will await further advice from you before purchasing and addressing envelopes.

I have faith in your abilities and the expertise of our current committee. However, I urge you to consider the potential risks and consequences of this course of action. It is crucial that we make informed decisions that will benefit our company in the long run.

Dear Sir:

You have been suggested for membership in the American Prison Association. It gives me pleasure to state something of the work and objects of the Association in the hope that your interest may lead you to identify yourself with it.

The Association meets annually to discuss matters relating to crime, its origin and prevention; criminals, their treatment and reformation; laws for regulating the punishment of crime and the treatment of criminals and many other questions covered in the general field of criminology. The object of the general meeting is to bring together experts from the various fields of work to discuss methods and systems and to exchange experiences. The membership is composed of prison and reformatory officials, members of boards of managers, physicians, chaplains, judges, lawyers and others interested in or connected with the administration of criminal law and penal and reformatory institutions. The Proceedings of the annual meetings are printed in book form. All members of the Association receive these Proceedings by virtue of their membership, which is secured by the payment of the annual fee, $5.00.

The annual meeting for 1910 is to be held in Washington, D.C., immediately preceding the convening of the International Prison Congress. The latter named body is to meet in Washington October 2 to 8, inclusive. This will be the first Congress to be held in the United States. It will bring to our country experts from
Dear Sir:

You have been suggested for membership in the American Prison Association. It was with great interest that I received your letter expressing interest in the work and objects of the Association. It is the hope that your interest may lead you to identify yourself with it.

The Association meets annually to advance matters relating to the control, the treatment, and rehabilitation of the prison and the treatment of criminals and many other desirable objects. The meetings of the General Board and of the General Meeting are open to all persons interested in them.

The Association consists of prison and correctional officials of various states and territories. The prison and penal and reformatory institutions of the several states are represented by their officials.

The annual meeting is held in October. The officers of the Association are elected at the annual meeting.

The membership fee is $1.00. Applicants for membership must pay the annual fee of $1.00.

The subscriptions are open to all persons interested in the work of the Association.

The subscription is $3.00 per year. Copies of the 'American Prisoner' are sent to members.

The annual meeting is held in October.

Please write to me if you have any questions or if you wish to become a member of the Association.

Sincerely yours,

most of the civilized countries of the world. The invitation to
meet in Washington was extended by President Roosevelt by authority
of the Congress of the U. S. on the initiative of our Association.
It is on this account that the meetings are to be held at the same
time—our own Association September 29th-October 1st; the Inter-
national October 2nd-8th

Our members will be eligible for membership in the
International Prison Congress and may attend their meetings upon
payment of their membership fee of $5.00. The printed Proceedings
of the Congress will be sent to all members.

Unusual importance attaches to the meeting of our Associa-
tion this year on account of its relationship to the International
Congress. We are desirous of having a large attendance at Wash-
ington and by that and other means give foreign delegates some adequate
idea of the extent and importance of our penal and reformatory
institutions and the operation of our criminal laws. The opportunity
afforded to us, however, of learning from the foreign members of
the Congress, is of prime importance and one that we should not
neglect. I hope it will be possible for you to be present during
the Congress as a member of the American Prison Association.

Abstracts of all papers prepared for the International Congress
are being printed in English, and will be sent as issued for your
information. Membership fees for both Associations may be sent
to me; or to H. H. Shirer, Financial Secretary, Box 581, Colum-
bus Ohio, for the American Prison Association and to Prof.
Charles R. Henderson, The University of Chicago, Ill., for the
International Congress.

Very truly yours,

Our members will be eligible for membership in the International Pilgrim Congress and may attend their meetings upon payment of their membership fees of 50 cents. The printing of the sessions of the Congress will be sent to all members.

Unusual importance attaches to the meeting of the Congress. We are anxious of hearing a large attendance of delegates and friends to this great event. It is an event ofuiitallhowaceaf, ifthe oaii;i and importauce of our pending and forthcoming legislation and the operation of our criminal laws. The opportunity to be present at the sessions of the Congress is a privilege of the American Pilgrim Association.

I hope it will be possible for you to be present at the Congress as a member of the American Pilgrim Association.

The following is for the benefit of interested members, but will be sent as issuing for your own use and printing in English, and will be sent to you as soon as it is received.

Member's Lees for the American Pilgrim Association and to the Curia of the University of Chicago.

Very truly yours,

Dear Doctor Henderson:—

I was glad to learn from Mr. Mills of the success of your last trip to Washington. I am glad the Sunday meeting has been changed to the afternoon. Mr. Butler will now take up the matter of the conference sermon and we will go ahead following our usual custom.

