Well, yes, I suppose that they

Did you then or do you now
know that the statutes of the
State of Illinois expressly forbid
it?

Ours, sir, I do not.

I am not sure if I want to pursue this métier personally or at all. I think

my heart can do better. I am not interested in such a career and have

not yet decided. I am not sure what to do. I am not sure if I will make

any progress in this field with my own efforts. I do not think it is

worthwhile to put all my efforts into it. I will not pursue this path

any further. I do not think it is worthwhile to continue in this field.

Dear and let him take a rope or something and kill him with it, or a strap, or something like that. That is what I supposed it meant.

Have you ever seen anything of this kind [indicating whip] in the prison?

No sir.

Did you know until now that there was anything of that kind in the prison?

Yes sir, I did not.

Did you believe, or do you now believe, that the officers of this prison would allow a thing of that kind used in the prison?

Well, now I don't know.

Have you ever had any conversation with any other employee, officers or guard in this prison in regard to strap ping men?

Not sir.
desire you to state to them, if you know or have an suspicion, that there has been any punishment inflicted upon any convict during the time you have been connected with the prison, which you consider brutal or uncalled for. If so, state what it is.

Ask air.

Is there any information that you think of, or is there any desire on your part, to state anything to the Board of Commissioners in reference to this investigation?

Ask air.

Sallus Mueller

State your name?
I must state at once and emphasize that no use was made of the maps mentioned by the witness in regard to the alleged contest. I was not in the know.

I believe the witness may have been asked to give the impression of having been in the know of such a contest. I was not.

Philo E. Mueller. I am the Clerk of the Illinois State Penitentiary. I have been here since December 1870.

In your position as Clerk, have you been to some extent the Secretary or confidential clerk of the Board of Commissioners and the Warden?

Yes sir, I have at times.

I have you as well been familiar with the orders, regulations and rules from time to time published in the prison?

I have been familiar with all orders published for the Government and information of employees here.

Have you often been present at consultations as to the policy of the Board of Commissioners and the Warden?

Yes sir, the Board of Commissioners and the Warden have sometimes consulted with me.

In regard to the rules of the prison and the policy of the management,

I would like to ask you if, during some connection with the present, you have known any of the wardens or the Board of Commissioners or any of the Deputy Wardens to give orders for the whipping, strangling, hanging or flogging of prisoners as a means of punishment?

And so, I have never heard of such orders.

Do you believe, or have you any idea that such a policy or order was ever allowed?

Question. I was always under the impression was that the statute of the State of Illinois forbids any such mode of punishment—that lashing and flogging, or "strapping," as they call it here, was prohibited by law.
27

Have you ever heard of a case offlagging orstrapping having occurred in this penitentiary prison to these cases of Harris and Reid which are being investigated today?

And have heard in former years perhaps that the men were struck with a cane, and during the investigations of the legislature, but I have not heard anything of the kind that a man has been stripped with a whip, or has been flogged regularly.

Illinois whipping was abolished by law?

As long as I have been here, I have heard of occasional strokes with a cane or some similar, but I have never heard of any whipping or applying an instrument like this. [Indicating whip].

Commissioner R. M. Jones:—Did you have any idea up to the time of the
death of convicts. Reid, of such an instrument as that being in the prison?
I did not.

2. Did you dream that such an instrument as that was in the prison?
I was as much surprised as any of you when I saw it.

Warden McClunginy:—Do you make up the punishment record or is it made up under your direction?
I do not always make it up personally, but I have it at times. One of my assistants makes it up.

Corrections A. W. James:—It is done under your supervision, is it?
Yes sir.

Warden McClunginy:—Do you believe that the punishment record as made up, faithfully represent the amount of punishment that is administered at this solitary?
