

I am disposed to
attend the Reunion of our
Army Brigade — if my
health permits. I am
getting better. About
Spending Sunday in Atlantic
City, I will let you
know later. You will see
how the weather is.

23-FIFTH AVENUE.

Sunday
Dear General. I had our
"New York Day" Appropriations
inserted in the "Supply Bill"
which passed the Assembly
last week. The Supply Bill
is now in the Senate &
only needs a little atten-

tion, so far as our Appropriations are concerned. I
hope to pass smoothly and
all right — Especially
since the Finance Com.
'Mittee, which has charge
of it, assured you they
passed our Appropriations.
Now that they have passed
the Assembly I think it

better they should pass the
Senate as they are, in the
Supply Bill, unless we
could gain time by having
the Separate Bill passed
sooner. Try see the
Finance Committee on this
point & let me know
what they say —
Yours
