Dear Drumm

I wish you would find a letter from General Grant & me, written when I was in Europe, in 1881 or 1882, in respect to a publication made by General Stranahan that he had seen a telegram of a certain proposal from me to General Grant, about the time of the Battle of Nashville, Dec. 1864. Also Stranahan's published statement and all the correspondence you can find on that subject.

Yours Truly

J. M. Schofield
