My dear Bessie -

We must, I find, postpone
our pleasant holiday for a
few days - Our former meeting
which was to have been on the
Wednesday, is now - that day
being the Derby - put off to
our Thursday - & the next day
(Friday) is my wife's party,
where we hope to see you.

When that magnificent
affair is over we will arrange
our American matters, which
I like very much now,
when I have got a whole business
abeyance - never

W. W. Foster

The first significant
step was in the energy
and attention with which
I will say, and may
the time the little
thing of your mind