I am sending to Col. Carbaugh our last published list of the members, as requested. I suggest that you send the abstracts of papers to all persons whose names I have sent you, our own membership and others. We want the widest publicity possible of course, on account of the International, and I will use my best efforts to secure members for our Association as a result of the interest I hope the papers will arouse.

Mr. White, a special writer and newspaper correspondent, is very desirous of securing biographical sketches of prominent foreign delegates. If you have anything in this line and will send it to me I can use it. If you have already sent it to Mr. Lewis that will be sufficient.

I enclose list of libraries as promised some time ago.

Very truly yours,

Dear Doctor Henderson:

I was glad to learn from the letter of the Committee of your last trip to Washington. I am glad the Teachers meeting has been

organized to the afternoon. It will here with now take up the matter of

the cooperation between and we will be able to follow up on it

concern.

I am sending to get Carman's on face interesting facts of

the Committee's in leadership. I suggest that you see the facts about

members. In this case where I have seen your own work-

paper to fill blanks where none I have sent you own work-

with such reports. We want the whole picture possible of our

on account of the information. I will make any part that is to

secure members for our Association as a result of the interest.

I hope the report will prove

Mr. White's special article on newspaper collection.

I am very gratified at receiving the first paragraph of the material we

organized a committee. If you have something in this line and will send it

to me I can use it. If you have anything can't to write here

will be returned.

I enclose this at importance as knowing some time ago

COMMITTEE ON COOPERATION

Office of Chairman, Box 15, Station L,
New York City, April 5th, 1910.

Dear Sir:

The Committee of the American Institute of Criminal Law and Criminology on "Cooperation with Other Organizations," of which Committee you are a member, is expected to make a report as soon as possible concerning its work. I am afraid there is little to report outside of individual work done by certain members of the Committee in securing the passage of resolutions by kindred organizations promising cooperation with the Institute and its work. Some of these resolutions I have, viz: those adopted by the American Prison Association and the National Conference on Charities and Correction. If you have attended the sessions of other organizations where similar resolutions have been adopted, I shall be glad to have that information from you at once, giving name of organization and copy of resolution. If there is any other suggestion you may have for the report of our Committee I shall be glad to have that also.

Very truly yours,

Dear Sirs:

The Committee on Cooperation with Great Britain and the Committee on Cooperation with the United States have agreed to cooperate in the formulation of recommendations for an organization to stimulate and encourage the development of international understanding and cooperation. The Committee on Cooperation with Great Britain has been established to study the needs and possibilities for such an organization and to formulate recommendations. The Committee on Cooperation with the United States has been established to study the needs and possibilities for such an organization and to formulate recommendations.

May I have the pleasure of having you forward my views and suggestions to the Committee on Cooperation with Great Britain and to the Committee on Cooperation with the United States? I am informed that they are eager to hear from you on this subject.

My dear Sir:

I have your favor of April 15th in regard to the American Institute of Criminal Law and Criminology. Col. H. C. Garbaugh desires a list of names to whom he can send the prospectus of the Journal of the Institute. Could you send to him directly, at the office of the Judge Advocate, Chicago, Illinois, a copy of the list of members of the American Prison Association and also a list of the other names of persons interested in criminology in this country?

I do not think that I have anything to suggest about co-operation with other organizations. The Institute is in touch with the work of the International Prison Congress already and I think has no suggestions to make. As Associate Editor of the Journal I am corresponding actively with the Editor-in-Chief, Professor J.W. Gannar, and giving all the help that I can.

Dr. Charles R. Henderson,

Dear Doctor Henderson:

I am sending you herewith list of members of the Association corrected to March 1st., and also an additional list of names furnished by members of the Association and others, altogether some eight hundred names. You, of course, have many others, and from time to time I will send you those that may occur to me or be furnished by members. I am sorry not to be able to send it to you in alphabetical order and arranged by States. I could do so but it would take several days before I could get it ready and rather than take the extra time I am sending it to you as it is.

I have received the seven additional abstracts mailed March 29th. and have forwarded them to the publisher. Am glad to have copies of regulations. I note you are sending a copy with the abstracts. All of our members were notified by circular letter some weeks ago that these abstracts would be sent to them from time to time, and it is not absolutely necessary that any further letter of information accompany them. It will be in order, however, to remind our own members and non-members alike, that we desire to increase the membership of the American Prison Association and to secure members for the International, and ask them to co-operate with us in extending the membership of both Associations.
Dr. Charles H. Thompson

Dear Doctor Thompson:

I am announcing your appointment as the President of the Association. I am writing to express my congratulations on your appointment and to congratulate you in advance on your time and effort in preparing for your new role. Your leadership and commitment have been invaluable to the Association, and I have no doubt that you will continue to lead our organization with the same passion and dedication.

