

Bungor Oct 13 1881

Dear Sir,

I am in receipt of your favor, inquiring of me in relation to the early opinions of the late Secy of War upon the matter of slavery in this country.

I do not know what were his early opinions upon that subject, nor is it at all important. I do know he gave his stalwart aid to wipe out and end the accursed institution of slavery in this country.

Yours Truly
Dwight Roberts Esq. H. Hamilton
