Rev. W. R. Harper,
University of Chicago,

My Dear Doctor,

Your kind favor of Sept. 26th has been received. I have been thinking I seeking you of my thesis & desired to have it published in Hebrew. I am exceedingly sorry that I was not prompt in answering; but hope your will kindly excuse me if you understand how I have been situated. If you could publish it in Hebrew, I should be greatly obliged to you. I hardly think I can improve it now, I do not desire to read the proofs necessarily. May I not leave the whole matter with you, and ask you to correct

I am enjoying excellent health and expect to live fifty years more, and I hope to accomplish something before I visit 39 XU. Please remember me to all my friends in the Semitic Club.

Hoping that the Lord is keeping you in good health,

Yours very truly,

may begin, and then publish it for me? I should like to get 20 or 30 extra copies, and that is all I want. I will give you kindly notice hereafter to have a rough estimate of all expenses in connection with this matter.

I believe those Syriac and Arabic words which I knew in Hebrew characters should be changed into regular Syriac or Arabic characters.

I am now teaching three different classes in the O.T. department of the College. The work is very interesting indeed. My students are more than 30 in number, but are all eager, faithful students of the Bible. Among them there are Methodists, Presbyterians, Baptists, Campbellites, Unitarians, Universalists, and even an atheist. It is not an easy task to interpret the Bible before such a body of students and satisfy every one of them. I have some very excellent students in my Hebrew class, and I hope they will come day come in contact with my beloved professors in the University of Chicago. We have already organized an Old Test. Club, before which I have given lectures on such subjects as "Hebrew Poetry," "Politics of the Prophet Isaiah," "The Bible and Science," "Influence of philology upon Biblical Study," "The Psalms as a History," etc.

Last week I was asked to deliver my inaugural address. I spoke on "the Bible" for nearly two hours. The speech was ordinary, but the Cap and gown dignities den-

Dear Sir,

The above Assem. beginning with next month intends to have a series of monthly meetings, that will tend to benefit and entertain its members and others. These meetings will occur on the third Thursday of every month beginning with Nov. 17th and are to be utilized for lectures, entertainments and similar programmes. The business of the Assem. will be transacted at our quarterly meetings.

At our first meeting of this kind Nov. 17th, we have agreed upon a popular lecture, stereopticon or otherwise illustrated. The writer understands that the several Professors of the University volunteer their services on suitable occasions. And therefore in view of this fact the writer respectfully requests on behalf of the Assem. that you kindly provide for us a suitable lecture and lecturer for the date above mentioned. It will be a courtesy greatly appreciated and long remembered. The have no choice of a subject or lecturer but leave that to your good judgement.

It would be well to consider that our first lecture should be one that we can properly advertise and one that will also draw... (over)
For the success of our first one will be the standard by which our members will judge those following. We will work to make a good show this 17th. A short musical programme will probably precede the lecture, the whole to occupy about from 8 to 10 30 P.M.

I am unable just now to state the exact place of meeting, we will endeavor to secure our School if possible, but will know definitely next week and will then inform you.

I trust you will be able to oblige us in this matter and also will you kindly try to have a reply reach me in time for consideration at Executive Committee meeting to be held the 30th inst.

Thanking you for your efforts in our behalf, I remain very truly yours,

Samuel Reeves

To the Board of Trustees:

The following communication has been sent to me by Mr. D. J. Lingle, Treasurer of the Alumni Association:

As it involves financial matters I take the liberty of forwarding it to you for consideration.

To the Board of Trustees:

I authorize the release of the 1,000 shares of your Association.

The latter for the dividend and purchase at a reasonable price.

I look forward to hearing from you.

Yours very truly,
The Alumni Association aims to keep alive interest in the University among the alumni. I would like to propose a plan for increasing its efficiency. The members pay annual dues of $1.00. Hitherto but a few members have paid, as a rule, those who attend the annual meetings. Members living at a distance do not pay and if they did would receive nothing in return. Can not the University and the Association make some arrangement whereby all members who pay annual dues shall receive a copy of the Records for one year? If this is done members will feel that they get a return even when they are unable to attend the meetings and all the Alumni will be kept in touch with University life. If the plan seems feasible I will be pleased to know on what terms the University will share in it so that they may be presented to the members at the Fall Meetings.