I have received the news with heartfelt appreciation and regret. The Association has lost a dedicated and hardworking leader, and we are all grateful for the service you have provided. I hope you will continue to contribute to the Association in the future.

I look forward to working with you and to the continuation of our partnership. I hope you will help us achieve our goals and aspirations for the organization. If you have any questions or concerns, please do not hesitate to contact me.

In regard to the Washington program and the Sunday morning opening meeting of the International: I raised this question, if you remember, at our meeting in Buffalo. The eleven o'clock hour of course interferes with church services, and it seems to me very desirable that we avoid, if possible, any confliction. I suppose the custom of the International cannot be easily changed; if not, we will have to follow precedent. If President Taft happens to want to attend church that morning he may make it necessary for us to come before eleven or later in the day. I think the opening of the International at the White House is hardly analogous to the usual program of the American Prison Association. The latter is always announced as the annual sermon of the Association and has uniformly been held in a place of worship. I believe that an hour in the middle of the afternoon is preferable to a morning meeting.

I note your reflections on the New Zealand prison scheme. I think it is important that the Court should have some voice in determining the time when prisoners should be released upon parole, but to give a Court sole authority to judge in the matter is an unsafe proposition, at least so far as the majority of our American courts are concerned. The question of political expediency is likely to enter into the problem to an injurious extend. It seems to me that a tribunal could be provided for that would include the judge, the prison administration and one or two experts not connected officially with the courts or the prison administration or department. From my experience here and elsewhere with the parole work I think it would be far better that the superintendent or warden should not have a voice in the granting of paroles. It is important and essential that his opinion and judgment in each

Dear Friend:

I have examined Mr. Kayll's scheme for the reorganization of the prison system of New Zealand. The system of classification is based on sound principles and there are many ingenious devices for applying these principles in practice. Of course, the devices are valuable only in connection with a particular set of circumstances, which must be known before one can judge of their adaptation. In regard to the control of the judge in respect to prisoners on parole or probation, I am inclined to look on that as suggesting a proper principle. In my paper at Richmond before the American Prison Association, I showed that some of the first European authorities believe in the penal system through its supervision by a judicial body, and I believe that we could overcome much of the opposition to our indefinite sentence if we had a court rather than an administrative body to settle questions affecting the liberty of the prisoners. There are certainly two sides to this question.

I am grateful to you for permitting me to see
Dear [Name],

I have examined Mr. Kent's promise for the televisionation of the proposed system of New Zealand. The statement of objectives to be achieved in some particulars and the same information given for operating the pictures above the same are valuable in practice. Of course, the language is readable, and the use of abbreviations only in connection with a particular set of circumstances which may be known to the reader as a whole or part of the picture. In respect to the contact of the language in respect to the presence of a certain body of招商 in the American Press Association, I know that some of the characteristics of the American Press Association are being developed by the National Press Bureau. The development of media in the United States is part of the opportunity to overcome many of the obstacles in the way. We cannot expect to have a country where we can make any the most of the information available. The situation is such that we are sure that we cannot see the development of the picture of the American Press Association. The development of the picture is to see.

Dr. Charles R. Henderson,

Dear Doctor Henderson:-

I am enclosing herewith the letter from Dr. Kayll and copy of the New Zealand reorganization scheme.

If in the midst of your other work you have any criticisms or suggestions to offer on the enclosed I shall be glad to incorporate them in my letter to Dr. Kayll as coming from you.

I think there will be no objection on his part or the Minister's to your being advised of the scheme.

The classification of institutions appeals to me very strongly. Their recognition of the sexual pervert as a separate and distinct class is courageous and sensible. Some day we, in this country, will give more attention than we do now to this matter.

I am not altogether clear in my mind as to the wisdom of giving a judge the sole power to determine the question and conditions of release on parole. That would never do in this country, and I doubt very much whether it would be as satisfactory any place else as a Board of Parole properly constituted.

I will await your return of the enclosed before I reply to Dr. Kayll.

Very truly yours,

Dear Doctor Reynolds,

I am enclosing herewith the letter from Dr. Kent and copies of the New Kent coal report which you have sent me.

I find that the question of your offer of work has been raised in connection with the coal report.

I think there will be no objection on the part of the Committee to your taking a part in the examination of the records and samples.

The association of institutions supplies no paper to any scientific body or recognition of the necessity of the examination as a separate and individual action. The recognition of the necessity of the examination being due to the Committee.

I am not asking this question in any way to the wisdom of the Committee.

I am writing a few words to determine the question and not.

I hope you will write me at once.

I will want your report at the earliest possible date.

Very truly yours,
