Dear Sir

The case of Cochran & Hale
against Camp & others & against J. L.
Thomson, are already continued -

I have never had any definite arrange-
ment with any one about a few or their
cases; and the consequence is I am bothered
on with them every court, without understand-
ing anything about them - I blame no one
for this; but it would be better arranged
for me to either get out of the cases, or
get me deep enough to understand and
prepare them.

Yours truly

A. Lincoln