MARCH, JUNE 18—ALUMNI DAY

Alumni Day will be Monday, June 18, the day preceding the spring convocation and the programs as follows:

12:00 P.M. The President’s Luncheon—Women’s Quadrangle.

1:30 P.M. Annual Business Meeting,
Reception of the graduates of 1900 into the Association.

3:00 P.M. Senior Class Exercises (on the Campus).

4:00 P.M. Ball Game, University of Pennsylvania vs. University of Chicago and Band Concert—Marshall Field.

7:30 P.M. Annual Banquet (Informal)—Quadrangle Club.

THE UNIVERSITY OF CHICAGO ALUMNI ASSOCIATION

ANNUAL STATEMENT

TO THE ALUMNUS:

One year ago the Executive Committee sent you a statement concerning the Association, its plans and its needs, which were in brief, as follows:

1. A more complete and permanent organization.

2. The election of a permanent general secretary to have charge of all the detailed work of the Association and to be paid a fixed salary.

3. The raising of a general Alumni Fund to pay all expenses, including the Secretary’s salary.

4. The arrangement for the publication of news and information of interest to the Alumni.

The permanent organization will be completed at our next meeting if the Association adopts the constitution which has been under consideration by the Executive Committee.

The plan of electing a salaried Secretary has been accomplished and the proposed salary of $320 paid to the present Secretary who has completed the Alumni directory, carried on all the correspondence, organized local clubs, edited the Alumni notes in the University Record and looked after the interest of the Association at the University.

If you have taken the University Record you will know to what extent we have accomplished the publication of Alumni
notes. The annual number of the University Record will be isued in June. This will contain a complete list of all Alumni with their addresses and an account of Alumni Day exercises. The Secretary hopes next year to make the Alumni notes much more extensive and much more interesting, through the assistance of the Alumni throughout the country.

From April 1, 1899, to April 1, 1900, the Treasurer has received from the members $484 and has paid it out as follows:

The Association is entirely out of debt and will start out this year without any burdens; but the possibilities of the organisation have so broadened during the last year and the opportunities to do much for the Association and the University are so apparent that we feel justified in asking each member for a more liberal contribution this year. The permanent organisation, on a strictly business basis is assured. The Secretary's salary must be increased with the increasing work and he should have sufficient funds to send out information to the members. The Association should have at least one scholarship, and we should begin to plan an Alumni Memorial. The estimate of the needs of the Association for the coming year are as follows:

When you consider that Yale Alumni last year contributed $11,692.75 to their fund, that Harvard, besides paying all expenses maintains several scholarships, three of which pay $800; that Michigan, last year, raised over $3,000 for expenses and obtained written promise to the amount of $14,000 as a permanent fund, we feel that the requests made in this circular are very modest, even when we consider the proportionate age and size of our Association.

While a great many Universities call upon her graduates for financial assistance, the University of Chicago does not need to do this and asks only for the loyal support of her graduates. Can we not organize this loyalty into a good, strong, healthy Association for the welfare of its members and the good of the University. Every advance of the University is the advance of each of its graduates. The President said in his toast last June, "The future of the University rests with her Alumni." Shall we accept the responsibility? We can do this in two ways,

(1) By a loyal and earnest support of the University in our own community.
(2) By assisting financially to keep up the central organisation.

To accomplish the second we need $800. One dollar will pay the annual dues but the immediate needs of the Association cannot be met by that amount. So we ask each member to pay this year at least $2.00. Larger amounts will be gladly received. All sums paid to April 1, 1900, are credited on the accounts of '99-00. All sums paid from April 1, 1900, to April 1, 1901, will be used to meet the expenses of the year '00-01.

Enclosed you will find a directed envelope and a card for the amount you wish to give. An early reply will be greatly appreciated.

Yours very truly,

Executive Committee

My dear Dr. Harper:—

Enclosed is a tentative outline of my proposed trip for the spring. I have followed this course for these reasons:

1. Because the west seems the better field.
2. I feel that the larger towns should be visited on this first trip.
3. In order to make trip as connected as possible, to save expenses.
4. To meet the largest possible number of alumni.
5. To visit the largest possible number of affiliated schools.

This plan is subject, of course, to any changes I may find to be expedient or which you may decide.

