Electors of Ennis

Here is the emphatic denial of the foul and lying reports sedulously circulated this day by the disciples of the Arch-Apostle, Wm. O'Brien.

From Lysaght Finigan, Imperial Hotel, Dublin, to T. S. Cleary, Ennis.

4 p.m.

Just returned from Leitrim. I emphatically deny all reports, as I reject all offers. I stand for faithful Ennis, and will be with you on Monday without fail. I will wire the time this evening, as I am arranging with Parnell as to the time of our arrival in Ennis. By all means support O'Gorman Mahon and Lord Francis Conyngham for the county.

From T. S. Cleary, Ennis, to Lysaght Finigan Dublin.

Whigs were busy all day ventilating foul reports from Whig journals. Friends here know you to be a soldier that will fight for your old standard, nor turn your back to your enemies. We will fight the battle triumphantly again and our watchword is Death or Victory. Reign of Magisterial Terror in Ennis. Police invested with plenipotentiary powers to arrest and imprison by Crown Prosecutor clique. Lynch just arrested for missing Whig O'Brien.

To the Honorable the Commons of the united Kingdom of Great Britain and Ireland in Parliament assembled.

The Petition of the Guardians of the Poor of Philadelphia Union.

Humbly sheweth, that this Board is created by Act of Parliament, and exists under the charge of the relief of the poor in this district, and we are charged thereunder to the best of our ability.

That it seems to us great surprise and regret that a Bill is now introduced into your Honorable House which will in the opinion of this Board seriously interfere with its functions, and will prove detrimental to the poor, as it purports to render its Officers liable to Superannuation wholly independent of this Board, and entirely dependent on the good will of an irresponsible body or its lieu, etc.

That the Local Government Board to whom it is proposed to transfer the extraordinary power of fixing the Superannuation of Officers appointed by this Board, do not contribute in any way to the funds, and as the rate payers of this district are not represented on that Board, they object strongly to any taxation without representation.

That this Board further learns that it is proposed to perpetuate an objectionable and unfair arrangement under which they and the rate payers of this district are required to pay the entire Superannuation of Officers whose salaries are paid wholly or in part out of the Consolidated Fund, and respectfully submit that the amount of Superannuation in such cases to be paid by this Board should be apportioned between the Senate, out of which the Salaries are paid according to their relative Contributions.

Your Citizens, humbly pray your Honorable House to take the premises into consideration, and to afford such relief as in your wisdom may seem fit.

Signed on behalf of Self and Fellows,

S. Clarkson,
Chairman.

Statute now prohibits the use of any signals other than the simple flash, which affords no indication of the course of a vessel, and is, therefore, simply a danger signal. The bill under consideration provides that the power to adopt auxiliary signals to prevent collisions at sea—which will by the code of Admiral Beaumont of the United States Navy, give the course of the vessel bearing the signals shall be conferred on the Board of Supervising Inspectors of Steam Vessels.

In connection with this bill a memorial has been addressed to the State Department asking the appointment by the President of an international commission with a view to procuring the cooperation of England in this movement.

We do now and ever shall most emphatically protest against the code of signals proposed by Admiral Beaumont, for the simple reason that there are too many of them, and that their arrangement is not as simple as their importance and value demands. We have great respect for Admiral Beaumont's ability and learning, but we claim that his code of fog signals are far inferior to those of Captain Barker, and our opinion is backed by the leading vessel owners of the United States and Great Britain, as well as by a number of representative men like the National Association of the United...

Venezuela — let's see now at 39 1/2 to 41. That represents the market price for buying at say 40 on this.

You get 3 per cent which falls due on the 1st February next.

At 40 it would represent 7/7 5/11 one cent for 10,000.

Money — and you would have the additional advantage of the four month interest. If you bought stock to the value of 10,000 pounds it would represent 1350.00 at 300 the present market price.

3500 at 3 per cent represents 75 pounds per annum — and on the 1st of February you would receive 37 1/10. The half yearly dividend.
