Dear Sir

Your letter received, also the package of Horlick's for which I thank you very much for I find the Malted Milk and the Lunch Tablets very strengthening to me

I have been very sick since I received your letter and my eyes are so bad I can hardly see I am seventy nine years old

I am sending you one of my dear brother Simeon W King Photos also his watch charm which I know he wore for many years it was sent to me from the King's Home

Mr Horlick will you please send me your brother's name and address the one that knew my brother Simeon so well as I would like to write to him. If you come to Phila to see the Sesque this summer I would be glad to have you call on me and my daughter
Very truly yours Rachel S Suter