Estimate of expenses for this trip:

1. Car-fare (6310 as in schedule, provides for 110) $100.00
2. Hotel Bills (counting 60 days at $3.00 per day) $180.00
3. Correspondence

Total $350.00
Chicago

Sixty days for this trip will leave some time to make another short trip thru eastern Illinois and Northern Indiana. I estimate my time as worth $1,000.00 per month. If I include the time spent in corresponding and making preparations for this trip it will amount to four months work or $4,000.00. I cannot afford to spend this much time without any returns. But if my scholarship will warrant you in granting me a fellowship for next year equivalent to the $4,000, then I can afford to give the spring quarter to the interest of the Alumni Association and the University with only my expenses paid.

I have worked this year under Professors Judson, Thatcher and Goodepeed, all of whom you can consult as to my standing.

If you can assure me of the above fellowship
and expenses on the trip I shall begin work at once, planning, consulting students in the U. of C. from these places and corresponding with any persons who can in any way be of assistance. I can give no more time to the plan unless I am assured of the above terms. I should be glad to give this time free-of-charge, but it is a question of bread and butter.

I trust the plan will meet with your approval and that I may hear from you not later than Feb. 10 or 12, so I can begin work at once.

Yours Very Truly,

Mayo Feaster.

P.S. I have consulted with Mr. Kennedy and my trip will in no sense conflict with his plans for the summer.
Prof. James T. Hatfield,
Northwestern University, Evanston, Illinois.

Dear Professor Hatfield:

In reply to your letter regarding alumni matters, I note, first, that all graduates of the University of Chicago, by virtue of their diplomas, are members of the Alumni Associations of the University.

Second, the Alumni of the Old University of Chicago, by action of the Board of Trustees, are recognized as graduates of the New University. There were perhaps two hundred of these, and since the first class was graduated from the New University, in 1893, about one thousand more have received degrees. Our present enrollment of Alumni is approximately twelve hundred.

Third, the large majority of these are young men and women, just beginning to establish themselves in life, and therefore more occupied with the hard struggle for existence than with sentimental or reminiscental feelings toward their Alma Mater.
June 30, 1929.

Profs. James T. Heffelfinger
Northwestern University, Evanston, Illinois

Dear Professor Heffelfinger:

In reply to your letter requesting a statement

I note that the graduates of the
University of Chicago, in virtue of their diplomas,
are members of the Alumni Association of the Uni-

In contrast, the Alumni of the University of Chicago, as members of the Board of Trustees, are

recognized as graduates of the New University

The first class of graduates from the New University

are now receiving their degrees. Our present enrollment of Alumni is

approximately three hundred.

Thank you for your letter of reference to

yourself and your work, your beginning to satisfy
the spirit of life and therefore more in step with

the trend of the age, for example, sheet Vilmar Metal.
Fourth, notwithstanding this fact, the Alumni Association is a very active, energetic body. It employs a secretary, under a small salary, and during the last two years has been very active in working for the University in various ways. The Secretary tells me that of the twelve hundred addressed by circular letter some months ago about one-third replied, the majority of these sending a remittance of money to help pay the Secretary's salary or to subscribe for "The University Record", which makes each month a feature of Alumni news.

As you know, our Alumni are of three classes: a) Divinity Alumni; b) Graduate Alumni; c) Bachelors of arts, literature and science. At first an attempt was made to have three distinct bodies of Alumnia, correlated, and while the Divinity Alumni still have a sort of "esprit-de-corps" the tendency is strong to develop one great body which shall contain all those who are graduates of the institution.

In response to a question as to how large
a percentage of each graduating class becomes connected with the Association, the Secretary stated, "One hundred percent".

You may be interested to know also that there are two separate organizations of Chicago graduates: The Alumni Club, and The Alumnae Club, both of which are very active, having frequent meetings, sometimes with dinner or luncheon accompaniment, and taking great interest in all important questions connected with the University.

Very truly yours,
My dear Mr. Fesler:

I think your suggestion of the fourteenth instant is a very excellent one, namely, to publish an "In Memoriam" number of "The Record". I have recommended it to the consideration of Professor Goodspeed.

