Mr. Anthony

Dear Sir-

At Mr. Brady's gallery here, in the city, they tell me, they sent on some of my photographs- On yesterday the principal persons at the establishment told me they would send you a dispatch to have them destroyed. You will certainly oblige me, by doing so. The only one at all possible is the one, standing, with the large figured dress- back almost turned-showing only side face. You will readily remark which is the one- This you ~~may retain~~ might retain- On Monday I will sit for another, which we will send you, if you will destroy the others. Please answer.

Very respcty

Mrs . Lincoln.
