My dear Sir:

On my return home after an absence of 12 days, I have received your letter of the 19th instant.

Your assurance that the Deyernotype has not lost its bearings has given great relief to my family, and for that reason is gratifying to me.

Without having much experience in such matters,

I understand pretty well
the delays and vexations
that are encountered in
dealing with Publishers.

I trust the change which
you have in contempla-
tion may result entirely
to your satisfaction.

Very truly, Yours &c. &c.
