Lyette Office  
above W.S.H., 27<sup>th</sup> A

Mr Bonnet -

Dear Sir

The Lyette of this morning  
or yesterday contains the nomination  
of the Columbian Lyette - for  
Chase & Bates. The article  
in which it is found (the argu-  
ment for the West) - is a good  
The friends of Sumner have denied to  
see it in the Lyette. - I think, or such  
things will now frequently occur - it  
would be well to make a heading  
something like "Position of the Day" - on  
the outside & put such articles, -  
for whenever they may be - under it.  
- Please put this in. I have the paper  
on your table. - Yours  
Edw D. Mansfield
