

Senate Chamber,
17th March '70

My dear Greene,

As you are a member
of the Legislature, you
can tell me of Anthony's
chances. Hope they are
good, better & best. His
experience might not be
lost to the Senate & man
as one of the fathers 'I feel'
anxious to preserve 'my Con.

pancious about me. My life
is often hard, & there are some
see who are 'an' kind. You
know that Anthony is always
sympathetic with me. There
fore, it is natural that
I should like him.

Have been on the point
of writing to Mrs. Padelph,
whose pleasant countenance
lighted the platform the
ev'g before in Providence &
also my old friend Mr. Boston.
When you see these excellent

gentlemen & give them my regards
If you could send the case / statistics. You
perhaps, you will write me. but
on the letter front & I suppose.
Have ~~two~~ more pictures. If
they were Buffaloes or Straws
chairs, I might not you could
see them.

Ever sincerely yours,
Charles Sumner
