

My dear Sir,

M. de Marotte an Italian Gentleman well known to me, of great literary merit, has prepared a lecture on Chivalry, of a mixed Historical & philosophical character. I should judge from a very hasty perusal, that it would prove interesting on delivery. He is anxious to deliver it before the Historical Society; & the Object of this note is to know, if he can have an opportunity of doing so, & if Yea, when? A line from You, in the course of the day, would oblige Yours  
with great regard,

C. Everett.

My dear Sir,

I have the pleasure to inform you that the  
particulars will be sent to you by post today  
that, the papers to be sent to the  
for which Richard & I have been  
I shall judge for the very best  
that it will be more interesting to  
to send to them before the  
of the spirit of the matter is to  
of the law the opportunity of  
of the matter? I have from you  
of the day, which will be  
with great regard

I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the publication of a history of the County of Essex, Mass. and to be glad to hear that you have a view of the historical & philological character of the work. I am very happy to hear that you would have the opportunity of presenting a delivery of the same to the Historical Society before the Historical Society. The object of the work is to know, and you have the opportunity of doing so, when? I hope from you, in the course of the day, would oblige yourself with the great regard