Very truly yours,
My dear Mr. Secretary,

I think your suggestion of the joint textbook in a joint educational and technical capacity to improve on the association's capacity in the "Second... I would recommend it to the association..." and... here.
New York,  Feb. 6th  1906.

President W. R. Harper,

University of Chicago.

Dear Dr. Harper,

It is approaching
the season of the year when our
Eastern Alumni of the University wish
to have their Annual meeting and
banquet. The first thing always
at mind for us is to know in making
our date for the Annual dinner in
the time when Dr. Harper can
be with us. Would you, therefore,
at your earliest convenience come
the evening when you may banquet
with us?

We should like to have some other one
as a guest of the evening with you. Last
year I had the honor of President Lewis'
presence. Some dear memory of President Lewis

2.

From UW crane this year; other think it might be well to invite two or two hence. I invite some one else this year. Would you kindly suggest one or two in this manner in the order of preference so that in case one should fail to secure the first one suggested, we might try the next one?

We should also be delighted to have Mr. Rockefeller with us, if you could tell me how to secure his presence.

Have you any other suggestion to make in the interest of the proposed banquet or in the general interest of the Association? Is it the desire of the Association to learn first of all some wishes so that we may secure our Alma Mater to the best possible
New York, 1900.

On arriving I thank you for your helpful suggestions. I entrust the rest to wish you every prosperity and blessing on your magnificent work.

Most cordially yours,

Robert Brecksmith.

Last year we held our banquet on April 23, it opened year on June 28.
So you see we are not short of It any set time for the banquet.

YRS.
February 18, 1901.

Dr. Robert Bruce Smith,
166 West 92nd. Street. New York.

My Dear Dr. Smith:

Your letter of the sixteenth has been duly received. I would suggest as a good date for the meeting Monday evening April eighth. If you finally decide on this evening will you kindly let me know at once in order that I may make arrangements for the visit?

I would suggest as the other guest for the evening President Taylor of Vassar. This would be better than President Faunce. I would like also to suggest Mr. E. T. Gates of Mt Clair, Rev. Bitting of New York City and Rev. Wallace Butternick of Albany.

I am wondering whether we might not have a representative of Yale and would suggest Professor Seymour, an instructor in Greek, one of the oldest and strongest Professors in the Faculty. Hoping these suggestions will be regarded as appropriate, I remain,

Very truly yours,
June 9 '01

My dear Dr. Harper:

I suppose we shall have to grant your request, to have the alumni dinner early in the evening. We regret to do so for that is the only occasion during the year when the alumni can claim your attention. I shall arrange with Mr. Cooley, Toastmaster, to call on you after the song service. If you can stay longer we shall be very much pleased. The dinner will begin promptly at 6 P.M.

Very truly yours,

Mary F. Feller
Alumni Association
The University of Chicago

CHICAGO, JUNE 7, 1901.

TO THE ALUMNUS:
The annual Dinner of the Alumni Association will be given at the Quadrangle Club, Fifty-eighth Street and Lexington Avenue, at 6:00 p.m. Saturday, June 15. The dinner will be served promptly at six o'clock, in order to give all an opportunity of seeing "As You like It" on the Campus at 8:30 p.m.

The speakers of the evening will be:

SUPERINTENDENT EDWIN G. COOLEY, '95, Toastmaster.
FERDINAND W. PECK, '68,
THEODORE G. SOARES, '64,
RUTH VAIL, '01,
PRESIDENT WILLIAM R. HARPER.

A daily official programme will be published during Decennial week, containing all the details of the meetings, conferences, reunions, etc.

Reserved seats for the performance of "As You Like It" are 50c and $1.00, and can be obtained at the Bureau of Information.

You will see by the Decennial Programme, recently sent you, that Alumni and Class Day, Saturday, June 15, is full of interest. A large number of alumni will be present. The reunions of the five-year classes will be of special interest to the members of those classes.

Places in the dining room will not be reserved after six o'clock, and replies (blank below) must be in the hands of the Secretary not later than Thursday evening. The large attendance expected makes it necessary to know definitely how many plates to reserve.

We trust you can be with us at the Business Meeting at 1:30 p.m. in Chapel of Cobb Hall and during the rest of the day, and help us to make this one of the most successful days of Decennial week.

The University is open to us and the day is ours. Come out and enjoy it.

Very truly yours,

MAYO FESLER.

