

State of New-Hampshire.

Executive Department,

Concord, May 19. 1863.

Hon E M Stanton

Sir

Enclosed please find
Communications from Lt Col J F Marsh
and Capt J F Langly of the 12th N H Col
in relation to the Condition and want of
said Regt. And allow me to request if it
be consistent with the interests of the service
that the Regt may be ordered to Washington
to await the recovery of its officers and
to have its thinned ranks recruited.
We are anxious that this may be done,
or such other measures as your judgment
may suggest may be adopted that the
organization of this gallant Regt may be
kept alive and it still be of service
in maintaining the cause of our country
against this wicked rebellion.

Respectfully Yours

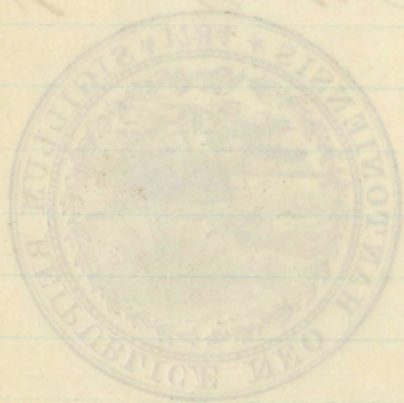

N. S. Berry
Gov of N. H.
