Dear Sir

I am obliged for your note of the 25th ult.
One difficulty we labor under here is the destruction
of newspaper files & records in the great fire -
Mr. Menthath has no file of the Beacon at
all there appears to be no papers in the Historical
Society to which I can resort - But I desire
to put you to this trouble & the matter is not
of vital importance, as I can infer from the
report in 2^d Scammon, ^{what} ~~that~~ the opinion was then
been - At the same time, of course, I don't
like to see it -

Very truly yours

M. W. Fuller

Dear Sir

I am sorry for the loss of the
 two volumes of the late volume
 of your papers for the year
 1800. I have not seen the
 original copy of the
 volume which you have
 printed for me. I can
 find you for the book
 which I have ordered
 to be printed in
 the year 1800. I
 have not seen the
 original copy of the
 volume which you
 have printed for me.

Yours
 Wm. M. W.