---

I expect to be present at the Annual Dinner of the Alumni Association on Saturday, June 15, at 6:00 p.m., for which I understand the charge to be $1.00.

Please reserve me a plate.

Chicago, June 7, 1901.

To the Alumnus:

Some time ago we sent you the Annual Statement of the work of the Alumni Association for the year ’00–’01. We placed before you the plans and estimates for the year ’01–’02. The plans for the coming year include the erection of memorials to the memory of two of the old University’s staunchest friends. This is to be but the beginning of memorials to those who have given to the University their best service. We felt that every alumnus would gladly contribute to this most worthy cause.

To carry out these plans and continue the work of the Association as already begun, we estimated the actual necessary expenses at not less than $700. Thus far only $245 of that sum has been received. We cannot possibly hope to carry out the plans for the coming year unless we get a more liberal response from the members. The secretary has already given more of his time to the work than the salary would justify. He must have funds to meet the necessary running expenses and to look after the interests of the Association.

We have every reason to believe that you have an interest in the plans for the year. We cannot afford to drop them at this point. Can we not count on your assistance to the amount of $2.00?

Enclosed you will find a blank for the amount you wish to give. Will you kindly fill out the blank and return at once if possible?

Very truly yours,

Executive Committee.

TO THE ATTENTIONS:

Some time ago we sent you the Annual Statement of the work of the Alumni Association for the year 1903-04. We believe before you go into the Annual Statement, you should have received the circular letter to which we refer in the preceding page.

INSTRUCTION'S ANNUAL PUBLICATION - 1903-04.

It is to be the beginning of this year's work for the Alumni Association. We feel that each member would greatly contribute to this most worthy cause. To carry on our plans and continue the work of the Association as shown previous, we estimate the annual necessary expenses of our association to be about $3,000. To carry out our plan of maintaining the annual necessary expenses of our Association, as shown previous, we estimate the annual necessary expenses of our Association to be about $3,000. To carry out our plan of maintaining the annual necessary expenses of our Association, we have decided to make a more intensive endeavor to raise the necessary funds.

We must have funds to meet the annual necessary expenses of our Association. With the receipt of your contributions, we can carry on our plans and continue the work of the Alumni Association.

We are very much obliged to you for your interest in this work. We shall do our best to make the necessary funds available to carry on the work. We shall be glad to receive your contributions.

We shall be glad to receive your contributions.

To the Members of the Graduating Class:

When you take your degree you become eligible to membership in the Alumni Association of the University of Chicago. As graduates we are trying to make the mutual relationship which must necessarily exist between us and the University close and helpful to both, through the organization of all the graduates into an Association.

The permanent organization is but three years old. We have already over 1700 members, active and associate, and the number is increasing at the rate of 200 to 300 each year.

Besides the General Association, with headquarters at the University, we have six alumni clubs organized, as follows: New York, Chicago (two—Alumni and Alumnae), Indianapolis, Lincoln, and Denver. If you locate in or near either of these cities you will find it of interest to ally yourself with the club there. The plan is to organize the Alumni throughout the country into local clubs, wherever we can find ten or more graduates in the community. Persons who at any time have attended the University are eligible to membership in the local clubs, but not in the General Association. According to the Constitution, every graduate of the University is an associate member of the Association and may become an active member upon payment of the fee of $1.00. This, however, does not apply to graduates until after they have been graduates one year. The first year you are considered an active member without having paid the fee.

According to the custom adopted a year ago, and which proved so successful, the class of 1901 will be received into the Association at 2:00 p.m. June 15, in the Chapel of Cobb Hall, immediately following the business meeting. An address of welcome will be given by the President of the Association, and a response by O. E. Hotle, of the class of 1901.

We trust you will be present at this reception. When you leave the University you can aid the Secretary very materially by keeping him informed of your correct address and by sending him items of interest concerning yourself or other Alumni.

Very truly yours,

MAYO FESLER.

ANNUAL DUES.

The annual dues are one dollar. In order to carry out the plans as sketched in this announcement, we shall need at least $500. This is a small sum when compared with the proportionate amounts raised by the alumni in other institutions. Can we not count on you this year for at least $2.00? May we not hope that the small number who have been contributing from $5.00 to $10.00 each, annually, to the support of the Association will be largely increased this year?

