HEADQUARTERS OF THE ARMY,

April 15, 1898.

Respectfully submitted to the Secretary of War.

I have known Colonel Lawton for twenty-five years, and am familiar with his record as a zealous, enterprising, gallant officer. He is a good disciplinarian, a very excellent administrative officer and a natural leader of men, and I commend him to the appointing power as in every way qualified to organize, drill, discipline and command a brigade of troops in war service.

My dear General:

Congratulations are yours, not from your personal friends only, but from the public at large, upon your return from a successful campaign with health unimpaired and with added honors.

I trust that the President and the Secretary of War will accord you the position that is your due. In any event, the country will remember that much at their hands.

Very truly,

Geo. C. Boutwell.

MEMORANDUM FOR THE ADJUTANT GENERAL.

The Major General Commanding desires that he be furnished, by the Military Information Division, Adjutant General's Office, for his own desk reference, a copy of the large scale map of Cuba dissected into convenient sections and mounted on cloth.

Brigadier General.
MEMORANDUM.

The Major General Commanding remarks that the pack train in Department of the Platte has been held for emergencies, and the one at Presidio is for use in General Grant and Sequoia Parks during the spring, summer and Autumn of each year.

It is expected that the pack train now ordered to report to the Commanding General Department of the Columbia will be needed for a long time in Alaska, and a new train, if necessary, will have to be organized in the Department of the Platte.
