May 18, 1864.

My dear Mrs. Lincoln.

This is the 16th of May. This morning I received a letter from you written at the 15th inst. Alas! what a sad news! All is not well with you. May 18th 1864. My dear, I wish to let you know that I am well. This morning I had a fight with a vessel on July 11th 23rd and 24th. Many more will be heard of before this letter is delivered. The enemy has been seen by us on July 13th in large numbers, but nothing can be done. I have been at work on this letter for two days, but I have not been able to finish it. I hope you are well and that my letter will reach you soon.

The greater number of the Natives is from the United States. It is said that they are of great help to us. They are now on their way to the United States. I have been at work on this letter for two days, but I have not been able to finish it. I hope you are well and that my letter will reach you soon.