Enclosed you will find a directed envelope and blanks. Will you please read carefully each of the statements, fill out the blanks, and return them to the Secretary at your earliest convenience? We trust that the welfare of the Association and the good that it can do for its members and for the University will lead the alumni to be more liberal this year than usual.

The receipts and expenditures for the year have been as follows:

1. Received from the members...... $608.50
2. Expenses—  
   Deficit of last year... $55.65
   Printing and stationery... 69.45
   Postage... 37.20
   University Record (to members who paid $2.00 or more)... 85.50
   Alumni Day Exercises... 12.45
   Secretary's salary... 420.00
   Total...... $680.25

Deficit...... $71.75

Very truly yours,

MAYO FESLER.

You will note that the receipts, after meeting a deficit of $55.65 for last year, are not sufficient to meet the expenses of the year. This is partly due to the fact that only one request for dues was sent to the members. It was hoped that the Alumni would respond to the first request and that the Association would thus be saved the expense of sending a second and third letter as heretofore.

The receipts and expenditures of the Association for the past three years may be of interest:

<td>$608.50</td>
</tr>
<tr>
<td>Expenditures</td>
<td>433.40</td>
<td>607.65</td>
<td>680.25</td>
</tr>
</tbody>
</table>

The possible development of the Association has necessarily been retarded by the lack of funds and the work has been confined to its most pressing needs. The Secretary is giving all the time to the work which the salary will warrant. In order to meet the growing demands upon the Association and to widen its usefulness, it will be absolutely necessary that the alumni give it more liberal support in the future.

THE MEMORIAL.

The Memorial Committee is pursuing the plans indicated in their report to you a year ago. The one-fourth of the proceeds of the year which was to be devoted to the work of this committee was, by vote of the Association at the last annual meeting, loaned to the Association to meet the general expenses, with the understanding that it is to be returned when the committee is ready to erect the memorials. It is to be hoped that more rapid progress can be made this year toward commemorating those friends of the University whose memories should be perpetuated by the alumni.

ALUMNI HEADQUARTERS.

The University has granted the Association the privilege of furnishing a room on the second floor of the University Tower, to be erected at the corner of Lexington avenue and Fifty-seventh street—a room 24 x 28 feet which will be the permanent headquarters of the Association. This opportunity of securing a room in the most desirable location on the campus, the alumni cannot afford to neglect. This would secure an office for the Secretary and a meeting place for the members and committees for years to come. If we do not undertake the work this year, the room will be devoted to some other purpose. The expense of furnishing the room is estimated at $350. A committee of five has been appointed to investigate and report at the annual meeting. It is to be hoped that the response of the alumni to this general request will be so liberal that no second request will need to be made for this special purpose.

PROSPECTIVE STUDENTS.

At the last meeting of the Chicago Alumni Club a committee, consisting of J. E. Raycroft, '96; Donald S. Trumbull, '97; and the General Secretary, was appointed to look after the prospective students, whose names might be sent in by the alumni from the various sections of the country. This committee will be pleased to receive the names of any such persons and to assist them in arranging their plans for work at the University.

As an alumni you can possibly assist a fellow alumni to a position by sending to the Secretary information regarding vacancies, either in positions of teaching or in the various departments of business. The Secretary will assist the Board of Appointments at the University in placing the proper man or woman in such position.

A new Directory of the alumni will be issued sometime in July. It is to be hoped that full and accurate information will be sent in the enclosed blank.

ALUMNI DAY—SATURDAY, JUNE 14.

Plans for the Alumni Day have been left entirely in the hands of the Class of '97, which will celebrate its fifth anniversary this June. The program which has not yet been completed will be sent to you in due time.

where I saw the pictures. From Amsterdam I came right through to Berlin. The student life here - what there is of it - is so very different from ours, that I scarcely feel comfortable in it. I have plunged into it as swiftly as possible, and found it everywhere flavored with beer. Since I do not happen to be fond of beer, I fear I am not in condition to feel the charm of German student gatherings.

I went to the big Kammers where the Rector made a speech, and students and professors chanted it all as if it could drink itself in honor of the two-thousandth birthday of the Prussian kingdom. Even the German Verein held its meetings in a beer hall. It
