Col. Gibson's Regt. is  
full. The companies  
& Battalion within  
referred to were raised  
as a garrison for Fort  
Delaware where there  
are prisoners of war - some  
200 - confined, and for  
this & the protection of  
the fort against sea forces  
etc; the present garrison

is necessary. The  
question of payment  
of these companies  
has been before the  
Assistant General &  
this was the decision  
on a former occasion,  
Capt. submitted
