Mr. O'Gorman Mahon,

Respected Sir,—I was only on yesterday I got the opportunity of seeing Mr. Green, and he read a few lines for me simply stated that you got my letter. So my object in writing to you was that you would at once see or write to Mr. Martin regarding his acceptance of Mr. Stackpool's offer, I consider that myself and the Trades and the 99 freeholders who supported you upon the same principle were not treated in an honorable way after the struggle and sacrifice we made to say that even about the affair they accepted the 150, that I say was making very light of the men of town. Well, I don't want to say more about it but for the sake of Ireland and the cause involved my desire is for union. So I assure you it was more than 50 and would again in the cause I told Mr. Green that one penny I wouldn't accept for my services in your regard, but feel surprised how it was you didn't get an explanation from the League or some reply to our resolution at least they are bound in honor to publish a letter or resolution justifying our conduct as rationalists so as to vindicate our characters from the daily attacks made upon us. I trust in will have the done and be assured we will accept it as a compliment as well as an act of honor and justice.

Yours truly,

Michael G. Conolly

Sunday evening, April 22nd, 1877

Sir,

Having learned from yesterday’s Freeman that a vacancy has just taken place in the death of the Hon. Wilfred Kelly, I hasten to address you on the advisability of at once issuing an address to the electors of this county. I beg to assure you that though residing in a foreign land, you are affectionately remembered by every independent and intelligent man in this County. If you would now offer yourself to be our representative in Parliament, you would be received here by the electors with open arms. I have often pondered in recent years why a gentleman who so nobly distinguished himself in early life in fighting the battles of Old Ireland should, while still, hale and strong, seem to separate himself from all active cooperation in the struggles of the present day. I beg to assure you Sir that there are many in Ireland who would wish to see you...
in full harness once more and taking your stand with the Champions of Ireland's rights, terminate a glorious life whilst actively engaged in participating in the struggles for Motherland.

In concluding this hurried Communication I have only to add that if you should consent to become a candidate I will undertake on the day of nomination to have you duly nominated.

An immediate reply will greatly oblige, after which any further information you may deem essential, will be forwarded without delay.

I beg to remain your most obedient Servant

The Irishman, Mahon, Patrick O'Donnell
38 Rue de Pierre, Clonmore, Co. Limerick

I thought I had better state that my occupation in life is that of a barrister and that in the event of your coming forward any services that I can render will be gratis, honourable, and confidential.

I have to acknowledge your letter. You may rest assured I will do all in my power for S. John's comfort, and trust to your making every security for any cash advances. You may know I sent him $100 on the first of December.

I received a letter from S. John this week in which he tells me he is feeling better and able to walk about a little. I trust he had another companion with him that was that man Flatter—

My dear Father,

On the 13th of last month, you wrote to me stating I was not to be uneasy about money, & that I sold very few securities all I required. Since then (not more than a fortnight) I have not had a line from you, although Father wrote to you (explaining my position) on the 29th. In my telegram of last
Sunday has equally remained unkind.

I must therefore lay bare facts before you: flattering how much advanced I more than I will have wished, F. immediately recovers money, there will only be one course left, viz: return to

England even at the risk of losing all the benefit of my earnings here. F. has no more money to part with at present (I only regret having accepted too much, nor please there is so little chance of his being

paid soon.) I in fact, I am going to ries to borrow a couple of ounces from a friend, & if necessary, to pawn my watch & chains!

Please write, especially under the circumstances of a whole month (I first wrote on the subject to you on the 3d of January) having been delayed, & more than two weeks since you promised to send away immediately.

Yours affectionately,

My dearest father,

The 27th. of last month I received a letter from Mr. Chapman. It is quite evident there has been some great misunderstanding between us three. I concluded from what you wrote to me from London before my leaving England, & since then on the 13th. January, that the loan my brother & yourself had agreed to, had been completed & therefore I did not, I confess, "give" myself. I thought nature really that our money (especially under the circumstances) might be spent equally. Had I known how...

The arrangement made for St. John's benefit is that an advance is to be provided for the expenses of his trip South guaranteed by a mortgage of his reversion. As I tell him he must be economical as this is nothing more nor less than eating capital but under the circumstances, it is a necessary evil, and I hope his health will derive much benefit from his residence at Villefranche, that it will be a permanent improvement.

I was to land last evening, and regret to hear the Board were so busy yesterday that they could not decide when I was to assume or enter on my duties in Regent Street. I confess I feel like it settles as I want to work. Financially it does not matter times when I go in, as it was arranged by Captain Crowe and yourself that, on conditions of your not disturbing the present holder of the office until I received instructions from the Board to do so, I was to receive my salary from the day when Captain Crowe and you had made over the books to me on the 10th Feb. Sorry I could not see you yesterday, and that you cannot meet me today. I did not in my letter refer to anything concerning the security, which, however, as a matter of fact was first mentioned to me by you last Sunday and is not since alluded to in any appointment, but which security will of course be forthcoming at the proper time and when.

The conditions of the security are made known to me. You promised to send me a paper on the subject last Sunday, and I have not yet received it.

In the mean time, however, the Bank owes me, under our agreement, as terms of £1212.0.0. for eight weeks from the last reckoning, Feb. 17 to April
The acknowledgment of £70 per annum

Will you kindly send me either tomorrow or next day a cheque for that amount? Between ourselves it seems better that I should be out of pay as well as losing time, simply because at the request of Captain Crowe and approval of my own I did not enter on my duties when all the Books were placed in my charge - and this simply to oblige a third party.

I hope I have not taken too long a time to consider of the matter you so kindly mentioned the other evening, or that you will think I am not thoroughly grateful to you for coming to tell me of the vacancy.
I have thought the matter well over, and I feel that I shall be wise, now that my firm have made an addition to my pay thane been kind enough to express the most friendly feeling towards me, to remain where I am.

My position as Clerk perpet in position to the change is a very good one, and now that the preliminary part of the matter has been put on a more satisfactory footing, I have no reasonable motive for making a change.

At the same time, I thank you heartily for your kind thought of me.

The Banks now open one each to last Saturday, 4th 3.6. and I should be much obliged if you would send it to me. I do not see Lord Captain Cowie’s illness which I hear, to clear up—can affect the matter. It certainly cannot prevent the Burs. issuing Cheques.

It seems clear now that there is no difficulty concerning the Appointment at Regent Hall, also that the present state of affairs is very unsatisfactory. I have been waiting since the 1st inst. last and two week another appointment in
The meeting is consequence of having accepted the appointment to the Regiment 11 troops in your Bank. And yet I cannot even get the small sums that is due to me paid. If the Board wishes I will resign the appointment upon being paid the sums above mentioned and thus conclude the matter. I only regret I did not make this proposal long ago. In the present state of affairs with the country it is not to be done. I have been compensated for the time I have looked through the request of the Director, and thus matters can be concluded to the satisfaction of all parties.
